

About This Brush

Wheels are notoriously difficult to clean due to their intricate designs, cramped spaces, and heavy contamination. Many amateur detailers end up using old rags or abrasive brushes to clean their wheels, and produce subpar results. The Chemical Guys Gerbil Wheel & Rim Brush is the perfect tool for cleaning the face and spokes of OEM and custom wheels. The fluffy brush is tough on dirt, grime, and brake dust, yet gentle on painted, chrome, powder coated, and polished wheels. This wheel brush features a short and fat profile, which is perfect for scrubbing spokes and rims in one pass. Easily push the plush brush into tight spaces, through spokes, and along the face and lip of wheels and rims. Use the Gerbil Wheel & Rim Brush to clean wheels, exhaust tips, engine bays, door jamba, and more. The soft natural sheepskin gently scrubs, lifts, and traps dirt and grime from wheels for a scratch-free shine. Easily clean away brake dust, dirt, oil, road grime, and more with the Gerbil Wheel & Rim Brush. For best results, pair your Gerbil Wheel & Rim Brush with a Chemical Guys wheel cleaner and bucket of water with Chemical Guys car wash soap to clean wheels to a like-new condition. Choose the Chemical Guys Gerbil Wheel & Rim Brush for premium wheel cleaning and detailing.

Premium Scratch-Free Brush

The Gerbil Wheel & Rim Brush is perfect for cleaning sensitive wheels, exhaust tips, and engine bays. The soft sheepskin gives a scratch-free touch on sensitive wheels and rims, and easily removes tough dirt, debris, and brake dust. The short stubby handle is easy to grasp for quick cleaning in, around, and through spokes and rims. The short and fat brush fills up the space between spokes to clean in one quick pass. Easily scrub away brake dust, dirt, road grime, oil, grease, and more. Clean chrome, polished, painted, powdercoated, and wrapped OEM and custom wheels with a scratch-free shine. The abrasion-resistant natural sheepskin is sourced from responsible and sustainable farms. Use the Gerbil Wheel & Rim Brush to clean wheels, spokes, exhaust tips, around engine bays, door jamba, and more.

Deep Wheel Scrubbing Action

The Gerbil Wheel & Rim Brush is the perfect brush for deep cleaning wheels and other compact areas. All wheel parts require specialty cleaning tools that are different than those for paintwork and glass. Use the Chemical Guys Gerbil Wheel & Rim Brush to gently scrub dirt and grime without harming sensitive wheel finishes. The short and stubby brush fills up the space between spokes on alloy wheels and custom rims for a quick wheel cleaning detail. Clean mud, dirt, and brake dust from painted, polished, and powdercoated wheels for a show car look. Easily agitate and remove brake dust, dirt, grease, and grime from OEM and custom aftermarket wheels and rims. Stick the Gerbil Wheel & Rim Brush deep inside exhaust tips to remove heavy carbon buildup. Slip the Gerbil Brush between intake manifold pipes and exhaust runners for thorough engine bay detailing. Choose the Gerbil Wheel & Rim Brush for a gentle cleaning touch deep inside hard to reach places.

Rugged Build Quality

Chemical Guys brushes and accessories are made from the highest quality materials and with the most advanced manufacturing techniques. The Gerbil Wheel & Rim Brush is made with genuine sheepskin over a durable plastic handle for sensitive cleaning on all wheel types. The premium sheepskin is sourced from eco-friendly and sustainable sheep farms around the world. The brush handle and sheepskin are chemical resistant, and stand up to years of use with all types of cleaners and degreasers. The Gerbil Wheel & Rim Brush lasts for years of detailing alloy wheels and rims, exhaust tips, engine bays, and more.

Instructions

To clean wheels, first rinse away loose contamination and spray the face and barrel down with a Chemical Guys wheel cleaner. The soft and durable sheepskin easily scrubs filth from wheel faces, between spokes, around cracks, and through crevices. Once contamination is suspended in the cleaner, simply rinse it away with water. The Gerbil Wheel & Rim Brush removes caked-on dirt and grime to restore a like-new appearance. Use the new Chemical Guys Gerbil Wheel & Rim Brush for heavy duty cleaning on even the filthiest wheels, exhaust tips, and engine bays.

Use The Gerbil Wheel & Rim Brush with premium Chemical Guys wheel detailing products, such as Diablo Wheel Gel, Signature Series Wheel Cleaner, and any Chemical Guys car wash soap. Use separate wheel-cleaning buckets, tools, chemicals, and towels to protect paintwork from swirls and scratches caused by abrasive brake dust.
