

## RVXLWR

### Arkon RoadVise XL Holder for Phones, Midsize Tablets, and Nintendo Switch Retail Black

#### DESCRIPTION:

Arkon's RVXLWR RoadVise XL holder fits on all Arkon 17mm ball mounting pedestals (not included, sold separately) to create a mount solution for a phone, midsize tablet, or Nintendo Switch that's perfect for your needs. The holder's solid construction provides strength and reliability by securely gripping devices with cases weighing up to 2 pounds and measuring up to 5" wide, including phones such as Apple iPhone 7 and 7 Plus, iPhone 6S Plus and 6 Plus, iPhone 6S, 6, 5S, and SE, Samsung Galaxy S7, S6, and S5, Galaxy Note 5 and Note 4, Google Nexus 6 and Nexus 5, HTC One M9, M8 and One Max, Nokia Lumia 1020 and 1520, LG G5, G4, and G3, Motorola Moto G and Moto X. It also holds 7-8 inch screen size tablets measuring up to 5 inches wide, including the Galaxy Tab 4 7.0 and 8.0, Galaxy Tab 3 7.0 and 8.0, Galaxy Tab E 8.0, Galaxy Tab S 8.4, and Nexus 7. Gaming systems, including Nintendo Switch and Sony PSP can also be mounted with this holder. The versatile RoadVise XL Holder is the perfect upgrade for your current phone holder. It features a spring-loaded mechanism that expands to hold devices up to 5" wide. Arkon recommends using the RoadVise XL Holder with devices with skins and ruggedized cases. The RoadVise XL is designed to use two hands to install and remove your device. This is to make sure your device cannot be accidentally removed while adjusting viewing angle. The low-profile phone holder keeps charging ports and rear smartphone cameras unobstructed. The holder is easy to install. Just snap it onto the 17mm ball of the pedestal and use the included tightening ring to secure. For complete car headrest mount solutions featuring the RoadVise XL phone holder, choose from Arkon's popular multi-angle 8" headrest mount (Model HMHD6RVXL), or 10" headrest mount (Model HMHD5RVXL).
