## Application Instructions

### Matte Wheel Cleanser

- 1.** Shake bottle to reduce separation.
- 2.** Rinse wheel from bottom to top before applying to prevent drip marks.
- 3.** Spray product onto wheel.
- 4.** Let sit for a few minutes, then brush and wipe clean.
- 5.** Rinse wheels again then dry with a clean cloth.
- 6.** Repeat if necessary.

### Matte Wheel Seal

- 1.** Before applying, ensure wheel is fully clean and dry.
- 2.** Using one of the included microfiber towel, apply Matte Wheel Seal.
- 3.** Allow coating to cure for several minutes.
- 4.** Use second microfiber towel to hand buff for maximum protection.
