Arkon Windshield Mount for iPhone X 8 7 6S Plus iPhone 8 7 6S iPad mini Galaxy S8 S7 Note 8 5
Retail Black

DESCRIPTION:

The RM60802T windshield suction mount is part of Arkon's Robust Mount Series. It holds all smartphones up to 7.5" tall, including the iPhone X, iPhone8 and 8 Plus, iPhone 7 and 7 Plus, iPhone 6S and 6S Plus, iPhone 6 and 6 Plus, Samsung Galaxy Note 8, Note 5, and Note 4, Galaxy S8, S7 edge, S7, S6 edge+, and S6, LG G6, G5, and G4, Nexus 6 and Nexus 5, HTC One M9, One M8 and One Max, Droid MAXX, Nokia Lumia 1520 and 1020, Motorola Moto G and Moto X. It also holds midsize (7" or 8" screen size) tablets, including iPad mini, Galaxy Note 8.0, Galaxy Tab 3 7.0 and 8.0, Galaxy Tab Pro 8.4, and Google Nexus 7. This mount includes a Heavy-Duty 80mm Suction Mounting Pedestal and Slim-Grip Ultra Universal Smartphone and Midsize Tablet Holder. The spring-loaded Slim-Grip Ultra holder expands to accommodate all smartphones and midsize tablets (even those with skins and ruggedized cases) up to 7.5" tall (with all 4 long legs attached). The top and bottom adjustable legs of the holder help keep side buttons and ports unobstructed. Eight support legs (4 short and 4 longer versions) are included that slide onto the top and bottom of the spring-loaded holder to ensure the optimum fit of your smartphone or tablet. For most devices, the best mount holder configuration is to attach 2 short support legs on top and the 2 long support legs on the bottom of the holder. For larger devices, use the 4 long support legs on the holder. For smaller devices, use the 4 short support legs on the holder. The tough, low vibration pedestal measures approximately 6.5 inches high from the bottom of the mount base to the top of the mount pedestal (not including holder), and is made of a combination of plastic and nylon. It features an 80mm TPU suction base that works well in all climates. The arm of the pedestal swivels on both the top and the bottom, providing 360-degree rotation and the ultimate flexibility in positioning the smartphone or tablet at any angle.
