**BUMP STOP KIT, PERFORMANCE, AND ACCESSORIES**

FOX Shox with ADD's Bump Stop Kit!

### ALCON BRAKE KIT

The engineering team at ADD and leader in brake technology Alcon got together to design a new kit for the Ford F-150 and Ford Raptor trucks. The only kit designed to work with a 17" wheel and without using non-standard wheel offsets. The new Alcon upgrade kit provides a stiffer caliper and mounting structure, and with about a 30% larger pad surface area, you will experience a dramatic improvement in stopping distance and in extended use.

### FABRICATED SPINDLES

- Integrated progressive turn stop maintains factory turning radius
- Direct replacement for OEM spindle
- Designed for optimal strength and durability
- Rigorously evaluated and cycled in Solidworks
- Upper and lower mounts machined 4130 Chromoly
- Baja Tested and Approved

U01670NA03

# HB HONEYBADGER®

The HoneyBadger® Front and Rear Bumpers are among our toughest bumpers. With an aggressive style, they highlight your truck's look, while providing superior protection to your front and rear components.

Available for many models, choose an optional winch and lights to make your bumper unique.

# STEALTH FIGHTER™

The Dodge RAM 1500/2500/3500 has never looked better with the Stealth Fighter™ Front and Rear Bumpers. A radius steel plate design gives your RAM truck added front end protection without all the extra bulk. Matching the RAM factory body lines, the Stealth Fighter™ Bumpers are tight fitting steel plate bumpers that compliment the RAM's look.

TITAN  
2016 - UP  
2004 - 2014

The Venom™ Front and Rear Bumpers are built to fit tight to the front and rear of your truck, while maintaining protection and improving approach and departure angles. Add lights to customize the bumpers.

**16 - UP NISSAN TITAN  
VENOM™ REAR BUMPER\***  
With Backup Sensors Option
