

RM6AMPS2T

Arkon Heavy Duty Drill Base Mount for Note 8 5 Galaxy Tab 7.0 8.0 iPhone X 8 7 6S Plus iPad mini Retail Black

DESCRIPTION:

The RM6AMPS2T drill base mount is part of Arkon's Robust Mount Series and mounts to walls or other solid flat surfaces with screws. It holds all smartphones (even with cases) up to 7.5" tall, including iPhone X, iPhone 8 and 8 Plus, iPhone 7 and 7 Plus, iPhone 6S and 6S Plus, iPhone 6 and 6 Plus, Samsung Galaxy Note 8, Note 5 and Note 4, Galaxy S8, S7, S6 edge+, and S6, LG G6, G5, and G4, Nexus 6 and Nexus 5, HTC One M9, One M8, and One Max, Nokia Lumia 1520 and 1020, Motorola Moto G and Moto X. It also holds midsize (7" or 8" screen size) tablets, including iPad mini, Galaxy Note 8.0, Galaxy Tab 3 7.0 and 8.0, Galaxy Tab Pro 8.4, and Google Nexus 7. This mount includes a heavy-duty 4-Hole AMPS mounting pedestal and Slim-Grip Ultra universal smartphone and midsize tablet holder. The spring-loaded holder includes eight support legs (4 short and 4 longer versions) that slide onto the top and bottom of the holder to ensure the right fit for your phone or tablet and keep side buttons and ports unobstructed. The mount uses the 4-Hole AMPS mounting pattern, which consists of four holes located in a rectangular pattern spaced at 30.17mm x 38.05mm (measured as the center-to-center distance between holes). The tough, low-vibration pedestal measures approximately 4.5 inches high from the bottom of the AMPS base to the top of the pedestal (not including the holder) and is made of plastic and nylon. The pedestal swivels on both the top and the bottom, providing 360-degree rotation and flexibility in positioning the device at any angle. The mount can also be screwed directly into the floor of your vehicle. (Warning: Drilling into the vehicle's floor may damage the vehicle. Use caution and consult a mobile install professional to avoid drilling into any sensitive vehicle components.)

FEATURES:

- iPhone X 8 7 6S Plus iPhone 8 7 6S Galaxy Note 8 5 S8 S7 compatible
- Spring loaded holder and support legs ensure a perfect fit
- Low vibration 4 Hole AMPS mount attaches with screws to walls and other solid flat surfaces
