

# HUSKYLINERS®

## ALUMINUM ACCESSORIES

### TOUGH ALUMINUM PRODUCTS TO ENHANCE YOUR TRUCK...

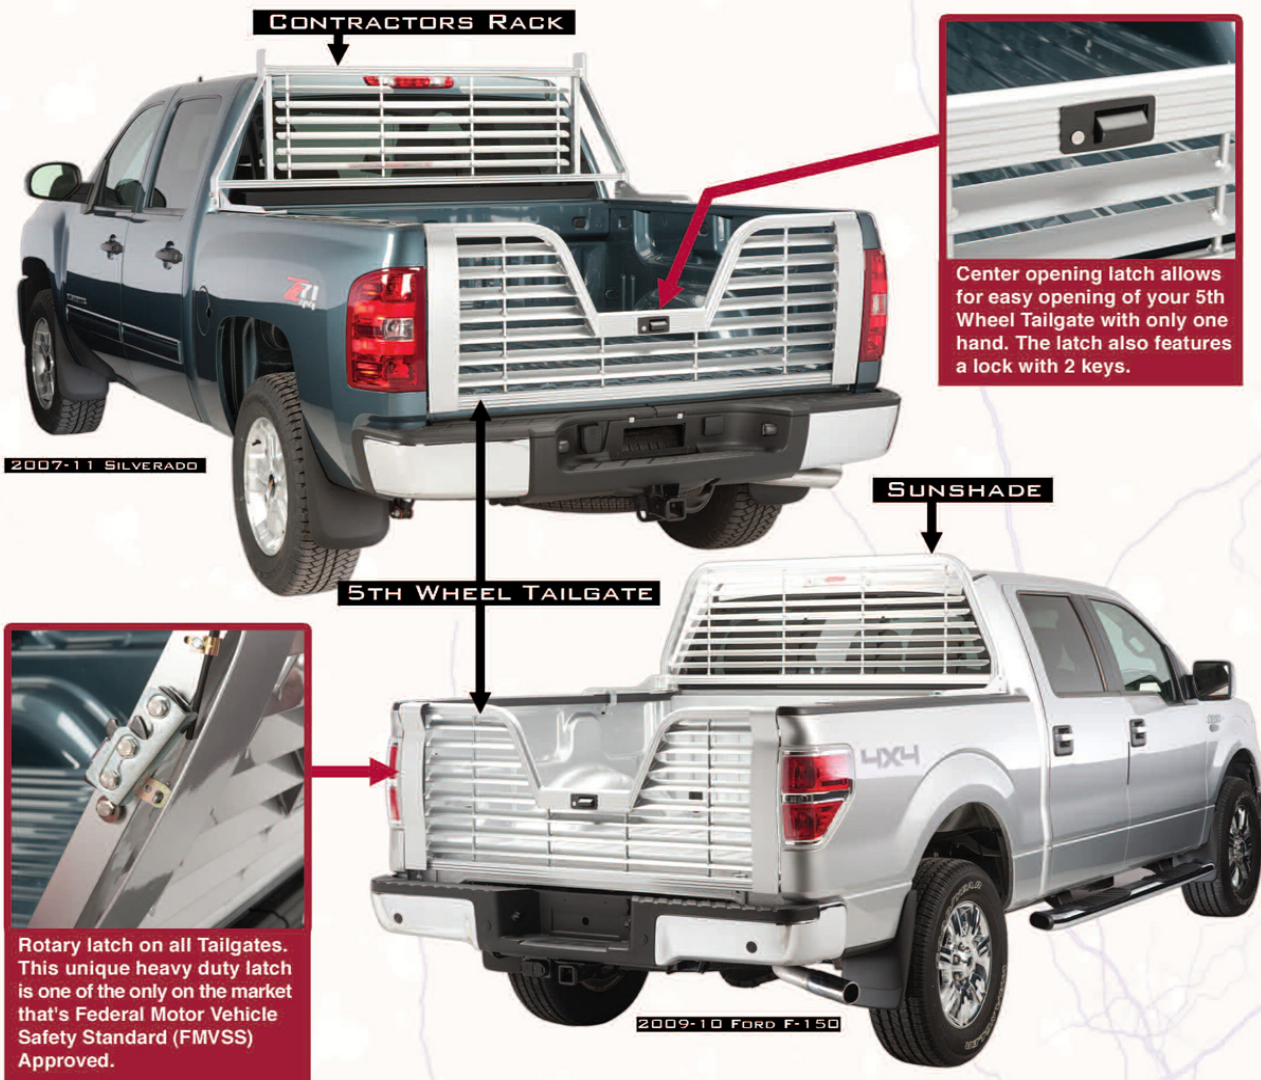

Husky Liner brand Aluminum Accessories are the perfect product to help protect and enhance your truck. Husky Liners® Aluminum Accessories includes Contractors Racks, 5th Wheel Tailgates and Sunshades.

Our 5th Wheel Tailgates are contoured to specifically match your truck. They are easy to install and use all the factory hinge and latch points. How about fuel savings? These louvered tailgates are half the weight of the factory tailgates - helping you increase gas mileage. They are also easier to open and close - the center locking latch eliminates the need for two separate "pull" type latches found on other manufacturer's tailgates.

Husky Liner Contractor Racks offer strong protection to the exposed bedside of your cab and back glass. Our Con Racks are specifically designed to fit your truck and give you the ability to transport various loads. Longer items can be angled from the bed floor and secured between the ears on the top of the Contractors Rack. Most of our Con Racks will also accommodate a standard size truck tool box.

Husky Liner Sunshades help keep your cab cooler by blocking the sun's rays and provide great protection to your truck's cab and back glass.

All Husky Liner brand Aluminum Accessories are easy to install, manufactured from aircraft grade aluminum, and are coated with Husky Liners new environmentally friendly finish - they won't rust even when scratched. Keep your truck looking good for years!

CONTRACTORS RACK

Center opening latch allows for easy opening of your 5th Wheel Tailgate with only one hand. The latch also features a lock with 2 keys.

2007-11 SILVERADO

SUNSHADE

5TH WHEEL TAILGATE
