BODY SIDE MOLDINGS

A fantastic DIY upgrade, EGR Body Side Moldings guard your ride when you're not around.

Built from tough ABS plastic, EGR Body Side Moldings are lightly textured, easy to clean and extremely durable. They're also UV-stable (so they resist fading), and can be installed as-is (in their natural black color) or painted to match your vehicle. CAD-designed, they use quality automotive 3M tape for easy installation – there's no drilling required.
