

HMHD6RVXL

Heavy Duty Headrest Mount with 8 inch Multi Angle Arm for Phones, 8 inch Tablets, and Nintendo Switch

DESCRIPTION:

Bring the fun and games on the road! Arkon's HMHD6RVXL car headrest mount is perfect for road trips and is ideal for multiple passengers who want to view a smartphone, midsize (8 inch screen size) tablet, Nintendo Switch, or other gaming system in the center of the back seat. The 8-inch multi-angle mount attaches to straight bar headrest posts on either the front or back seats. Three adjustment knobs at 2.5 inch intervals on the mount arm and two additional 180° adjustment points at the top and bottom of the mount help position your device for perfect viewing. The mount includes Arkon's new extra-large spring-loaded RoadVise holder, which expands from 2.5 to 5 inches wide. Arkon recommends using the RoadVise holder with smartphones with skins and ruggedized cases. The RoadVise is designed to be used with two hands to install and remove your device. This is to make sure your device cannot be accidentally removed while adjusting viewing angle. The low-profile design keeps charging ports and rear smartphone cameras free.

FEATURES:

- Headrest mount is ideal for viewing a phone, midsize tablet, Nintendo Switch, or other gaming system in the center of the back seat
- For use with straight bar headrests only
- Arm and swivel ball provide flexibility in positioning
- 2 year limited warranty
