Warranty Coverage – Finish Protection

The finish of all Dee Zee products is covered for one-year (1) from the date of purchase. Dee Zee products have a high-quality finish that must be cared for and maintained like any other exposed finish on the vehicle. Protect the finish with non-abrasive automotive wax (e.g. Pure Carnauba) on a regular basis. Applying soaps, polishes, or waxes that contain an abrasive compound may scratch the finish and leave the exposed material susceptible to corrosion.

Warranty Coverage – Component Parts

Operational items such as shocks, latches, hinges, and other wear items including, but not limited to, mud flaps, step pads, toolbox tray, end caps, hardware, gaskets, seals, etc. have a one-year (1) warranty.

All replacement parts are non-returnable and non-refundable. Some replacement parts are available online at www.deezee.com/replacement-parts/ or they can be ordered via credit card by calling 1-800-779-2102.

Replacement keys are fulfilled by a third-party vendor and they can be ordered at www.easykeys.com/dee-zee. Locate the key code on the lock cylinder and use the drop-down menus. If you do not see your key code, enter the key code in the search bar. Dee Zee typically uses Eberhard lock cylinders if Dee Zee is not listed by name.

GPI® Fuel Pumps and Accessories

Great Plains Industries (GPI) products, including transfer tank pumps and fuel meters, are covered by the manufacturer's warranty policies. Dee Zee's warranty terms do not apply to GPI products. To submit a warranty claim, please contact GPI directly at 1-800-835-0113 or visit www.gpi.net.

Warranty Submission Procedure

All warranty claims will be initiated at the place of purchase. The original purchaser will be required to present the original sales receipt with purchase date shown and provide photographs of the defect. All warranty replacement requests must be submitted via email to returns@deezee.com.

In the event the originally purchased product style is no longer available, Dee Zee will warranty the defective part with a current equivalent. If a comparable product is no longer available, the product would be returned to the store of purchase for a refund or the applicable cost difference can be paid to choose an alternate style.
