SPUI INC

AUTOMOTIVE ACCESSORIES CATALOG

/ ABOUT

SPW Incorporated is proud to introduce our Volume 111 automotive accessories catalog. For over 20 years SPW has been a leading distributor in the automotive accessories aftermarket, introducing many new products to the USA and establishing trends within the industry. SPW was one of the first to import JDM performance parts and accessories as well as a forerunner by introducing high performance Japanese tuning products from companies such as Pivot, Raybrig, Polarg, and more. In addition SPW continues to distribute it's own product lines, and our Nokya™ brand headlights, ground breaking upon introduction, continue to be the "backbone" of our accessories business. In addition, SPW is the manufacturer and parent company of Vellano Forged Wheels®—one of the most respected names in the high end luxury and performance wheel industry.

Through research, testing and customer feed back, the products presented in this accessory catalog have been carefully selected for their ability to provide maximum performance & visual appeal as well as for their manufacturing quality & value. With over 20 years of experience in automotive aftermarket parts distribution, SPW is driven to fulfill the needs of our wholesalers, retailers and end users. Our experienced, courteous and responsible sales team is always willing to provide product knowledge & helpful consultation. Our in-house marketing department is always available to help supply our distributors with images, advertisements, and other marketing materials as needed.

Terms and conditions: Receipt of products purchased from SPW constitutes the acknowledgment and acceptance of all conditions listed on the SPW price list, SPW retail terms and conditions and all conditions listed below. All prices, materials, design and specifications are subject to change without notice. Federal and many state laws prohibit the removal, modification or rendering inoperable of any device or element of design affecting vehicle safety in a vehicle used on public highways. Violation of such laws may subject the owner or user to fine or penalty. Many of our products are designed for off-road use and may not be legal on public roads. It is up to the end user to familiarize themselves with the laws concerning the use of these products, and to insure they are legal for their intended use.

Warranty: Nokya™ products are warranted to be free of manufacturer's defects for a period of 6 months from the date of purchase. In the event of a defective product, return your product to the place of purchase for a replacement.

No warranty whatsoever will be valid if the defect was caused by customer's abuse, negligence or mishandling. All merchandise sold by SPW Inc is only subject to manufacturer's warranty, if any, and are subject to submission to the manufacturer for approval for repair or replacement of merchandise. Customer will be responsible for all shipping and handling fees. No labor or inconvenience may be included in any claims.
