

# DR<sub>x</sub> Beasley's™

---

*Your Detailing Prescription*

---

## Application Instructions

1. Shake well.
2. Squeeze a small amount onto a soft applicator.
3. Using applicator, massage into surface. Let sit for several minutes.
4. If product is fully absorbed in 10-15 minutes, a second coat is recommended.
5. Wipe excess conditioner down with cloth.

## Additional Tips

For maximum results, first clean surface using Dr. Beasley's Interior Cleanser, then prep with pH Neutralizer. Before applying, test a small amount in an inconspicuous place to check compatibility with surface.
