

### How to Use:

Clean surface before applying product.

1. Apply Busch Chrome and Stainless Polish to terry cloth rag, and wipe onto surface until rust or stains are removed.
2. Wipe off with clean terry cloth rag.
3. For chrome surfaces, save effort by using Busch Chrome Wash first to remove rust.

### Benefits:

Removes stains and rust from chrome plated and stainless steel.

- Provides protective film against rust and elements.
- Can be used with buffing pad.

When it comes to quality auto detailing & care, Busch is the brand you can depend on.
