

How It Works

Chemical Guys Bug & Tar Remover is a heavy-duty cleaner that safely washes bugs and tar from any vehicle. Bug guts are some of the worst things for automotive paint. Flying insects contain corrosive chemicals that permanently damage paint if left unchecked. The concentrated Bug & Tar Wash formula breaks down the most stubborn dried bugs and tar residue to save the surface from permanent damage. The special formula is safe on bumpers, windshields, headlights, plastics, chrome, grilles, painted surfaces, and more. Simply add 1-3 oz. of Bug & Tar Remover to the normal soap in the car wash bucket to remove dried bugs and grime. For spot treatment, dilute Bug & Tar Remover 6:1 in a spray bottle, spray on the surface, then gently wipe away nasty bugs with a premium microfiber towel. Bug & Tar Remover is safe for clear coat and single stage paint finishes, and removes heavy bugs without damaging paintwork. The versatile formula breaks down grease, tar, dried bugs, road film, insects, and asphalt. Bug & Tar Remover reduces the amount of scrubbing needed to remove bugs and grime, which further reduces the chances of installing swirl marks and scratches while washing. Wash away bugs, tar and grime with Chemical Guys Bug & Tar Remover.

Remove Bug Guts Before They Cause Permanent Damage

Safely remove nasty bugs and road tar with Chemical Guys Bug & Tar Remover. The heavy duty formula is safe on all exterior surfaces for maximum cleaning power. Bug & Tar Remover contains no harsh solvents or cleaners. The water-based formula is safe for all painted surfaces. Simply add Bug & Tar Remover to any wash bucket, foam cannon, or foam gun to quickly remove stubborn bugs and tar. Bug & Tar Remover can be diluted in a spray bottle to spot-treat small areas. Heavy bugs and road tar can permanently etch or stain paintwork if not removed quickly. Bug & Tar Remover gently and safely dissolves bug guts to keep any vehicle looking amazing. The versatile formula works on cars, trucks, motorcycles, and RVs. Use Bug & Tar Remover on glass, plastic, rubber, chrome, stainless steel, aluminum, fiberglass, and painted surfaces. Bug & Tar Remover is fast acting to reduce the amount of scrubbing needed to remove nasty bugs and road tar, and reduces the chances of installing swirls or scratches while cleaning off bugs and grime.

Remove Stuck-On Debris Quickly And Easily

Dead bug guts, road tar, and tree sap can ruin the pristine appearance of any automobile. Chemical Guys Bug & Tar Remover is designed to safely remove sticky debris like bugs and tar while maintaining the pristine condition of your automobile. The concentrated formula easily removes the most stubborn bug guts, tar, tree sap, and road grime. Add Bug & Tar Remover to the standard wash bucket to create a bug gut removing car wash. Dilute Bug & Tar Remover 6:1 in a spray bottle to spot clean bugs from smaller areas like bumpers, grilles, trim, body panels, and windshields. The water-based bug remover gently breaks down acidic bug guts and road tar to reduce the amount of brute force scrubbing needed to clean it, and cut down on swirls and scratches from aggressive cleaning. Bug & Tar Remover works great on all vehicles, and can easily remove the tough bugs while minimizing the need for hard scrubbing. Easily clean off dead bugs and road tar from any car, truck, motorcycle, and RV with Chemical Guys Bug & Tar Remover.

Help Prevent Swirls And Scratches

When you are done washing your car and ready to dry it, use After Wash to not only speed the drying process, but also moisturize your paint. 95% of swirls and scratches come from poor wash and drying habits. The advanced lubricating polymers in After Wash glide any premium microfiber towel over paintwork for a scratch-free shine. After Wash is available in [4 ounce](#), [16 ounce](#) and [gallon](#) sizes.
