12 VOLT ACCESSORIES

WIRING MADE SIMPLE!

Keep It Clean™ Wire Systems offer an easy-to-install design and expandability for future growth. Keep It Clean™ Wiring Systems use only the highest quality wire and parts resulting in the "ultimate" kit. To make installation and future wiring easier, all wire is color-coded and labeled. All kits come complete with the necessary parts needed to wire up your vehicle, plus a steering wheel pigtail, all wire looms, connectors, and terminals! Detailed instructions insure pain-free installation. Backed by a Limited Lifetime Warranty.

Built-In Battery Charger! **NEW!***

NEW Billet Switches! See page 3!

* Optional, additional parts may be needed

PLUG 'N' PLAY COMPATIBLE

Keep It Clean Wiring Panels are specifically designed to be easily integrated into all products from AutoLōc™, Stēllar™ Security Systems, Zirgo Cooling Products, and Protocol™ Products.

COLOR CODED & LABELED WIRES

All Keep It Clean™ wiring panels include GM color coded wire that is labeled with the circuit on the wire jacket.

POSILOC™ CONNECTORS

Keep It Clean™ PosiLoc™ system ensures the best connection for your wires. Each PosiLoc connector is Plug 'n' Play compatible and can be used on column connectors and more!

HIGH QUALITY WIRE

All Keep It Clean™ wire panel systems use the highest quality wire to ensure a long life of smooth, trouble free operation.

DETAILED INSTRUCTIONS

All Keep It Clean™ panel kits include downloadable, detailed instructions.

EXTRA WIRE & CIRCUITS

Each Keep It Clean™ panel system includes extra wire and connectors to make your installation a breeze!

Pro Compact Basic Series

Keep It Clean's™ Pro Comp Basic series offers all the basics needed to wire up your vehicle. Each kit includes the main harness, fuse block, and labeled wire. Ideal for Rat Rods, Street Rods, Race Cars, and more! Available in 8 Fuse systems.

PROCOMP8B 8 Fuse Shown

Push Button Engine Start Buttons

Keep It Clean Wiring now offers a Push Button Start kit that allows you to start your vehicle with a touch of a button. Get the push button feature many new vehicles now offer at a fraction of the price. Great for mounting in place of a cigarette lighter or a custom location. Features illuminated button head, chrome trim and easy wiring terminals for quick installation. Includes detailed instructions and backed by a Limited Lifetime Warranty.

KICPUSHB - #130180

Control Modules

Engine Start Activation Control Module
KICEC0 #14539

Keep It Clean KICEC0 remote engine start controller allows you to activate your car with a push of a button.

Light Sequencer
KICEC1 #89692

Indicate turns with style! The light sequencer controller flashes your turn signal bulbs in succession, instead of all at the same time.

Dome Light Delay Controller
KICEC2 #89691

Sick of leaving your dome light on? The dome light controller automatically turns your dome light off 30 seconds after you leave your car, preventing dead batteries and increasing the visual security of your vehicle.

Retained Accessory Controller
KICEC3 #89690

Keep It Clean's Retained Accessory Controller allows you to operate any item wired up to your ignition circuit when the key is not in the ignition for a limited time.

Self-Canceling Controller
KICEC4 #89689

Be driver friendly! Keep It Cleans's Self-Canceling Turn Signal Controller allows you to limit the pulse length of your turn signals with ease! Ideal for push button turn signals, or peace of mind.

1 Touch Headlight Controller
KICEC6 #09522

Keep It Clean's™ new 1 touch headlight controller allows you to control your headlight with a push of a button! The built in headlight beam indicator will change colors to indicate low beam and high beam operation.

Brake Light Turn Signal Converter Module
KICEC7 #89688

Keep It Clean™ now offers the brake light turn signal converter module. This handy unit allows you to keep your simple brake light setup, but adds independently flashing right and left brake lights for full indicator legality on the road.

Battery Charging System With Plug N Play Harness

Keep It Clean's advanced charging harness system insures your vehicles battery will always be fully charged and ready to go. Simple plug and play connector makes installation a snap.

KICHARN14 #14535

Compatible with all aftermarket and factory wire harness systems. For standard USA 110 Volt plugs.

Main System Fuse Harness Kit

Keep It Clean's main system fuse harness allows you to upgrade your vehicles wiring system to modern standards with a master 200 AMP fuse. Once installed this harness will protect all the electrical items in your vehicle.

KICHARN15 #12299

Charging System Shutdown Kit

Keep It Clean™ Charging System Shutdown Kit prevents engine run-on even after battery disconnect is turned off. Detailed instructions and Limited Lifetime Warranty.

KICHARNCS #12791

Electric Fan Relay Kit

Keep It Clean™ Electric Fan Relay Kit protects your cooling fan from overloads or voltage drops. Ideal for adding a manual switch! Detailed instructions and Limited Lifetime Warranty.

KICHARNFT #12390

Universal Fuel Pump Relay Kit

Keep It Clean™ Universal Fuel Pump Relay Kit provides constant power to prevent overloads and voltage drops. Ideal for racing! Backed by a Limited Lifetime Warranty.

KICHARNFP #12380

Starter Solenoid Relocation Kit

Keep It Clean™ Starter Solenoid Relocation Kit lets you mount your vehicle's starter solenoid anywhere to make repairs easy. Detailed instructions and Limited Lifetime Warranty.

KICHARNMRS #12384

Electric Water Pump Relay Kit

Keep It Clean™ Electric Water Pump Relay Kit protects your main electrical system from overloads by providing constant voltage. Detailed instructions and Limited Lifetime Warranty.

KICHARNWP #12381

Magneto Kill Relay Kit

Keep It Clean™ Magneto Kill Relay Kit grounds your magneto to prevent coil sparking and stalled shutdowns. Detailed instructions and Limited Lifetime Warranty.

KICHARNMS #12382

Automatic AC Fan Activation Relay Kit

NEW!

Activate your fan when your air conditioner is turned on. This kit increases the efficiency of your fan by delivering more current to the fan motor.

KICHARN13 #12579

Direct Start Kit

Keep It Clean™ Direct Start Kit prevents overheated GM starters by allowing higher amperage. Detailed instructions and Limited Lifetime Warranty.

KICHARNDS #127814

Brake Light Relay Kit

Keep It Clean™ Brake Light Relay Kit allows that addition of new, higher wattage bulbs. Detailed instructions and Limited Lifetime Warranty.

KICHARNBL #12385

In-Vehicle Cabin Harness

Keep It Clean™ In-Vehicle Cabin Harness helps you wire up all your interior accessories with ease.

KICHARNCH #375888

Conversion Kit- Converts to Keyed GM Steering Column

Wire up your column with ease! Keep It Clean's steering column kit fits all GM plugs!

KICHARN10 #89696

Adjustable Temperature Switch Relay Kit

Gives you ultimate control over your fans- adjustable fan-on temp, includes relay.

KICHARNAT #12386

Universal Relay Harness Kit

Universal relay kit makes wiring up any fan as simple as it can get.

KICHARNUN #14583

GM Column Turn Signal Connector

Keep It Clean's™ GM steering column connections make it a snap to replace your old worn out connector.

KICHARN11 #89697

Dual-Action Fan Relay with Thermostat

Cool off! Keep It Clean's Dual Action Fan Kits off optimal power delivery to power today's power-hungry fans. Easy Plug 'n' Play installation.
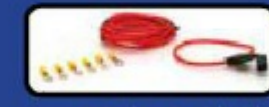

KICHARN5 #10150

Courtesy Light Kit

Keep It Clean's dome light kit comes complete with billet interior light and activation door pin.

KICHARN6 #10151

Alternator Wiring Kit

Power Up! Keep It Clean's Alternator wiring kit makes wiring up your power system a snap.

KICHARN7 #89698

Single Air Compressor Wire Harness Kit

NEW!

Keep It Cleans Compressor wire harness kit makes it a snap to correctly wire up an air compressor to any vehicle!

KICHARN16 #14568

Heavy Duty Headlight Relay Conversion

Increase your vehicle's headlight output with Keep It Clean's heavy duty headlight conversion kit. Increases power and alternator efficiency.

KICHARN12 #89694

Fan Relay with Thermostat

Cool off! Keep It Clean's Fan Relay Kits offer optimal power delivery for today's hungry fans.

KICHARN2 #89695

Engine Compartment Harness

Wire up all the items in your engine compartment with ease! Detailed instructions and color coded wires save you time.

KICHARNEC #375949

High Beam Headlight Kit

Keep It Clean's High Beam Headlight Kit includes everything you need to brighten your driving danger zones at night.

KICHARNH1 #127852

Front & Rear Lighting Harness

Includes all the wires for the front and rear turn signals, brake lights and accessory illumination.

KICHARNLH #375918

Auxilliary Light Relay Kit with Switch

Light up the night with Keep It Clean's auxiliary light relay kit. Simple installation and activation make turning on your exterior a breeze.

KICHARNAL #57315

Dual Trigger Fan Control with Relay

This kit allows you multi-speed input and operation for cooling fans. Ideal for cooling fans that are triggered by thermo switch and AC system.

KICHARN4 #10155

"The Plug" Billet Wire Management Kits

Billet Wire Management System

Dress up your engine bay and more! Keep It Clean's™ new wire management system allows you to consolidate and hide all your wires into one attractive, durable loom. Keep it Clean's SureLoc™ connector makes it easy to connect and disconnect your loom in seconds. Consolidation of your wires and hoses is easy since the SureLoc™ connector is ideal for engine compartments, doors, amp racks, trunks, center consoles and more.

The Easiest Firewall Solution!

Patent Pending

1 Choose the Series of plug you want.

B - 22 Pins
C - 37 Pins
D - 9 Pins
E - 4 Pins

2 Fill in the boxes below with your choices from above. Example shown.

Series   Ordering Code

KICTPG + C = KICTPGC

KICTPGAH would be the ordering code for the 37-Pin Plug.

Ultra Wrap Wire Loom Tool

The Ultra Wrap Wire Loom Tool makes installing Split Ultra Wrap a breeze! Just insert your bundle of wires into the shank of the tool and slide it along the split in the sleeving. As the tool travels along the sleeving, it deposits the wires and allows the split to close correctly. When any single wire needs to be broken out of the installation, just rotate it out of the tool and continue the installation.

Setting Saver Delux Battery Memory System

The Setting Saver is the perfect tool to keep your car from losing settings while changing your battery or when storing your car. Simply plug the Setting Saver into your vehicle's power outlet and it does the rest! Your car stereo, clock, and other electronic settings will remain safely stored while you swap out a battery or store the vehicle.

Ideal For:

- **Any Vehicle that requires a battery change**
- **Vehicles in storage**
- **No more factory visits to reset radio codes**

KICSS4500 - #12584

Battery Top Kill Switches

Now thats Simple! Keep It Clean's™ direct-mount battery terminal is an incredibly simple and effective way to disconnect your battery. Ideal for preventing battery drain in storage, or as a simple security measure. Made from high anticorrosion coated steel insures maximum current flow with minimum current loss.

KICBATKTW - #16203

Battery Cables

High-Amp Battery Connections

This amazing braided battery strap is the ideal battery ground connection for custom grounding applications or for replacing worn OEM ground connections. The inner-woven tinned copper strands offer exceptional reliability and flexibility over standard battery cables.

KICGRDSTR - #230003

KICPWRSTP - #230004

Heavy-duty battery cable for any application. Fully insulated for corrosion resistance. Able to handle all of your positive terminal connections.

Flush Mount L.E.D. GhostLights™

NEW!

Keep It Clean™ Flush Mount L.E.D. GhostLights™ are the smoothest! Shave your tail lights or any other indicator light. Make it flush to your vehicle's body with this custom kit, which is easily used to create the look you want. Single strip of light, double strip of lights- whatever you want! Kit comes with brackets for easy light mounting, high-visibility red light diffuser, and ultra-bright L.E.D. lighting.

Note: Ghostlights over 33 inches come in multiple pieces, i.e. 48"=2x24".
