

CRUSHPROOF® TUBING Y-KITS & DEALERSHIP KITS

Crushproof® supports today's ever changing and wide variety of tailpipe configurations better than anyone. Our full suite of adapters and Y setups allows you to service vehicles with wide pipes, dual exhaust, and everything in-between. Below you will find our standard Y and dealership kits that offer a discount off the component prices, but you can always create your own by getting a Y adapter and cutting an extra hose in half.

Y-ASSEMBLIES

Designed to convert a single exhaust hose into a dual kit for servicing many of today's most popular cars and trucks. These come at a savings versus buying everything separately. The table below shows the hose diameter (4' lengths) and what pair of adapters comes with it, along with the Y itself.

YA675 (left) & YA575 (right)

	YA250	YA300	YA400	YA575	YA3675	YA3675-SC
HOSE I.D.	2.5"	3"	4"	3"	3"	3"
Y FITTING	RY25	RY30	AY40	RY30	RY30	RY30
ADAPTERS	F250	F300	F350	F575	F675	F675-SC

DEALERSHIP & SERVICE KITS

Exhaust kit in a box with a savings over buying the parts separately. All kits include (1) six foot and (2) four foot lengths of hose, Y connector, splice connector, and (2) adapters.

	DSS25	DSS30	DSS40	DSS675-SC
HOSE I.D.	2.5"	3"	4"	3"
Y FITTING	RY25	RY30	AY40	RY30
SPLICE	SP25	SP30	SP40	SP30
ADAPTERS	F250	F300	F400	F675-SC
