

CDIBMAG

Arkon Magnetic Phone Car CD Slot Mount Holder for iPhone X 8 7 6S Plus 8 7 6S Galaxy S8 Note 8 Retail Black

DESCRIPTION:

The CDIBMAG magnetic CD slot car mount for smartphones and other devices fits in the CD slot of your car. This mount includes Arkon's low-profile universal rare earth magnetic phone mount with accompanying metal device plates, and car CD slot mount. This mount is universal and can be used with iPhone X, iPhone 8 and 8 Plus, iPhone 7 and 7 Plus, iPhone 6S Plus and 6S, iPhone 6 and 6 Plus, Samsung Galaxy Note 8 and Note 5, Galaxy S8, S7, and S6, LG G6, G5, and G4, Nexus 6, HTC One M9, One M8, and One Max, Droid MAXX, Nokia Lumia 1520 and 1020, Motorola Moto X, Moto G, and other smartphones (including cases). Simply adhere one of the metal plates to the outside of your device or case. The mount's built-in magnetic cell phone holder head powerfully attaches to the metal plate, keeping your smartphone or other device secure without using a traditional holder. The one-piece, sturdy mount inserts into any car CD slot and uses a lever to secure it. The mount is also easily removable when you want to use your car CD player. This mount is a great alternative for those who want to have their phone at eye level but don't want it on the dash or windshield. The swivel ball head of the CD slot mount provides 360° rotation, giving you the ultimate flexibility in positioning the smartphone or other device at any angle.

FEATURES:

- Strong magnetic car mount secures phones and other devices without a holder
- New sturdy mount design secures onto car CD slots with lever
- Keeps phone at eye level without being on dash or windshield
- Can be removed easily
- 2 year limited warranty
