

HEAVY DUTY COMMERCIAL WIRELESS CAMERA WITH MICROPHONE

TE-WPC-M HEAVY DUTY WIRELESS CAMERA

PRODUCT OVERVIEW

iBeam's Heavy Duty Commercial Wireless Camera provides drivers with a wide angle, 120 degree view of surroundings. Audio is also recorded with the built-in microphone. Drivers will have visibility in dark or foggy conditions thanks to the 0 lux IR LED night vision and 12 IR LEDs. The camera connects wirelessly via a 3 dB antenna, giving 393 feet (120 meters) of unobstructed range. The 1/3" CMOS lens is protected by a rugged, high quality metal housing. A water resistance rating of IP69K ensures that this camera can stand up to the elements of long-term commercial use
