

RM080VESA

Arkon 80mm Windshield Suction VESA 75 / VESA 100 Mount

DESCRIPTION:

The RM080VESA windshield suction mount is part of Arkon's Robust Mount Series and is compatible with devices having a VESA 75 or VESA 100 mounting pattern (not included), such as televisions or monitors. This tough, low-vibration mount measures approximately 4.5 inches high from the suction base to the top of the pedestal (holder not included), and is made of a combination of plastic and glass fiber. It features an 80mm TPU suction base that works well in all climates. The arm of the mount swivels on both the top and the bottom, providing 360-degree rotation and the ultimate flexibility in positioning the device at any angle. This mount is not recommended for dashboard use.

FEATURES:

- Suction mount is compatible with devices having the VESA 75 or VESA 100 mounting pattern
- Low vibration windshield suction mounting pedestal
- 80mm suction pedestal attaches with a one touch lever and maintains a super strong bond
- 2 year limited warranty
