

Mityvac Fuel Injection Cleaning Kits

Mityvac models MV5565, MV5567, and MV5570 Fuel Injection Cleaning Kits are designed for use in professional service shops to provide quick, convenient and reliable fuel injector and air induction cleaning. They utilize compressed air to make them highly effective at removing and preventing deposits on fuel injectors as well as loosening and dissolving carbon build-up in the air induction system, including the throttle plate and intake manifolds and valves.

Model MV5567 is a complete fuel injector cleaning kit combining the Cleaner w/ connection hose (MV5565) and connection adapter kit (MVA565). It can be upgraded to an air induction cleaner by adding MVA550 Decarb Nozzle.

Model MV5565 is a Cleaner w/ connection hose. It can be paired with a selection of fuel rail adapters or the MVA550 Decarb Nozzle to perform fuel injector or air induction cleaning on select vehicles.

Model MV5570 is a Cleaner only. It's designed to utilize the connection hoses and adapters of the Mityvac MV5545 Fuel System Tester (FST). Pairing the MV5545 with the MV5570 yields the ideal fuel delivery testing and cleaning system.

Features

- Quickly and cleanly removes and prevents fuel injector deposits, and loosens and dissolves carbon on intake manifold and valves.
- Enhances engine performance, improves fuel economy, reduces maintenance and improves emissions.
- Uses standard shop-air to deliver cleaning solution directly into the fuel stream or spray it into the air induction system *MVA550 required for induction system cleaning.
- Functions on most domestic and import cars with high or low pressure fuel systems.
- High quality pressure gauge and adjustable regulator combination ensures proper delivery of cleaning solution.
- Durable steel and diecast aluminum construction.

Fuel Injection Cleaner Adapters and Accessories

Mix and match any of the Fuel Injection Cleaner Kits with these adapters and accessories to create a custom kit that best suits the needs of your shop.

Part #	Description	Application(s)
MVA505	1/4" Flex Hose Adapter	Vehicles with 1/4" rubber to steel hose connection
	5/16" Flex Hose Adapter	Vehicles with 5/16" rubber to steel hose connection
	3/8" Flex Hose Adapter	Vehicles with 3/8" rubber to steel hose connection
MVA559	M8 Banjo Adapter	Toyota
MVA560	M10 Banjo Adapter	Toyota
MVA561	M12 Banjo Adapter	Toyota, Lexus, Geo, Honda, Acura, Hyundai, Mazda, Daihatsu, Chrysler imports
MVA562	M14 Banjo Adapter	Audi, Volkswagen
MVA555	M16 x 1.5 Adapter	GM Vortec
MVA556	M14 x 1.5 Adapter	GM Vortec
MVA557	3/8" Flare Nut Adapter	Carbureted & early fuel injected systems
MVA558	5/16" Flare Nut Adapter	Carbureted & early fuel injected systems
MVA553	3/8" Spring Lock Adapter	Ford fuel injected systems
MVA552	1/2" Spring Lock Adapter	Ford fuel injected systems
MVA554	5/16" Quick-change Adapter	GM, Chrysler, Jeep/Eagle, Toyota
MVA507	RA Fuel Rail Adapter	GM, Chrysler
MVA508	RA Fuel Rail Adapter	Ford
