

Futura Advantage Packages

Build on the Futura success with these attractive accessory packages. Not only will you increase the capability of your Futura, you will find a package to be an economical choice versus the purchase price of individual items.

Futura Advantage Packages include Platinum, Gold, Silver and Bronze. These options will work with all Futura models (Futura, Futura Pro, Futura Pro One).

Packages may be added at time of purchase or purchased separately for an existing model.

Your machine must be registered before any software subscription can be activated. Once registered, the customer must provide their distributor with the serial number of the machine and they will place the activation order with Ilco. Software subscriptions end on December 31st of the year of expiration. Example: A 3-year subscription (Bronze Package) purchased 2/15/18 will expire 12/31/21.
