# ABOUT DENSO

## **An OE Heritage**

DENSO is one of the world's largest automotive component suppliers with over \$35.9 billion in annual sales. We supply every major auto manufacturer in the world, providing them with the quality and innovation they need to remain on the leading edge of automotive technology. In addition to our automotive customers, we also supply components to virtually all OE manufacturers worldwide. For decades we have helped all of our customers to become giants in their industries.

## **Unsurpassed Quality**

At DENSO we know that one of the major keys to success for our company and our customers is an unwavering commitment to quality. We strive for, and achieve, zero defects for parts manufactured in the millions in DENSO facilities that are ISO9000 and ISO14000 certified. This dedication to quality is clearly recognized by the industry as DENSO has received such prestigious awards as the Deming Award for Quality, the J.D. Power and Associates Chairman's Award and numerous supplier awards for quality from companies like Toyota, Lexus, General Motors and Chrysler.

## **Bringing It All To The Aftermarket**

In the 1980s, DENSO became the first to mass-produce the platinum spark plug and offer it in the aftermarket. A decade later we introduced the world's most advanced spark plug, Iridium Power®, which revolutionized the concept of the aftermarket performance plug. By the late 1990s, the world watched with great interest as DENSO unveiled a line of OE-standard premium replacement components under the First Time Fit® brand. Today, the First Time Fit line of products includes A/C compressors, cabin air filters, condensers, evaporators, radiators, receiver driers, expansion devices, starters, alternators, oxygen sensors, fuel pumps, oil and air filters, ignition wire sets, tire pressure monitoring system sensors, engine management sensors and wiper blades.

**DENSO is one of the world's largest automotive component suppliers with over \$35.9 billion in annual sales.**

## **Better By Design**

As you can see, we've spent decades perfecting our craft — a claim few automotive component manufacturers can make. Clearly the DENSO commitment to quality, innovation, and advanced technology is the reason our automotive and heavy-duty components truly are better by design.

# DENSO FIRST TIME FIT<sup>®</sup> AIR FILTERS

As one of the world's largest suppliers of air filters, our units are specified by many major manufacturers. Why are our units so popular among OE manufacturers? Because DENSO components are built to meet the stringent requirements of carmakers throughout the world for quality efficiency and durability. All of our air filters feature a multi-layer design, which makes all of our air filters better by design.

Heat-resistant frame, developed to DENSO's First Time Fit<sup>®</sup> specifications

High density, multi-fiber media and optimal pleat design

Precision molded sealing surfaces ensure a quality fit

# DENSO FIRST TIME FIT® CABIN AIR FILTERS

DENSO First Time Fit® cabin air filters provide healthier air in the passenger cabin while driving on streets and highways rife with pollen, dust, dirt, vehicle emissions and other contaminants. Our filters are precision engineered to trap these particles, allowing you to breathe cleaner, more refreshing air. They are designed to support the maximum performance and efficiency of your a/c system.

Design ensures optimal airflow and filtration while minimizing airflow noise providing a quiet, comfortable ride

Premium filter media stops particulates down to 0.1 microns – out-performing conventional pleated filters

Up to five individual layers for super-fine filtration to trap more airborne pollutants

# DENSO FIRST TIME FIT® OIL FILTERS THAT PERFORM & PROTECT

DENSO First Time Fit® Oil Filters make maintaining and protecting your customers' vehicles easy. They offer a first time fit guarantee that keeps engines running smoothly by capturing more debris and no crimping or disfiguring. Ask for DENSO by name and meet your customers' needs head on.

**First Time Fit**  
DENSO Oil Filters are manufactured and tested to the strictest OE-level quality for the unparalleled performance demanded by global carmakers. They provide a perfect fit the first time, plus all the performance and durability of the original equipment part.

# OIL FILTER PART NUMBER DESCRIPTION

PART NUMBER	FILTER TYPE	OUTSIDE GASKET DIAMETER (MM)	HEIGHT (MM)	THREAD SIZE
150-2000	Spin-on	63mm	75mm	3/4-16
150-2001	Spin-on	63mm	85mm	3/4-16
150-2002	Spin-on	65mm	65mm	M20 X 1.5
150-2003	Spin-on	65mm	85mm	M20 X 1.5
