

XLRMAMPS

Arkon RoadVise XL Wall Phone Drill Base Mount for iPhone 7 6S 6 Plus Galaxy Note 5 Galaxy Tab Retail Black

DESCRIPTION:

Arkon's XLRMAMPS premium 4-Hole AMPS car or wall phone mount features Arkon's RoadVise XL large phone and midsize tablet holder, which holds devices (even those with skins and ruggedized cases) up to 5" wide. The mount fits Apple iPhone 7 Plus, iPhone 6S Plus, iPhone 6 Plus, Samsung Galaxy Note 5 and Note 4, Galaxy S7, S6, and S5, LG G6 and G6+, G5, and G4, Google Nexus 6 and Nexus 5, HTC One M9, One M8 and One Max, Nokia Lumia 1520 and 1020, and Motorola Moto G. This mount is not recommended for phones without a case measuring 2.64 inches wide or less, including iPhone 7 or iPhone 6. The mount also fits midsize (7-8" screen size) tablets measuring up to 5" wide, including Galaxy Tab E 8.0, Galaxy Tab S 8.4, Galaxy Tab 3 7.0 and 8.0, and Google Nexus 7. The phone holder's solid construction provides strength and reliability by featuring a spring-loaded mechanism that expands to securely grip large phones and midsize tablets. Arkon recommends using the RoadVise XL Holder with smartphones with skins and ruggedized cases. The low-profile phone holder keeps rear smartphone cameras free for spontaneous pictures or videos. The 4-Hole AMPS pattern consists of four holes located in a rectangular pattern spaced at 30.17mm x 38.05mm (measured as the center-to-center distance between holes). This tough, low-vibration pedestal measures approximately 4.5 inches high from the bottom of the base to the top of the pedestal (not including holder), and is made of a combination of plastic and nylon. The pedestal's double ball adjustment provides 360-degree rotation and the ultimate flexibility in positioning the device at any angle. The mount can also be screwed directly into your vehicle's console. (Warning: Drilling into the vehicle may cause damage. Use caution and consult a mobile install professional to avoid drilling into any sensitive vehicle components.) Garmin GPS devices can also be mounted by simply removing the holder and revealing the 17mm ball mount base.

FEATURES:

- AMPS drill base mount screws into walls, car consoles, and other solid flat surfaces
- Solid construction provides strength and reliability
- Fits devices up to 5 inches wide
- Mount's double ball adjustment helps position device
- 2 year limited warranty
