SAFETY
A Safe Fleet Brand

 **BLUETOOTH**

For a backup camera system which fits almost any vehicle and is virtually invisible, look no further than the G-Series Camera System. This system features the legendary G-Series Monitor and the 776 Camera which despite its small size is powerfully built to withstand all weather conditions.

Our Bluetooth Mirror Monitor displays the backup camera and provides hands free control to your mobile phone. Its Bluetooth function allows it to connect to your smartphone and gives you the control to make and answer calls directly through the mirror! Music can also be played through this connection and the phone's voice recognition can be accessed by pressing the microphone button on the monitor allowing you to make a call, play music or get directions, by simply saying so!

Camera is completely waterproof with an IP68 rating and boasts excellent night vision. The system comes included with all parts necessary for installation and a one year warranty.

G - SERIES BACKUP CAMERA SYSTEM WITH BLUETOOTH RVS - 776718 - BT
