

DR_x Beasley's™

Your Detailing Prescription

Application Instructions

1. Shake well. Spray Carpet & Upholstery Cleanser on carpet or upholstered area.
2. Scrub with a brush or cloth to penetrate.
3. Allow to 24 hours for product to dry.
4. If odor is still present after 24 hour period, repeat steps 1-3.

Additional Tips

Do not spray on clear plastic or instrument panels.

For your safety, protective glasses are recommended while using this product.

For maximum results, protect with Dr. Beasley's Carpet & Upholstery Protection after cleansing and neutralizing.

Before applying, test a small amount in an inconspicuous place to check compatibility with surface.
