

SM420

Arkon Windshield Suction Car Mount for iPhone 7 6 Plus 7 6 5S Galaxy Note 5 4 S7 S6 Retail Black

DESCRIPTION:

Arkon's SM420 windshield car mount holds large smartphones up to 3.25" wide, including the iPhone 7 and 7 Plus, iPhone 6S and 6 Plus, iPhone 6S, 6, 5, and 5S, Samsung Galaxy Note 5, Note 4, and Note 3, Galaxy S7, S6, and S5, LG G5, G4, and G3, Nexus 5, HTC One M9, One M8, and One Max, Nokia Lumia 1020 and 1520, Motorola Moto G, and Moto X. This mount package includes Arkon's Mega Grip push-button universal smartphone holder, a windshield suction pedestal with 8.5" flexible gooseneck, and an adhesive disk for optional dashboard mounting. The universal design of the holder accommodates any smartphone having up to 3.25" width with no height restrictions, making it compatible even when used with a large protective case or skin. Moreover, it doesn't block the phone's camera when secured in the holder. The holder's unique side-grip technology provides a strong grip that's easy to use. Just set your phone in the mount and close the arms to lock in place. A one touch push of the holder's side button releases the phone. The PVC suction mount can be attached to the windshield, dashboard, or other flat or slightly textured surface with an easy-to-use one-touch lever. The mount's swivel ball adapter head rotates 360° and works in conjunction with the 8.5" gooseneck to provide the ultimate flexibility in positioning the phone at any angle.

FEATURES:

- Spring loaded holder fits phones up to 3.25 inches wide
- iPhone 7 6 Plus 7 6 5S SE and Samsung Galaxy S7 S6 compatible
- Swivel ball adapter head and 8.5 inch gooseneck provides additional flexibility in positioning the phone
