

CE

36 kg

- Wheeled frame for easier movements and minimized effort
- Outstanding performance for numerous starts, including particularly demanding ones
- Electronic battery charger included
- LED and sound alarms in case of polarity reversal
- Protection against voltage peaks
- Battery charge indicator
- Solid electrolyte lead-acid battery (AGM)

Continuous amperage	1700 A
Operating voltage	24 V
Pickup amperage	4000 A
Cable length	2000 mm
Cable section	70 mm
Charging voltage	230 V
Automatic battery charger	24 V - 10 A
