ATD-5595

Inductive Timing Light

This hard-working timing light is accurate up to 8,000 rpm. An extremely bright flash will help you time the engine. The break and shock resistant plastic housing reduces damage from accidental drops.

Features:

- Inductive pick-up clamps over the spark plug wire - no adapters required
- Precision focused flash tube for concentrated brilliant light
- Removable/replaceable 4' leads
- Designed for all 12V systems - reverse polarity protected
- Field replaceable flash tube
- Trigger switch prolongs tube and circuit life
