

Details

- Premium undercoating provides our best available protection for vehicle undercarriages
- Medium-coarse fluid is formulated for wide, consistent spray coverage for efficiency
- High-build capabilities are suitable for a range of heavy-textured sound deadening applications
- Excellent resistance to chipping
- Dries in as little as 30 minutes; fully paintable in as little as 2 hours

3M™ No Cleanup High Coverage Body Schutz Coating delivers the corrosion resistance, abrasion resistance and sound deadening capabilities of a premium rubberized undercoating without the costly cleanup. This tough undercoat is formulated for excellent high-coverage spray patterns when used with 3M™ No Cleanup application equipment. Undercoat is high build and dries in as little as 30 minutes.

Broad, Consistent Undercoat Coverage, Without the Cleanup

Formulated for broad spray patterns and excellent coverage, our 3M™ No Cleanup High Coverage Body Schutz Coating delivers the ease of application and tough protection of a premium vehicle undercoat, without the cleanup. This SBR-based vehicle undercoating features a combination of toughness — it provides our best available corrosion protection for vehicle undercarriages — and smooth application for consistent coverage and excellent hiding power. It also has excellent high-build capability, suitable for sound deadening for reduced road noise. It has been tested for gravel chip resistance as well as adhesion to steel and primer.

3M™ No Cleanup High Coverage Body Schutz Coating virtually eliminates cleanup to your shop and to your equipment. It applies easily with the 3M™ No Cleanup Applicator Gun 08801 and the 3M™ No Clean Up Applicator Nozzle 08966. It is fully paintable in as little as two hours without forced air drying.

Recommended Applications

- Automotive undercarriages
- Floor pans
- Wheel housings
- Quarter panels
- Interior fenders
- Door skins
- Trunks
- Aprons
- Frame rails

The Science of Collision Repair Coatings from 3M

3M has long been developing ways to apply science to the lives of professionals in a range of industries including collision repair. Our 3M™ No Cleanup High Coverage Body Schutz Coating is a great example — decades of knowledge designed into a product that delivers better results in time and quality even for the most specific jobs, and helps you get the most value and customer satisfaction from your entire operation.
