

Part No. ALL10174

Transmission Stand

Avoid damage and fluid leaks during storage and transport of many popular transmissions. Multi-positional stand also keeps the transmission level and clean during servicing. An adjustable rear stabilizer bracket can be moved fore and aft as well as vertically to accommodate a variety of transmissions including Bert, Brinn, Muncie, Saginaw, Richmond and many others. Overall dimensions 11" x 14" x 6".

Fits Many Popular Transmissions Such As:

| | |
|--------------------|---------------------------|
| Bert | Jericho 2, 3, And 4-Speed |
| Brinn | Muncie 4-Speed |
| CR1, CR1V2, CR1V3 | Rankin |
| Falcoln Late Model | Richmond |
| Ford Top Loader | Saginaw 3 And 4-Speed |
| High Tower | Tex Racing |
