# SPLAT!

Protect your truck's grill and chrome from bugs and debris with rugged bug screens tailor-made to fit your make and model.

## Belmor Bug Screens – Like automatic flyswatters for your truck

Belmor's rugged, heavy-duty Bug Screens attach easily to the front of the grill, protecting radiators from bugs and debris while keeping bug splatter off chrome trim. Made of fiberglass or heavy duty aluminum mesh bound with reinforced vinyl, they come in different styles including the American flag and **can even be customized with your fleet or company logo**. All mount easily with snaps (included) or turnbuttons (hardware kits sold separately). When winter comes, switch out your Bug Screen easily with a Belmor Winterfront using the same hardware.

*Winterfronts...Keep buses running  
and disappoint school kids all winter*

## **BELMOR WINTERFRONTS**

Belmor's heavy-duty reinforced vinyl Winterfronts are a cold weather necessity. Designed to OEM specs, they protect radiators and grills from snow and ice, helping school buses maintain optimum engine operating temperatures, while promoting driver comfort, even in sub-zero conditions. They install easily to bus fronts with snaps or turnbuttons (turnbutton hardware additional).

Don't get left in the cold. Contact your local dealer and order a Belmor Winterfront today. Also available at Bluebird and Thomas Built dealers.

# BELMOR

BECAUSE YOU DRIVE **HEAVY DUTY.**

let in the  
**fresh air**

***Get fresh air into the cab - even during bad weather - with Belmor™  
Ventvisors™ and Ventshades™***

Stale air in the cab can make drivers drowsy and fog windows. Belmor offers ventvisors and ventshades specially designed for heavy-duty trucks to address these issues.

### ***Ventvisors™***

Made of smoke tinted acrylic, Belmor's aerodynamic ventvisors not only cover the top of an open window but also fully extend down the vent pillar so you can let fresh air in but keep rain, snow and bugs out, thus reducing idling and increasing driver comfort.

### ***Ventshades™***

Installed above side windows, ventshades allow fresh air into the cab while keeping rain out. They allow windows to stay open even during bad weather, helping drivers stay alert and preventing windows from fogging. With their stainless steel design, they're not only attractive but also functional.
