

About This Wash Mitt

Big bad lifted trucks, RVs, buses, and trailers can only be handled by big bad mofos. Clean extra large vehicles with the Chemical Guys Big MoFo Microfiber Car Wash Mitt. This gigantic slab of plush microfiber chenille pulls off abrasive dirt, grit, and grime without scratching or swirling paint, glass, metal, or optical plastic. The big plush mitt measures 12" square, and over 4" thick. Don't be surprised if you pull out half the wash water after dunking in the bucket: the Big MoFo Mitt holds a LOT of water, soap, and suds! Use the two-bucket method whenever cleaning any vehicle to drastically reduce the chances of scratching with every wipe of the mitt. The giant microfiber noodles lift and trap dirt away from sensitive surfaces to protect them from scratches, and the luscious purple color highlights any dirt or debris to cue when to dunk the mitt in the rinse bucket. Clean off the entire exterior of any large truck, RV, boat, watercraft, bus, or trailer with one wash mitt. Use the immense absorbent carrying capacity of the Big MoFo Mitt to lift and lubricate dirt with gallons of soapy suds from the most sensitive show car finishes. Knock out dirt, debris, swirls, and scratches with the Big MoFo Car Wash Mitt from Chemical Guys!

Big Mofos Chenille Microfiber Car Wash Mitt

The Chemical Guys Chenille Wash Mitt is extra plush and fluffy, and holds tons of suds to make any car wash a fun and safe experience. Microfiber is the best car washing material because it is extra soft, extra absorbent, and helps protect against swirls and scratches. The plush microfiber noodles of the Chenille Microfiber Wash Pad absorb clean wash water and fresh car wash soap, and put it down on filthy paint where they're needed most. Use the two-bucket method whenever cleaning any vehicle to drastically reduce the chances of scratching with every wipe of the mitt. The giant microfiber noodles lift and trap dirt away from sensitive surfaces to protect them from scratches, and the bright green microfiber highlights dirt and debris, so any detailer knows when to rinse it clean for a scratch-free shine. The Chenille Microfiber Car Wash Mitt is made only with high quality materials. Premium 70/30 blended microfiber stays softer for longer than cheap auto parts store pads, and gently cuff design makes the wash mitt easy to hold and wipe over any vehicle. Throw the Chenille Microfiber Wash Mitt in the washing machine with the microfiber towels to maintain a clean, soft, and fluffy feel for years of scratch-less car washing and detailing. Clean any daily driver, pristine show car, or work truck with the Chemical Guys Chenille Microfiber Premium Car Wash Mitt.

What I've Got Is Big

12 inches long is one thing, 12 inches square is ridiculous. The 12" square Big MoFo Wash Mitt covers an immense area with just one pass over any vehicle. Wash entire swaths of trucks, buses, trailers, or just regular little cars with the Big MoFo. Every dunk into the wash bucket sucks up tons of water, soap, and slick suds to lubricate dirt and debris so it won't scratch any sensitive paintwork, clear plastic, polished metals, or glass. Wash away dirt, grime, filth, brake dust, industrial contaminants, pollution, and bird or insect residue from any car, truck, RV, bus, trailer, or boat with just a few passes of the Big MoFo Car Wash Mitt.

What I've Got Is Plush

The Big MoFo is over 4" thick... at the tip. Back by the cuff, this fat wash mitt is over 6" plush. Premium microfiber is extra soft, and it lifts and traps dirt deep within the immense surface area of each individual microfiber strand. Weave microfiber into plump chenille noodles and you get a gigantic dirt-absorbing shag carpet that helps prevent swirls and scratches on any vehicle. The premium 70/30 microfiber retains its softness through dozens of car washes, and wash and dry cycles in any standard home washing machine and dryer. With a surface area this immense, the Big MoFo absorbs more than enough water and slick soapy suds to lift, separate, and trap dirt away from sensitive painted finishes on any vehicle. Pamper even the largest lifted trucks, buses, trailers, or motor coaches with the Chemical Guys Big MoFo Car Wash Mitt.

What I've Got Is Purple

Only big bad mofos get to wear regal purple. The Big MoFo Car Wash Mitt is made with the softest and finest royal purple plush microfiber for the most luxurious scratch-free wash on any vehicle. The fine color not only looks good cleaning any vehicle, it actually highlights any abrasive dirt and debris that it picks up. Checking on the mitt while cleaning ensures the user can catch any abrasive dirt and rinse it off in the second wash bucket to avoid scratching the paintwork. Big bad mofos often wear the flashiest and meanest threads to show they mean business, but the Big MoFo Car Wash Mitt's functional colors and soft fibers deliver the goods: a scratch and swirl-free washing experience on any vehicle.

Be sure to use this mitt with any of our [premium car washes](#) to make your car look like new again!

Directions For Using The Big MoFo

Use two buckets whenever washing your car: fill one bucket with 5 gallons of water and 1 - 3 oz. of your favorite Chemical Guys car wash soap, and the other bucket with plain water. Rinse your car, then wash in straight lines with the soapy wash mitt. After cleaning a panel or two, dip the mitt in the bucket of plain water to loosen the embedded dirt and grime, then wring it out on the ground to purge the dirt from the mitt. Return to the soap bucket and continue to wash the whole car. Rinse away all soap and dirt from the car, then dry with premium microfiber towels.

How To Use:
Care Instructions

- Machine wash microfiber goods with Chemical Guys Microfiber Wash and HOT water.
- Machine dry microfiber goods on LOW heat.
- Do not use fabric softener or dryer sheets: fabric softeners clog microfiber, rendering it unabsorbent and useless.
