

Bosch Excel+ is visibly above the rest.

Bosch Excel+ is built on an aerodynamic all-steel frame that allows air to flow through. This design holds the blade to the windshield at high speeds for consistently clear wiping performance.

Bosch Wiper Blades are easy to install.

The exclusive Bosch one-step installation system makes Bosch Wiper Blades incredibly easy to install.

Over 80 Years of Experience

The Bosch name has been associated with quality wiper systems design and manufacturing since 1927. From this extensive experience, Bosch has grown to become one of the largest manufacturers of wiper blades in the world today. Continual innovation and a dedication to the highest quality have made Bosch a leading brand in the marketplace.
