

# BullDog Rear Ends 2016 PRODUCT GUIDE

## BullDog Blood High-Performance Gear Oil

BullDog Blood 75-90w Synthetic Racing Gear Oil is track tested to meet the high demands placed on today's ring and pinions. BullDog Blood is a proprietary formula that features extreme pressure additives that aid in the prevention of micro-pitting and excessive wear. BullDog Blood's non-foaming formula lowers operating temperature and is the only choice when it comes to high performance gear oil. The special additives in BullDog Blood treat the metal and dramatically increases gear life. As Spline says, "I NEED MY BLOOD!"
