

RVAMPS

Arkon RoadVise Wall Phone Mount for iPhone X 8 7 6S Plus iPhone 8 7 6S Galaxy S8 S7 S6 Note 8 5 Retail Black

DESCRIPTION:

Arkon's RVAMPS RoadVise premium universal 4-Hole AMPS car or wall phone mount fits smartphones with cases weighing up to 2 pounds and measuring up to 4 inches wide, including iPhone X, iPhone 8 and 8 Plus, iPhone 7 and 7 Plus, iPhone 6S and 6S Plus, iPhone 6 and 6 Plus, Samsung Galaxy S8, S7, and S6, Galaxy Note 8, Note 5, and Note 4, Google Nexus 6 and Nexus 5, LG G6, G5, and G4, HTC One M9, One M8 and One Max, Nokia Lumia 1020 and 1520, and Motorola Moto G and Moto X. The phone holder's solid construction provides strength and reliability on the road by featuring a spring-loaded mechanism that expands to securely grip smartphones. Arkon recommends using the RoadVise Holder with smartphones with skins and ruggedized cases. The RoadVise is designed to use two hands to install and remove your device. This is to make sure your device cannot be accidentally removed while adjusting viewing angle. The low-profile phone holder keeps rear smartphone cameras free for spontaneous pictures or videos. Just snap the holder onto the 17mm ball of the pedestal and use the included tightening ring to secure. The AMPS pattern consists of four holes in a rectangular pattern spaced at 30.17mm x 38.05mm (measured as the center-to-center distance between holes). This tough, low-vibration pedestal measures approximately 4.5 inches high from the bottom of the base to the top of the pedestal (not including holder), and is made of a combination of plastic and nylon. The arm of the pedestal swivels on both the top and the bottom, providing 360-degree rotation and the ultimate flexibility in positioning the smartphone at any angle. The mount can also be screwed directly into the floor of your vehicle. (Warning: Drilling into the vehicle's floor may damage the vehicle. Use caution and consult a mobile install professional to avoid drilling into any sensitive vehicle components.) Garmin GPS devices can also be mounted by simply removing the holder and revealing the 17mm ball mount base.

FEATURES:

- AMPS phone mount screws into walls and solid flat surfaces
- Solid construction provides strength and reliability
- Cell phone holder fits phones up to 4 inches wide
- Low profile design keeps rear smartphone cameras unobstructed
- 2 year limited warranty
