# 2020 INTEGRATION GUIDE

**SCOSCHE**<sup>®</sup>

DRIVEN BY SOUND<sup>™</sup>

One of our core beliefs when it comes to automotive integration is that **you can have it all**. Scosche believes that when you add something to a vehicle, whether it's a new stereo, or wireless charging for your phone, you should not lose any of the original features or functionality that came stock.

We introduced several new products this year, so we encourage you to visit [scosche.com](http://scosche.com) to learn more about product features and benefits and to get the latest updates and new product news.

Scosche is the pioneer of in-dash vehicle integration products, introducing the first generation of **Integrated TouchScreen Control (ITC) installation kits** in 2012. The 2018 plug-and-play ITC 2.0 dash kits allow easy replacement of the vehicle's factory stereo to any aftermarket DIN or Double DIN unit.

We've added to our range of MagicMount™ Pro Charge - Wireless Charging mounts and we now offer **Direct Fit Qi-Wireless Charging Solutions**. The Direct Fit Qi comes in a growing line of vehicle make- and model-specific options including Toyota Tacoma and Tesla 3, as well as a universal version, so your installation creativity can shine.

Here at Scosche we appreciate your trust in us as **the source** for all your car audio, 12V, and automotive accessories and components needs. When you choose Scosche you can rest assured that our products conform to the latest industry standards and undergo rigorous testing and quality control.

 **SCOSCHE**

## INTEGRATED TOUCHSCREEN KITS

This dash kit is the first of its kind to include a **dual, full-color touchscreen** system to control the vehicle's air conditioning, as well as other vehicle technology systems and convenience features. The kit requires no complex programming or cutting of any of the OEM wiring in the vehicle during installation.

*"I have been using Scosche for over 30 years. My loyalty is based in part on their continued quality and innovation. I have found over the years that anything else is just a compromise"*  
- Jim, Owner of My Garage, Ventura, CA.

### THE SCOSCHE INTEGRATION LINE IS COMPRISED OF THREE SERIES:

**The Integrated Car Series** kits include either touch panel control of OEM auxiliary systems, or a Complete Solution with a Digital Display Retention Interface which retains all OEM features in your aftermarket head unit.

**The Link Series** Interfaces retain basic information necessary to keep the vehicle fully operable when the radio is upgraded to an aftermarket model, including steering wheel controls.

**The Link+ Series** Interfaces retain additional OEM features like amplifiers, reverse cameras, and USB ports. Amplifier add-ons for select European vehicles allow you to keep your SKU mix in check, so you stock the right balance of interfaces and amplifier upgrades.

## 2010-15 CHEVROLET CAMARO //

### Built-in Advanced Color Touchscreen Control System Retains:

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Factory-matched Gunmetal Color
- Premium Amplified Systems
- Heated Seats (if equipped)
- Steering Wheel Controls
- Climate Controls

### ITCGM01AB

### Extra Features:

- **Gauge Mode:** Engine Oil Temperature | Engine Oil Pressure V6 | Engine Oil Pressure V8 | Transmission Oil Temperature | Engine Coolant Temperature | Intake Air Temperature | Intake Air Delta | Battery Voltage | Battery State of Charge | G-Force.
- **Performance Mode:** Current, Last, Best 1/8, Best 1/4, Best Individual Split, Memory 1, Memory 2, Memory 3, Acceleration, and Braking.
- **Works with RSIM:** 8 Channel Accessory Controller

**LPGMOS2**  
ONSTAR® MODULE SOLD SEPARATELY

## 2015-UP CHRYSLER 300 //

### Built-in Advanced Color Touchscreen Control System Retains:

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Premium Amplified Systems
- Heated Seats (if equipped)
- Steering Wheel Controls
- Climate Controls

### ITCCR01B

## 2013-18 RAM TRUCK

### Built-in Advanced Color Touchscreen Control System Retains:

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Premium Amplified Systems
- Heated Seats (if equipped)
- Steering Wheel Controls
- Climate Controls

### ITCCR04B

## 2018-UP JEEP WRANGLER JL JEEP GLADIATOR JT

### Built-in Advanced Color Touchscreen Control System Retains:

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Premium Amplified Systems
- Heated Seats (if equipped)
- Steering Wheel Controls
- Climate Controls

### ITCCR05B

### NEW ADDED FEATURES! Support for RSIM - 8 Channel Accessory Controller:

- Configurable as momentary, latching and user selectable timed output
- User selectable icons for on-screen buttons
- 12V output at 0.5A for driving a standard automotive relay

## 2015-20 DODGE CHALLENGER

### Built-in Advanced Color Touchscreen Control System Retains:

- Climate Controls
- Steering Wheel Controls
- Heated Seats (if equipped)
- Premium Amplified Systems
- Integrated Stereo Replacement Interface
- Vehicle OE Personalization Menus & Settings
- Performance apps, menus and customization controls are NOT retained on models including: SXT Plus, R/T, SRT, SRT Hellcat & Demon (Launch Control, Drive Modes, Timers, Gauges, G-Force & extended features.)

### ITCCR06B

## 2015-20 DODGE CHARGER

### Built-in Advanced Color Touchscreen Control System Retains:

- Climate Controls
- Steering Wheel Controls
- Heated Seats (if equipped)
- Premium Amplified Systems
- Integrated Stereo Replacement Interface
- Vehicle OE Personalization Menus & Settings
- Performance apps, menus and customization controls are NOT retained on models including: SXT Plus, R/T, SRT, SRT Hellcat & Demon (Launch Control, Drive Modes, Timers, Gauges, G-Force & extended features.)

### ITCCR07B

## 2010-14 FORD MUSTANG

### Built-in Advanced Color Touchscreen Control System Retains:

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Factory-matched Gunmetal Color
- Premium Amplified Systems
- Heated Seats (if equipped)
- Steering Wheel Controls
- Climate Controls

### ITCFD01

## 2013-14 FORD F-150

### Built-in Advanced Color Touchscreen Control System Retains:

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Premium Amplified Systems
- Passenger Airbag Indicator
- Heated Seats (if equipped)
- Steering Wheel Controls
- Matte Black Finish
- Climate Controls

### ITCFD02AB

### NEW ADDED FEATURES! Support for RSIM - 8 Channel Accessory Controller:

- Configurable as momentary, latching and user selectable timed output
- User selectable icons for on-screen buttons
- 12V output @ 0.5A for driving a standard automotive relay

## 2013-UP FORD FUSION

### Built-in Advanced Color Touchscreen Control System Retains:

- Accommodates OEM toggle or OEM Push Button Switches
- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Factory-matched Gunmetal Color
- Heated Seats (if equipped)
- Steering Wheel Controls
- Climate Controls

### ITCFD03B

## 2015-UP FORD F-150

### Built-in Advanced Color Touchscreen Control System Retains:

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Reverse Camera (if equipped)
- Passenger Seatbelt Indicator
- Passenger Airbag Indicator
- Heated Seats (if equipped)
- Steering Wheel Controls
- Matte Black Finish
- Climate Controls

### ITCFD04AB

### NEW ADDED FEATURES! Support for RSIM - 8 Channel Accessory Controller:

- Configurable as momentary, latching and user selectable timed output
- User selectable icons for on-screen buttons
- 12V output at 0.5A for driving a standard automotive relay

## 2015-UP FORD MUSTANG

### Built-in Advanced Color Touchscreen Control System Retains:

- Accommodates OEM toggle or OEM Push Button Switches
- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Factory-matched Gunmetal Color
- Heated Seats (if equipped)
- Steering Wheel Controls
- Climate Controls

### ITCFD05AB

## 2003-07 HONDA ACCORD

### Built-in Advanced Color Touchscreen Control System Retains:

- Integrated Stereo Replacement Interface
- Heated Seats (if equipped)
- Matte Black Finish
- Vehicle Settings
- Climate Controls

### ITCHA01B

## 2006-12 LEXUS IS

### Built-in Advanced Color Touchscreen Control System Retains:

(Features for non-navigation vehicles)

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Passenger Seatbelt Indicator
- Premium Amplified Systems
- Heated Seats (if equipped)
- Passenger Airbag Indicator
- Steering Wheel Controls
- Retains OEM AUX Input
- Matte Black Finish
- Climate Controls

### ITCLS01

## 2014-UP DODGE DURANGO

### (ITC 1.5) Built-in Advanced Color Touchscreen Control System Retains:

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Retains OEM Camera (If equipped)
- Premium Amplified Systems
- Heated Seats (if equipped)
- Steering Wheel Controls
- Retains OEM AUX Input
- Matte Black Finish
- Climate Controls

### CR1307B

**2014-UP JEEP GRAND CHEROKEE**

**(ITC 1.5) Built-in Advanced Color Touchscreen Control System Retains:**

- Vehicle OE Personalization Menus & Settings
- Integrated Stereo Replacement Interface
- Retains OEM Camera (If equipped)
- Premium Amplified Systems
- Heated Seats (if equipped)
- Steering Wheel Controls
- Retains OEM AUX Input
- Harnesses Included
- Climate Controls

**CR1309SB** - Silver  
**CR1309TB** - Tan

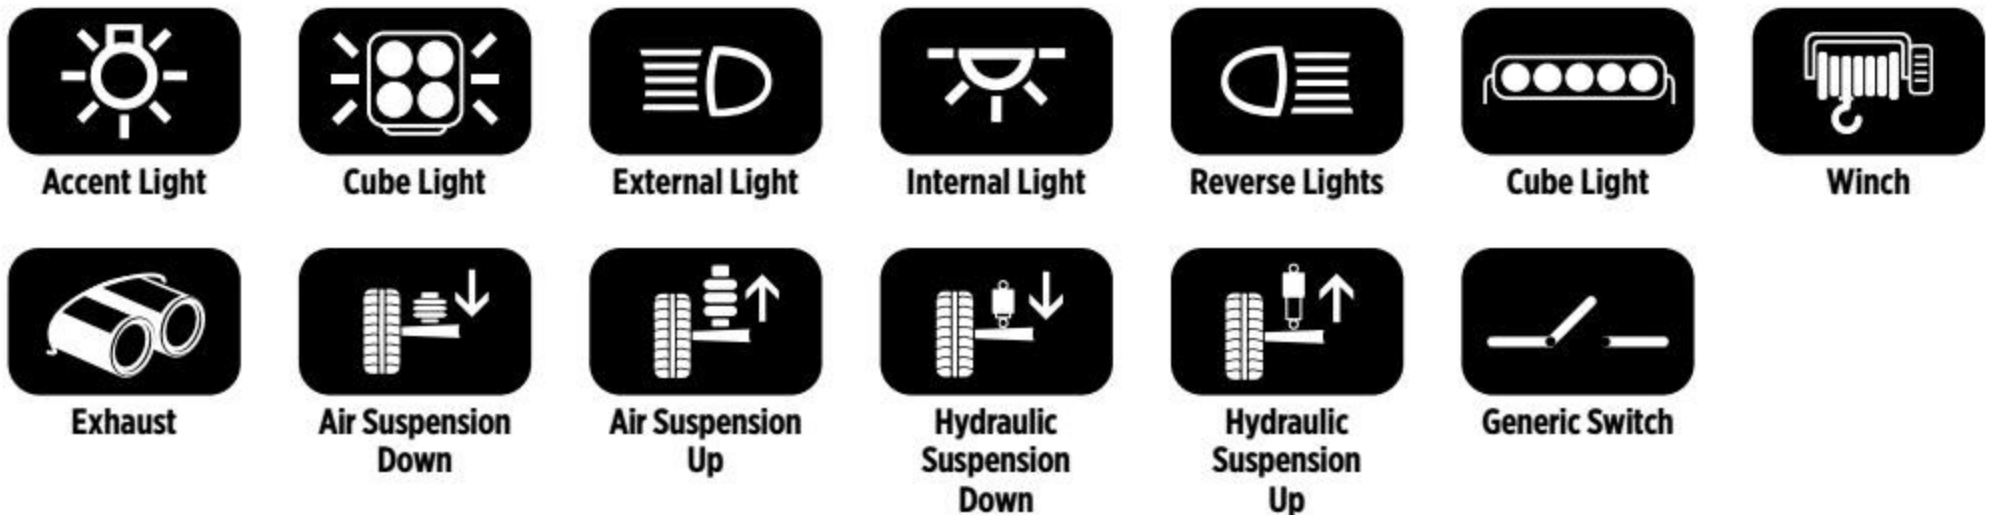

**NEW!**

**RSIM - RELAY SWITCH INTERFACE MODULE**

**This 8-channel controller lets you use the ITC touchscreen to control switching of exterior devices, including:** lights, winches, suspension, compressors and more. The module features 8 individual output channels (high-side drivers) that can drive up to 600mA direct (for light load uses) or can be connected to external switching relays for more demanding loads.

# LINK

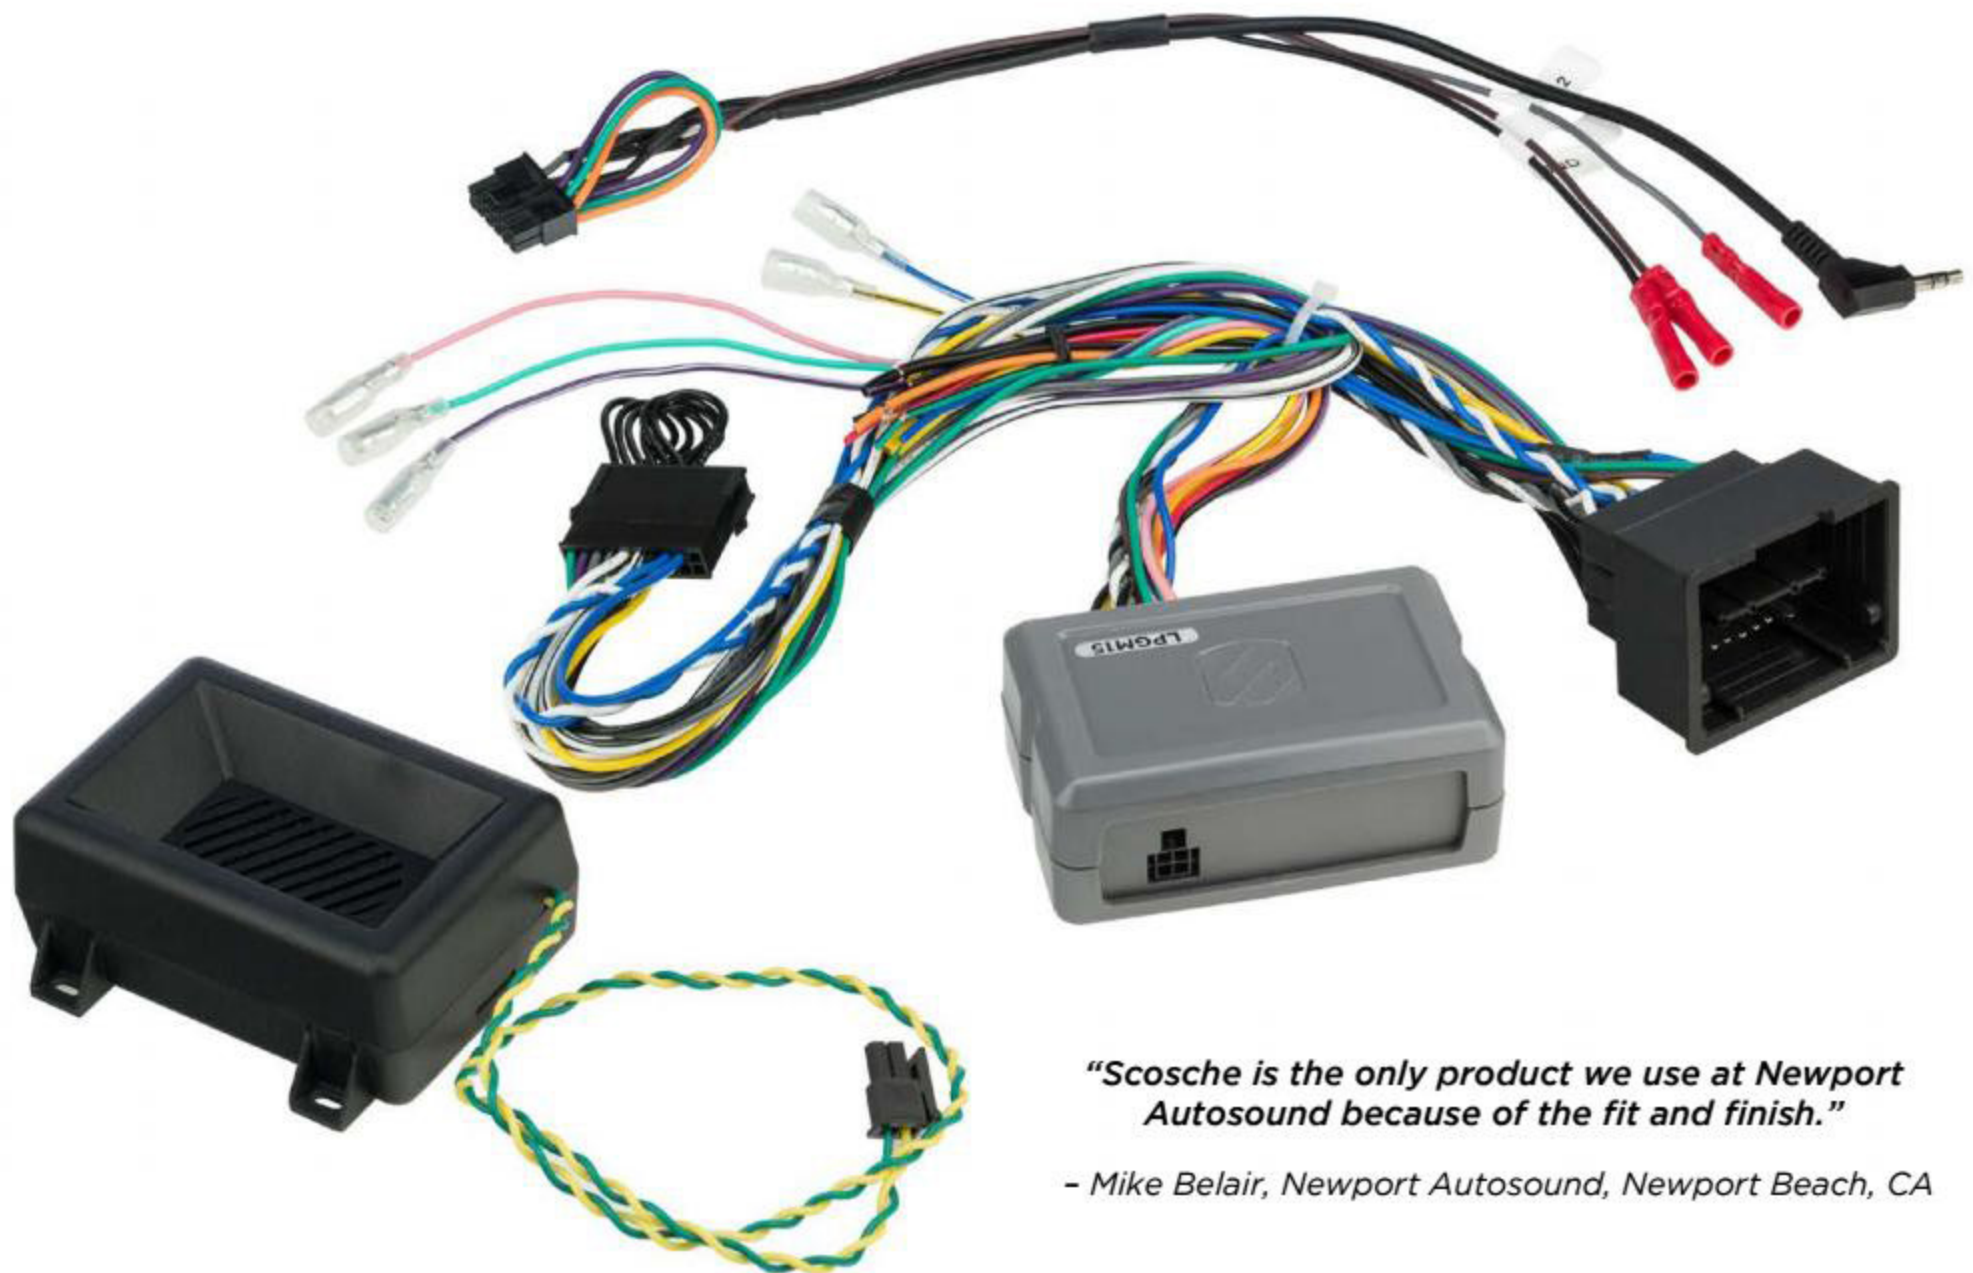

## **LINK SERIES INTERFACES-**

*Integrate essential vehicle features to allow for the installation of an aftermarket radio into a modern dashboard. LINK interfaces integrate functionality of Steering Wheel Controls, Required Radio Outputs, and Vehicle Accessory Retention (wherever applicable). All Scosche LINK Interfaces are USB updatable.*

# LINK+

## **LINK+ SERIES ADVANCED INTERFACES-**

*Provide advanced data bus and vehicle systems integration for a seamless installation of an aftermarket stereo into a modern dashboard. LINK+ Interfaces also include standard features such as Steering Wheel Control retention, Navigation/Multimedia Radio outputs, and Vehicle Accessory Retention (wherever applicable). All Scosche LINK+ Interfaces are USB updatable.*

*"Scosche is the only product we use at Newport Autosound because of the fit and finish."*

*- Mike Belair, Newport Autosound, Newport Beach, CA*

## **LINK AND LINK+ PLUG AND PLAY HARNESSES**

Scosche introduces the first of its kind, Plug and Play Direct Connect harnesses for Link and Link+ Interfaces. You can easily connect and install any Alpine, JVC, Kenwood, Pioneer or Sony radio with speed and accuracy.

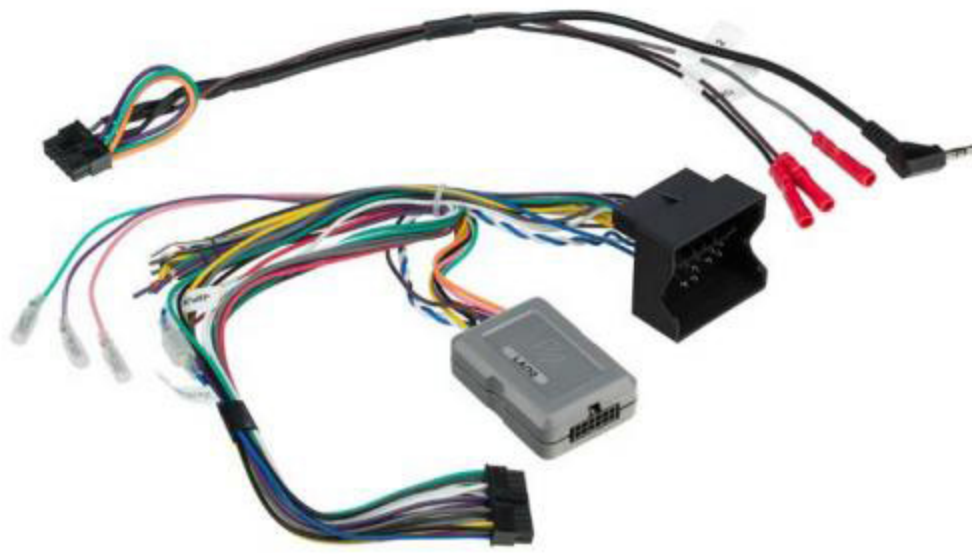

- *Reduces installation time*
- *Reduces potential wiring errors*
- *No SWC programming required*

### **Available Models:**

LLPSON12	Sony Radio Link / Link+ PnP Harness (Single and Double DIN)
LLPPIO1	Pioneer Radio Link / Link+ PnP Harness (Single DIN)
LLPPIO2	Pioneer Radio Link / Link+ PnP Harness (Double DIN)
LLPJVK1	JVC / Kenwood Link / Link+ PnP Harness (Single DIN)
LLPJVK2	JVC / Kenwood Link / Link+ PnP Harness (Double DIN)
LLPALP12	Alpine Radio Link / Link+ PnP Harness (Single and Double DIN)

**2004-15 SELECT AUDI //**

**Link Interface with SWC Retention**

For Vehicles with Fakra (40 Pin) Connector

- Provides +12V ACC Via Data-Bus Interface
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Provides Analog +12V Output for Variable Dash Illumination
- Retains Audio and Phone Steering Wheel Controls
- Retains Audi Bose systems with LINK+ LP2EUAR Module

**LAI10**

**1995-07 SELECT BMW // AND MINI COOPER**

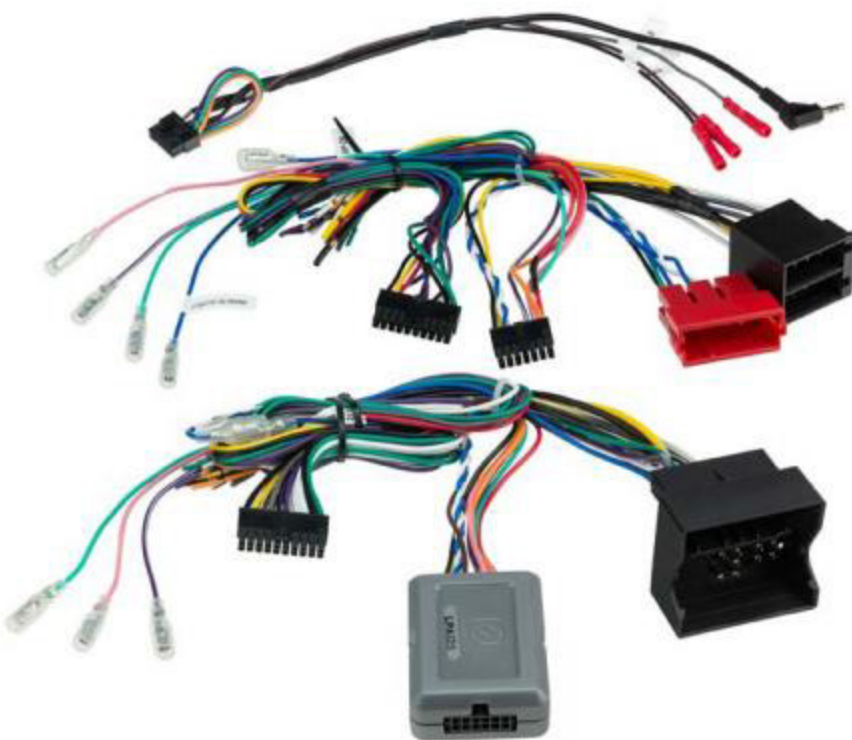

**Link Interface with SWC Retention**

Vehicles with BMW Round Pin (17 Pin) Connector

- Retains Audio and Phone Steering Wheel Controls
- Not for use with Fiber Optic Amplified Systems

**LBW10**

**2002-15 SELECT AUDI //**

**Link + Interface with SWC Retention**

Vehicle with Quadlock Connector (40 Pin) and ISO Connector (36 Pin)

- Provides Analog +12V Output for Variable Dash Illumination
- Retains Audi Bose Systems with LINK+ LP4EUAR Module
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LPAI25**

**2004-UP SELECT BMW // AND MINI COOPER**

**Link + Interface with SWC Retention**

Vehicles with BMW Business Head Units and Quadlock (40 Pin) Connections

- Includes Chime Module to Replace Safety/Warning Chimes
- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LPBW15**

## 2014-UP SELECT MINI COOPER //

### LINK Interface with SWC Retention

Vehicles with Fakra (16 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LBW20**

### AUDI LINK+ 2 CHANNEL

## AMPLIFIER RETENTION ADD-ON //

- Retains Factory Amplified Stereo System
- For use with LA110 Interface
- Provides 2-Channel RCA Leads and Digital AmpControl for 2-Channel Amplified Systems

**LP2EUAR**

## 2001-06 SELECT MINI COOPER //

### Link + Interface with SWC Retention

Vehicles with Quadlock (40 Pin) Connector

- Retains Audio and Phone Steering Wheel Controls
- Retains Harman Kardon Amplified System
- Retains Fade Adjustments

**LPBW25**

### AUDI / BMW LINK+ 4 CHANNEL

## AMPLIFIER RETENTION ADD-ON //

- Retains Factory Amplified Stereo System
- For use with LPAI25 Interface
- Provides 4-Channel RCA Leads and Digital AmpControl for 4-Channel Amplified Systems

**LP2EUAR**

**2004-17 SELECT CHRYSLER /  
DODGE/JEEP/RAM**

**Link + Interface with SWC Retention**

Includes Both (22 Pin) Early and Late Style Connectors

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Retains Factory Amplified Stereo System

**LPCR15**

**2012-UP SELECT FORD**

**Link + Interface with SWC Retention**

Vehicles with Ford (24 Pin) Connector

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LPFD15**

**2013-UP SELECT CHRYSLER /  
DODGE/JEEP/RAM**

**Link + Interface with SWC Retention**

For Base Vehicles Equipped UConnect 3.0 (3-Line Display)

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Amplified System

**LPCR25**

**2005-14 SELECT FORD**

**Link + Interface with SWC Retention**

- Retains Premium and Audiophile Systems Except for THX
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LPFD45**

## 2010-17 SELECT GENERAL MOTORS / BUICK / CHEVROLET / GMC

### Link + Interface with SWC Retention

- Maintains the OEM Factory Message Center with Vehicle Settings
- Provides Analog +12V Output for Variable Dash Illumination
- Includes Chime Module to Replace Safety / Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Provides +12V ACC Via Data-Bus Interface

**LPGM15**

## 2004-UP GM LAN

### Link + Interface with SWC Retention

Not for use on Digital Bose systems (Y91/Z75)

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Standard Bose Systems (If Equipped)
- Provides +12V ACC Via Data-Bus Interface
- Does Not Retain GM OnStar

**LPGM35**

## 2003-12 GM CLASS II

### Link + Interface with SWC Retention

Not for Use On Digital Bose Systems (Y91/Z75)

- Provides Analog +12V Output for Variable Dash Illumination
- Retains Audio and Phone Steering Wheel Controls
- Retains Standard Bose Systems (If Equipped)
- Provides +12V ACC Via Data-Bus Interface
- Does Not Retain GM OnStar

**LPGM25**

## 2016-UP HONDA CIVIC LX

### Link Interface with SWC Retention

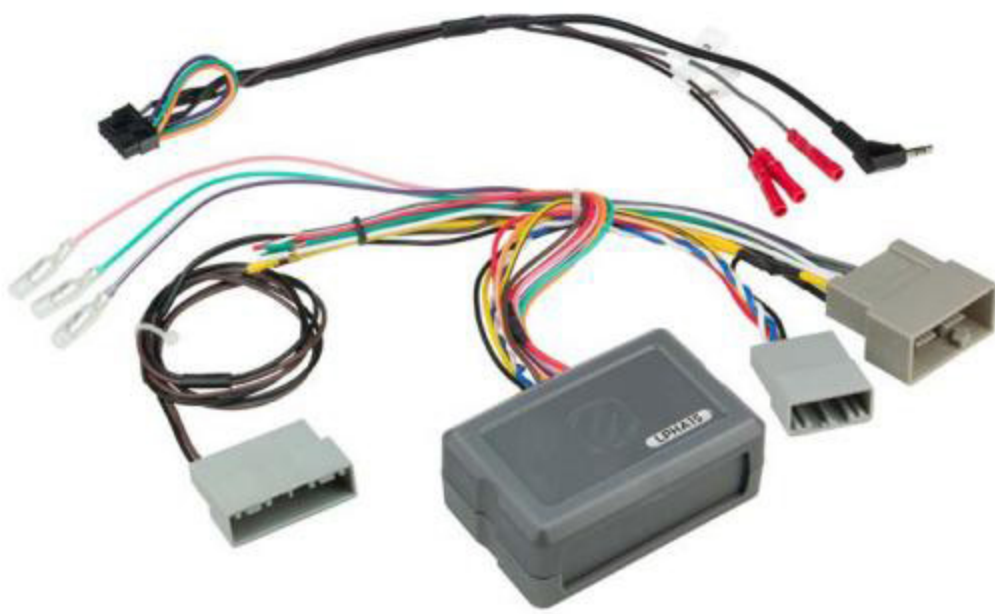

Vehicles with Honda (24 Pin) Connector

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LHA20**

## 2013-UP SELECT HONDA /

### Link + Interface with SWC Retention

Vehicles with Gray Honda (24 Pin, 20 Pin and 32 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Factory Date, Time and Temperature Display
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LPHA15**

## 2005-09 RANGE ROVER SPORT /

### Link + Interface with SWC Retention

Vehicle with Range Rover (20 Pin) Connector

- Does NOT Support OEM Date & Time or Original Nav Display
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LPLR25**

## 2006-12 RANGE ROVER VOGUE /

### Link + Interface with SWC Retention

Vehicles with Range Rover (20 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LPLR15**

## 2007-14 LAND ROVER LR2 TD4 /

### Link + Interface with SWC Retention

Vehicles with Range Rover Gray (14 Pin) and Green (10 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Includes Chime Module to Replace Safety / Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LPLR35**

## 2007-15 SELECT MAZDA

### Link + Interface with SWC Retention

Vehicles with Mazda (24 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Retains Factory Amplified Stereo System

**LPMA15**

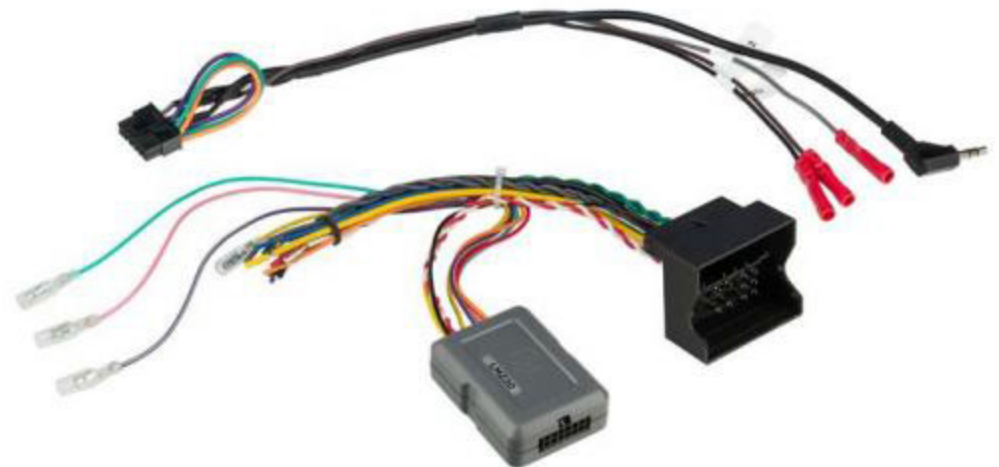

## 2001-05 SELECT MERCEDES

### Link Interface with SWC Retention

Vehicles with ISO (26 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LMZ10**

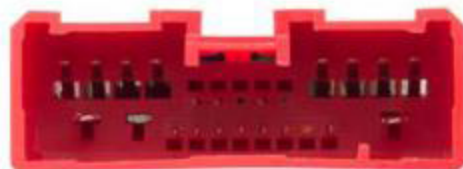

## 2008-17 SELECT MAZDA

### Link + Interface with SWC Retention

Vehicles with Mazda (24 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Retains Factory Amplified Stereo System

**LPMA25**

## 2005-UP SELECT MERCEDES

### Link Interface with SWC Retention

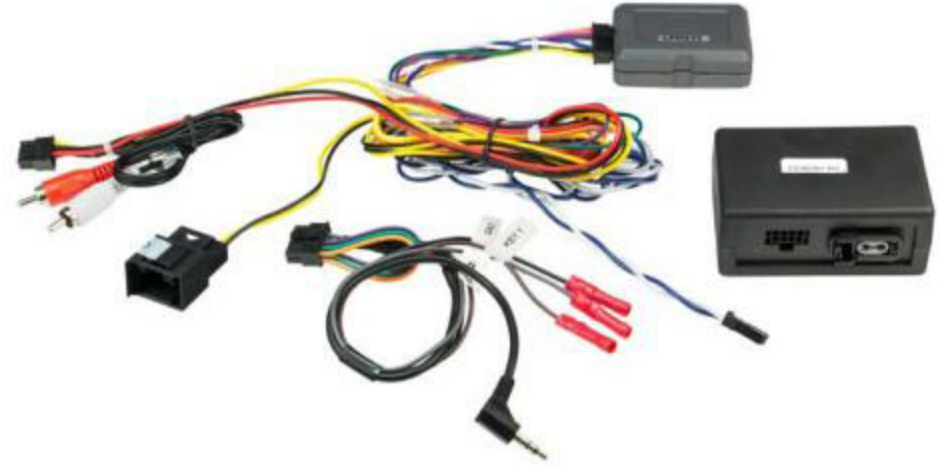

Vehicles with "Audio 20" Head Units with Quadlock (16 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LMZ20**

**2006-12 SELECT MERCEDES //**

**Link + Interface with SWC Retention**

Vehicles with (40 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LPM225**

**2003-10 SELECT MERCEDES //**

**Link + Interface with SWC Retention**

Vehicles with Mercedes (40 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LPM335**

**2001-04 MERCEDES C-CLASS //**

**Link Interface with SWC Retention**

Vehicles with "Audio 10" Head Units with 16 Pin ISO Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LMZ30**

**2003-10 SELECT MERCEDES //**

**Link Interface with SWC Retention**

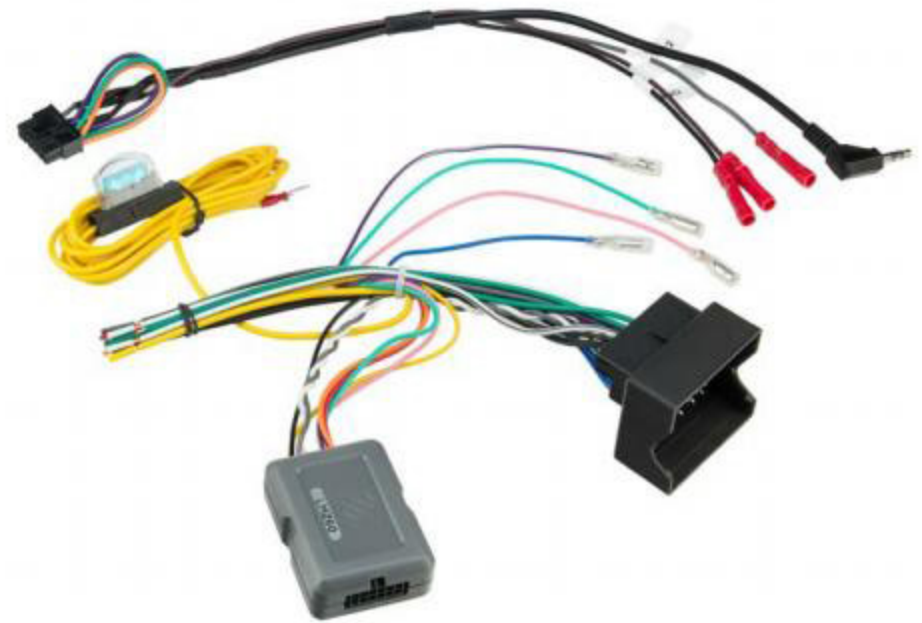

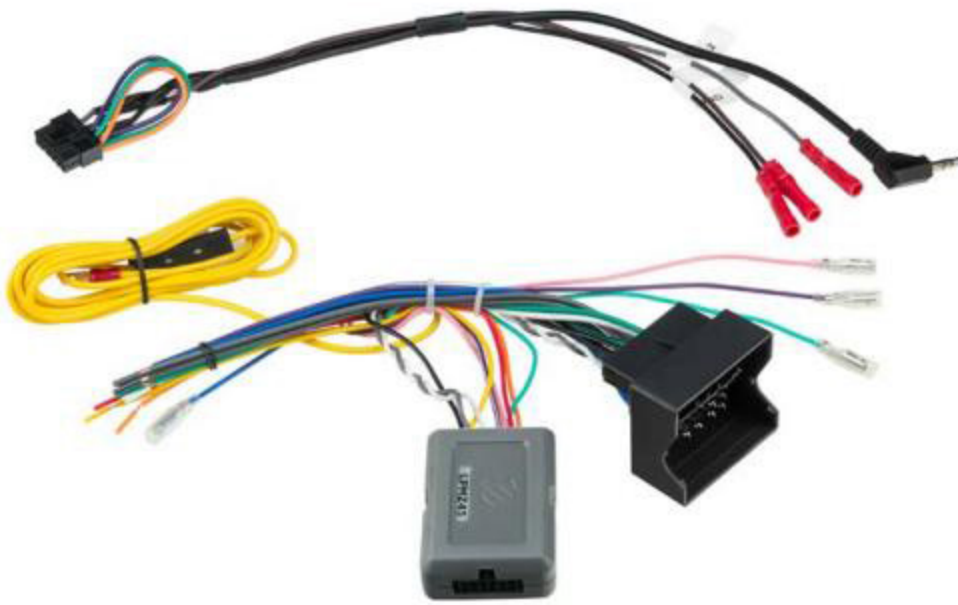

Vehicles with "Audio 20" Head Units with Quadlock (40 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LMZ40**

## 2012-14 MERCEDES C-CLASS

### Link + Interface with SWC Retention

Vehicles with Fakra (16 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Retains Date and Time Settings via SWC

**LPMZ45**

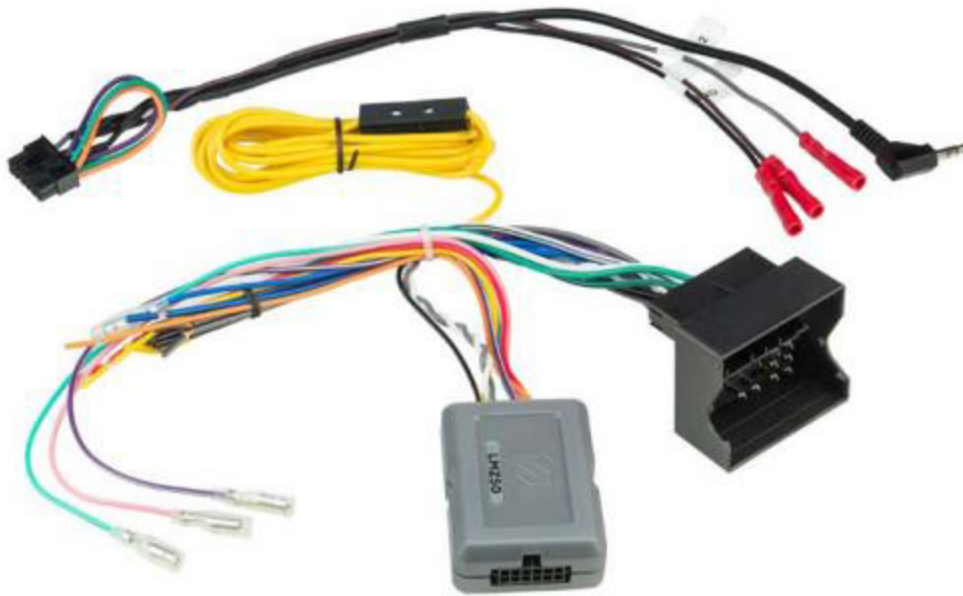

## 2008-11 SELECT MERCEDES

### Link Interface with SWC Retention

Vehicles with "Audio 20" Head Units with Quadlock (16 Pin) Connector

- Retains Audio and Phone Steering Wheel Controls and Voice Control
- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Provides +12V ACC Via Data-Bus Interface

**LMZ60**

## 2008-12 SELECT MERCEDES

### Link Interface with SWC Retention

Vehicles with "Audio 20" Head Units with Quadlock (16 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LMZ50**

## 2016-UP SELECT NISSAN

### Link Interface with SWC Retention

Vehicles with Nissan (24 Pin & 20 Pin) Connector

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Retains Factory USB Input & AUX

**LNN10**

**2003-UP SELECT NISSAN**

**Link Interface with SWC Retention**

Vehicles with Nissan Connector (20 Pin, 6 Pin & 10 Pin, or 16 Pin & 8 pin)

- Retains Audio and Phone Steering Wheel Controls

**LNN20**

**2003-10 PORSCHE CAYENNE**

**Link + Interface with SWC Retention**

Vehicles with either Fakra (40 Pin) or ISO (16 Pin & 20 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Retains Factory Amplified Stereo System
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LPPE15**

**2003-10 PORSCHE CAYENNE**

**Link Interface with SWC Retention**

Vehicles with Quadlock (40 Pin) or Mini ISO (16 Pin & 20 Pin)

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LPE10**

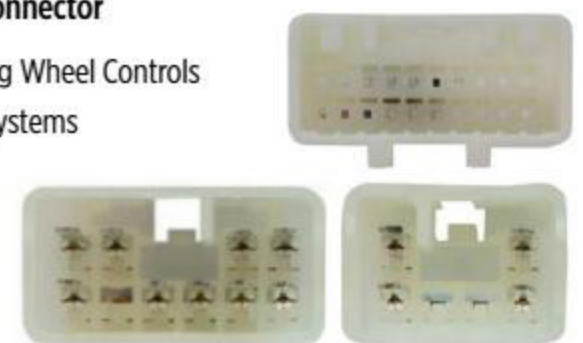

**2003-14 SELECT TOYOTA**

**Link Interface with SWC Retention**

Vehicles with Toyota (20 Pin) Connector

- Retains Audio and Phone Steering Wheel Controls
- Not for Use with JBL Amplified Systems
- Retains Factory AUX Input

**LTA10**

## 2003-14 SELECT TOYOTA /

### Link + Interface with SWC Retention

Vehicles with Toyota (20 Pin) Connector

- Retains JBL, Harman Kardon, Mark Levinson, and other Factory Amplified Systems
- Retains Audio and Phone Steering Wheel Controls
- Retains Factory AUX Input

#### LPTA15

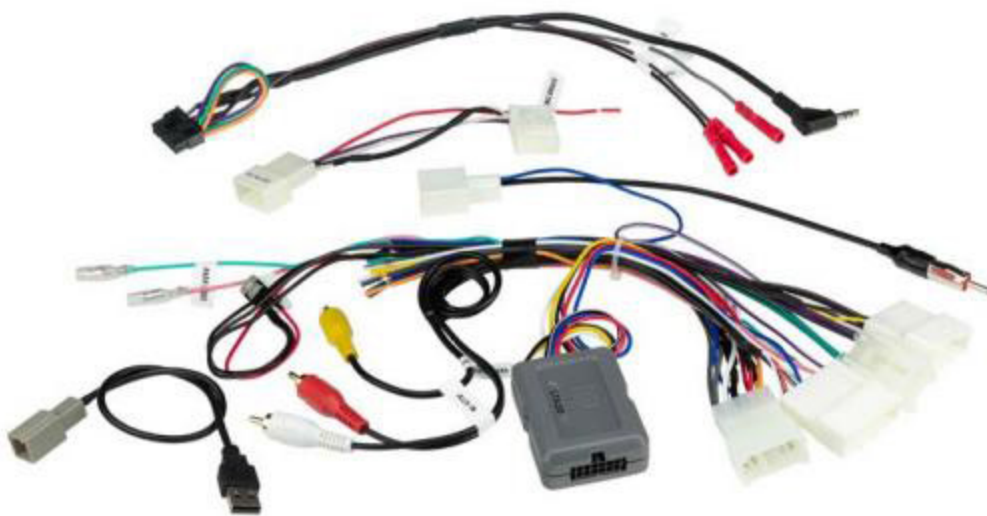

## 2012-UP SELECT TOYOTA /

### Link + Interface with SWC Retention

Vehicles with Toyota (28 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Factory Amplified Stereo System
- Retains Factory AUX and USB input
- Includes Antenna Adapter
- Retains Back Up Camera

#### LPTA25

## 2012-UP SELECT TOYOTA /

### Link Interface with SWC Retention

Vehicles with Toyota (28 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Not for use w/JBL Amplified Systems
- Retains Factory AUX and USB Input
- Includes Antenna Adapter
- Retains Back up Camera

#### LTA20

## 2004-14 VOLVO XC90 /

### Link + Interface with SWC Retention

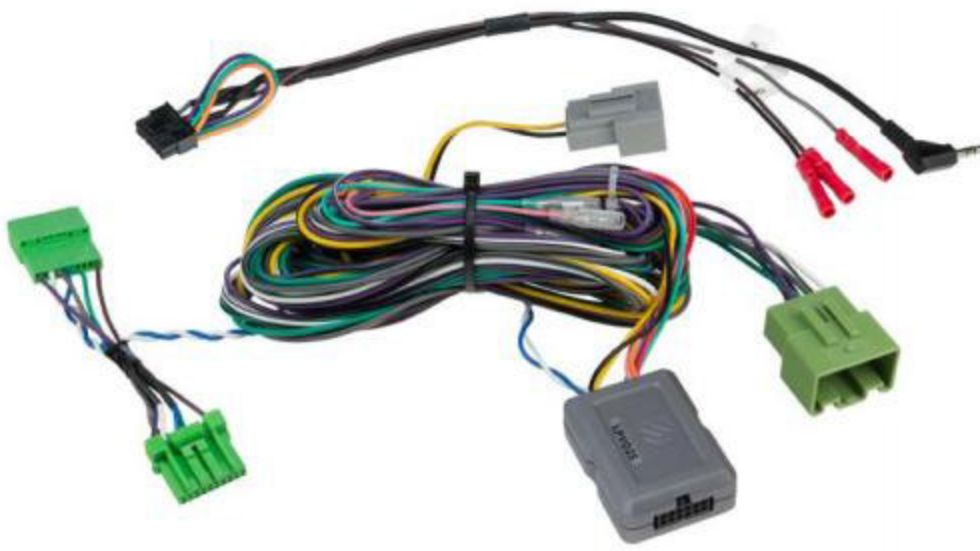

Vehicles with Volvo Green (16 Pin) and Gray (2 Pin) Connector

- Does Not Retain Factory Amplified Stereo System & Fiber Optic Amplifier
- Includes Chime Module to Replace Safety and Warning Chimes
- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Back Up Camera and Parking Sensors
- Provides +12V ACC Via Data-Bus Interface

#### LPV015

**2004-14 VOLVO XC90 /**

**2004-15 VOLKSWAGEN /**

**Link + Interface with SWC Retention**

Vehicles with Volvo Green (16 Pin) and Gray (2 Pin) Connector

- Does Not Retain Factory Amplified Stereo System & Fiber Optic Amplifier
- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Provides +12V ACC Via Data-Bus Interface
- Retains Fiber Optic Amplifier

**LPV025**

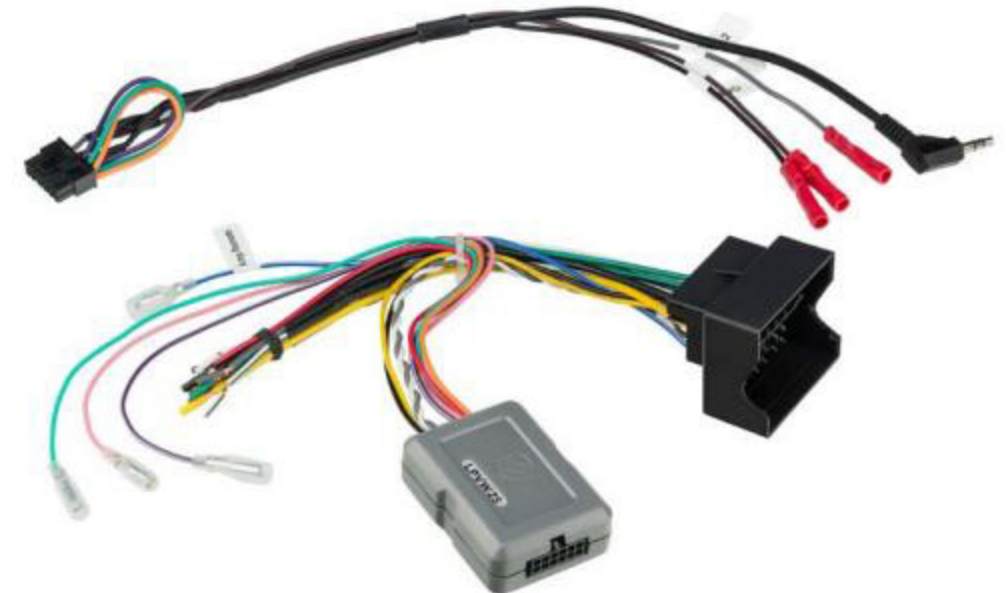

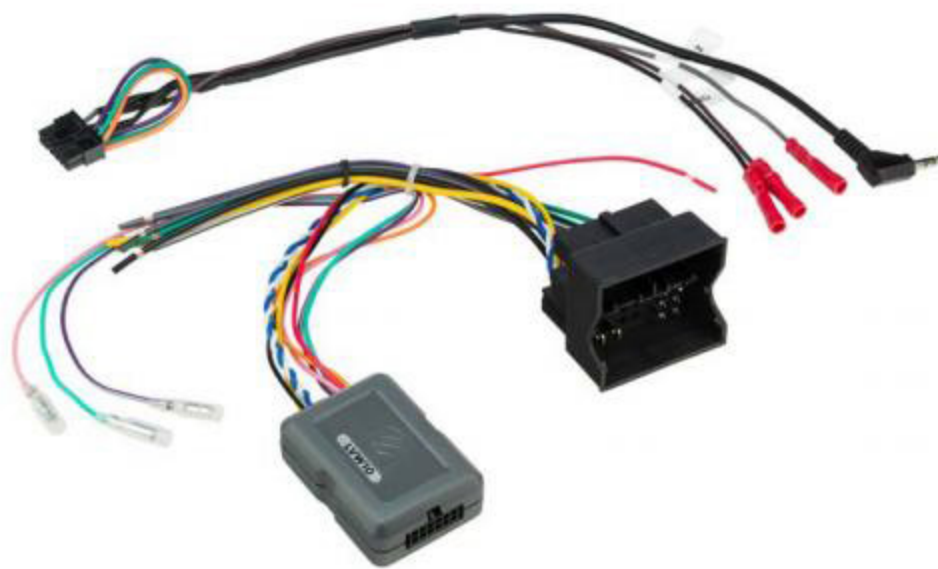

**Link Interface with SWC Retention**

Vehicles with Quadlock (40 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Not for Use on Vehicles w/Fender or Dynaudio Systems
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LVW20**

**2016-UP SELECT VOLKSWAGEN /**

**2011-15 SELECT VOLKSWAGEN /**

**Link Interface with SWC Retention**

Vehicles with Quadlock (52 Pin) Connector

- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**LVW10**

**Link + Interface with SWC Retention**

Vehicles with Quadlock (40 Pin) Connector

- Provides Analog +12V Output for Variable Dash Illumination
- Retains Audio and Phone Steering Wheel Controls
- For Vehicles with Fender Amplified Systems
- Provides +12V ACC Via Data-Bus Interface
- Retains Factory Amplified Stereo System

**LPVW25**

# LINK UNIVERSAL STEERING WHEEL CONTROL

The Scosche Link Universal Steering Wheel Control (LUSWC) Interface provides data bus and vehicle systems integration for a seamless installation of an aftermarket stereo into a modern dashboard. Supports ACC, dash illumination, speed pulse, reverse trigger and ground output for parking brake engagement. This interface retains factory steering wheel control functions including phone buttons. Compatible with 900+ vehicle applications across a variety of platforms and allows for the remapping of button functionality through a PC application. It works with vehicles on Analog, CAN-Bus, iBus, Class II and Matrix Platforms.

## **SCOSCHE COMPLETE SOLUTIONS**

*"The Scosche fit and build quality provide a true OEM look.  
Customers can't even tell you were there."*

*- Fernando Alba-Torres, At Audio, Denver, CO*

*We have all of the audio installation essentials you need such as: connectors, interfaces, speakers, amplifiers, and more. With Scosche products you not only have the peace of mind of knowing that you are buying a reputable brand with a warranty and lifetime tech support, but also that the different parts will work together seamlessly and as you expect them to.*

**2003-10 BMW X3 /**

**For Vehicles with Quadlock Connection**

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Relocates Climate Controls

**BW2339SRB**

**2006-12 BMW 3-SERIES /**

**For Vehicles with Auto Climate Controls**

**Vehicles with Quadlock Connection**

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**BW2372SRMB**

**2014-19 MINI COOPER F55/F56 //**

**For Vehicles without Hi-Definition Display**

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**BW2379SWCB**

**2004-07 BMW 5 SERIES //**

**For Vehicles with Quadlock Connection**

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**BW2380SRB**

**2008-11 BMW 1-SERIES //**

**For Vehicles with Auto Climate Controls**

**For Vehicles with Quadlock Connection**

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**BW2382SRB**

**2013-18 RAM 1500-3500 TRUCK //**

**with UConnect 3.0, 5.0**

**Complete Installation Solution with DDR Interface**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Visual Display of Factory Climate Controls
- Provides +12V ACC Via Data-Bus Interface

**CR1318TRCKS**

**2015-18 JEEP RENEGADE //**

**Complete Installation Solution with DDR Interface**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Visual Display of Factory Climate Controls
- Provides +12V ACC Via Data-Bus Interface

**CR1518RENCs**

**2014-18 FORD TRANSIT CONNECT //**

**Complete Installation Solution with DDR Interface**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Visual Display of Factory Climate Controls
- Provides +12V ACC Via Data-Bus Interface

**FD14UTRANCS - Black**

**FD14UTRANCSSR - Silver**

**2015-18 FORD FOCUS //**

**Non-NAV 4.3" Disp.**

**Complete Installation Solution with DDR Interface**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Visual Display of Factory Climate Controls
- Provides +12V ACC Via Data-Bus Interface

**FD15UFOCS**

**2019-UP FORD RANGER //**

**Non-NAV 8" Disp.**

**Complete Installation Solution with DDR Interface**

- Includes Plug and Play Interface for retention of factory customization menus and safety features
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Not Compatible with Sync3 8" Infotainment Systems
- Retains Audio and Phone Steering Wheel Controls
- Retains Factory Back-up Camera (if equipped)
- Provides +12V ACC Via Data-Bus Interface

**FD19URANCs**

**2014-18 GM FULL SIZE TRUCK //**

**Complete Installation Solution with DDR Interface**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Visual Display of Factory Climate Controls
- Provides +12V ACC Via Data-Bus Interface

**GM1418TRKCS**

**2015-18 GM COLORADO/GMC CANYON //**

**Complete Installation Solution with DDR Interface**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Visual Display of Factory Climate Controls
- Provides +12V ACC Via Data-Bus Interface

**GM15UMTRKCS**

**2003-04 INFINITI G35**

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**II1652CHB - Dual Zone AC - Charcoal**

**2016-UP KIA SORENTO //**

**For vehicles with Auto Climate Control**  
**Complete Installation Solution with DDR**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Display of Factory Climate Control
- Provides +12V ACC Via Data-Bus Interface

**KA2418DDRB**

**2016-UP KIA SORENTO //**

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Retains Factory Amplified Stereo System

**KA2418SWCB**

**2015-UP KIA SEDONA //**

**For vehicles with Auto Climate**  
**Complete Installation Solution w/DC**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Visual Display of Factory Climate Controls
- Provides +12V ACC Via Data-Bus Inter

**KA2420DRB**

**2015-UP KIA SEDONA //**

- Includes Chime Module to Replace Safety and Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Retains Visual Display of Factory Climate Controls
- Provides +12V ACC Via Data-Bus Interface

**KA2420SWCB**

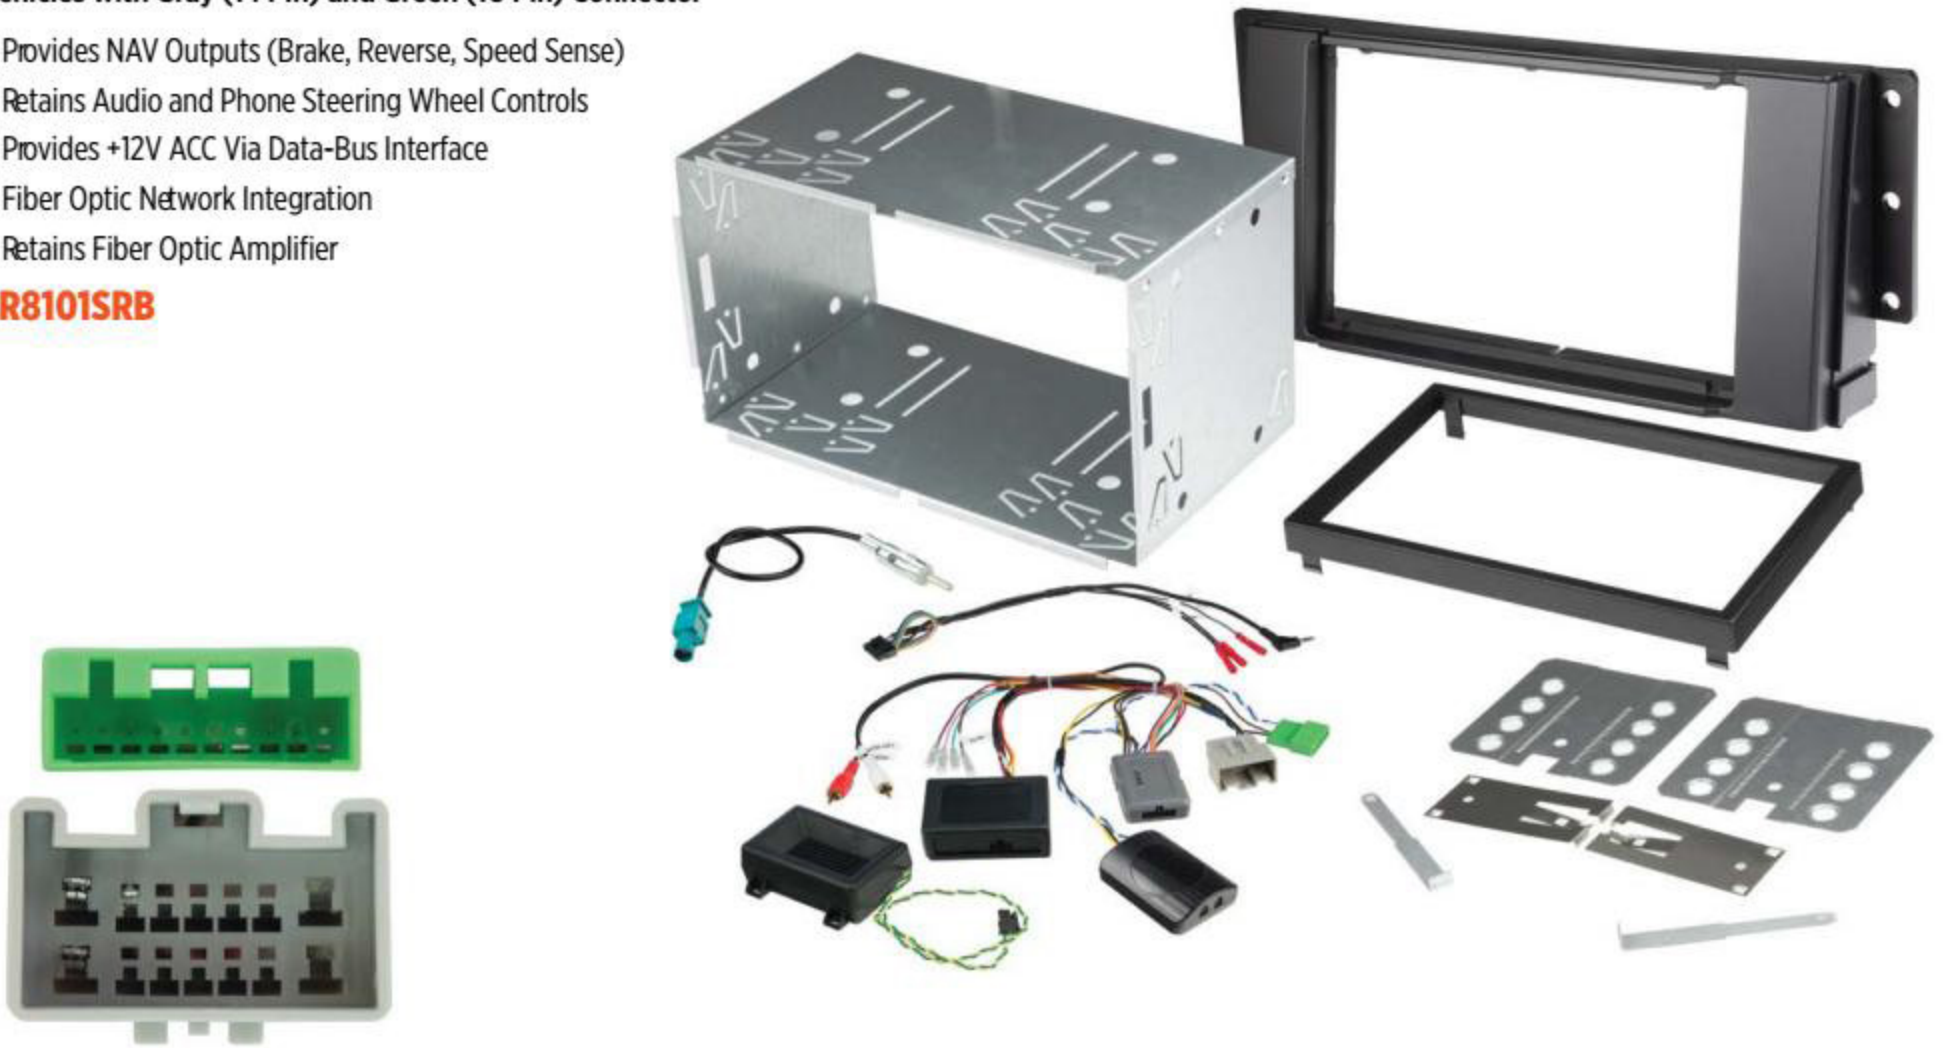

**2007-14 LAND ROVER LR2 //**

**DDIN with Steering Wheel Control**

Vehicles with Gray (14 Pin) and Green (10 Pin) Connector

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LR8101SRB**

**2003-12 RANGE ROVER //**

Vehicles with (20 Pin) Connector

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LR8102SRB**

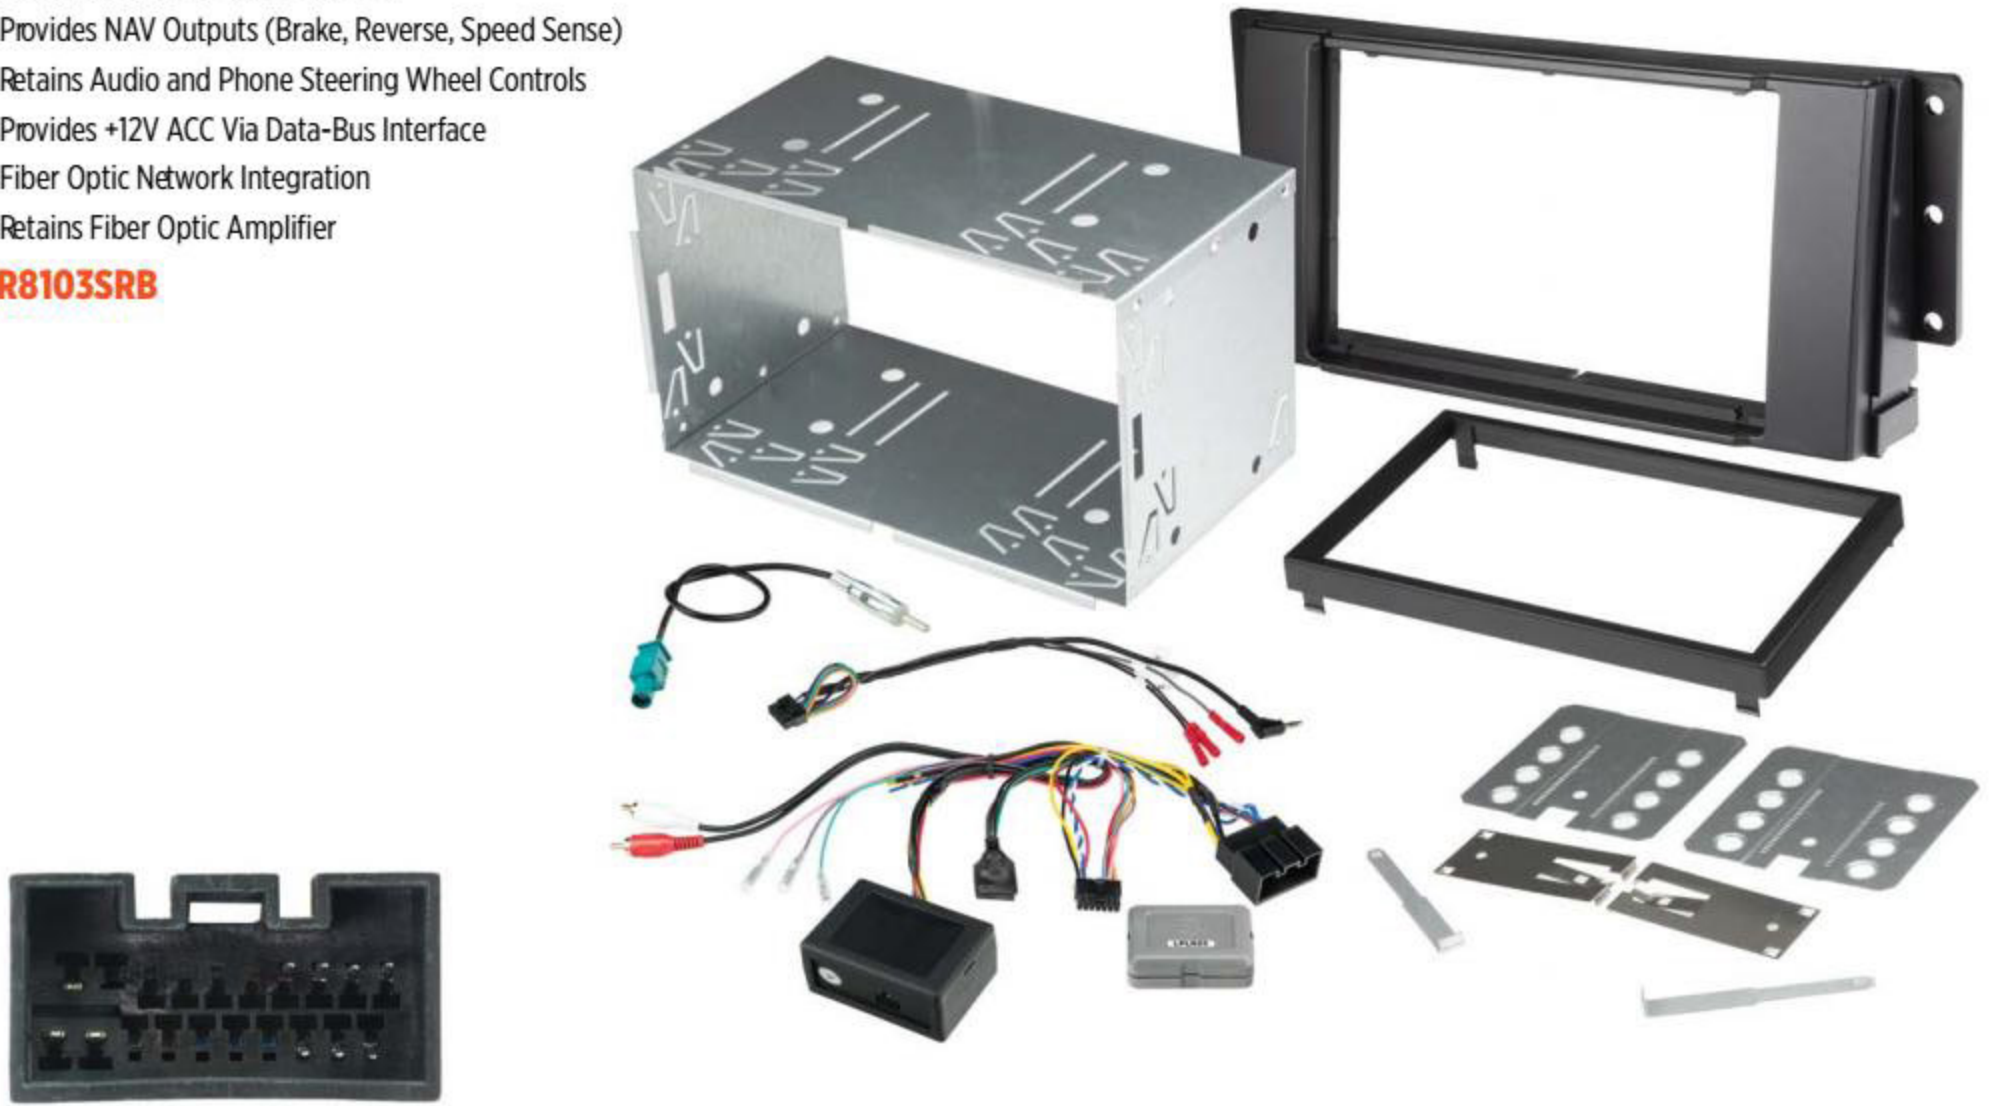

**2006-09 RANGE ROVER SPORT //**

**Vehicles with (20 Pin) Connector**

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**LR8103SRB**

**2006-11 MERCEDES BENZ ML //**

**Vehicles with (20 Pin) Connector**

- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration
- Retains Fiber Optic Amplifier

**MZ2350SRB**

**2004-14 VOLVO XC90 //**

**For Vehicles with Green (16 Pin)  
and Gray (2 Pin) Connectors**

- Does Not Retain Factory Amplified Stereo System & Fiber Optic Amplifier
- Includes Chime Module to Replace Safety/Warning Chimes
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface
- Fiber Optic Network Integration

**VO4155SRB**

**2015-UP VOLKSWAGEN GOLF //**  
**MARK 7 MODELS**

**For Non-Amplified Sound Systems**

**Complete Installation Solution with DDR Interface**

- Provides Analog +12V Output for Variable Dash Illumination
- Provides NAV Outputs (Brake, Reverse, Speed Sense)
- Retains Audio and Phone Steering Wheel Controls
- Provides +12V ACC Via Data-Bus Interface

**VW2352B - Flat Black**

**VW2352HGB - High Gloss Black**

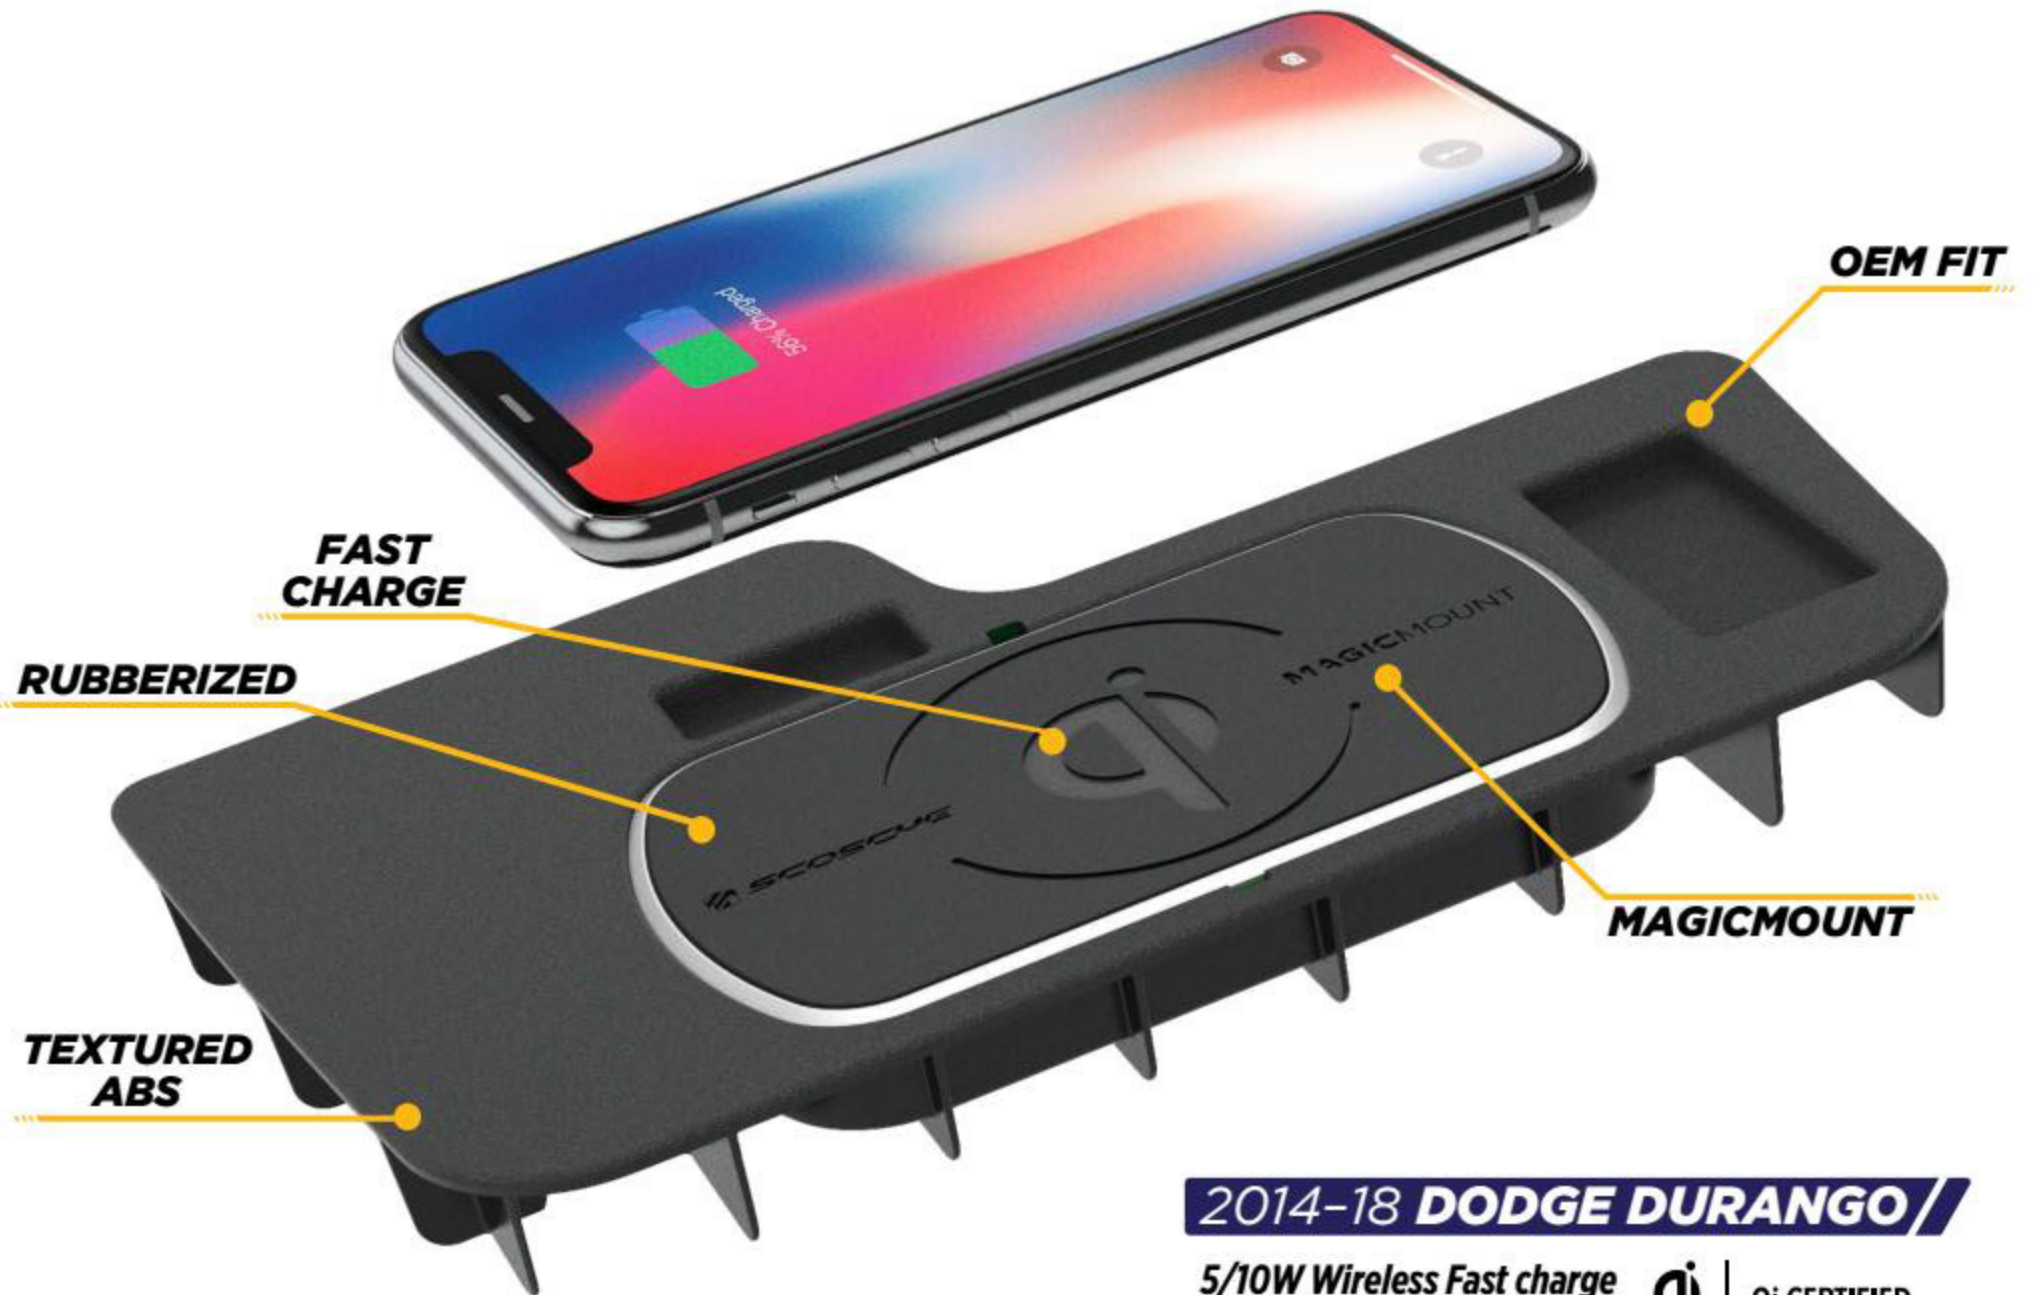

# SCOSCHE MAGICMOUNT™ PRO CHARGE WIRELESS CHARGING MOUNTS

"B&B Electronics is extremely proud to be the exclusive national distributor of Scosche products in Canada. Everything from dash kits, MagicMounts, EFX and Qi wireless chargers are made to the highest standard of quality. The customer service provided from the staff at Scosche is some of the best in the industry."

- Geoff Theoret, Product Manager, B&B Electronics, Edmonton, Canada

**2014-18 DODGE DURANGO /**

**5/10W Wireless Fast charge**

**Qi CERTIFIED**

**CRQ04**

All Scosche wireless charging products are Qi-Certified, which means they have undergone rigorous testing to ensure safety, interoperability and energy efficiency. Scosche is proud to be a member of The Wireless Power Consortium (WPC) the organization that created and enforces the Qi-Charging Certification Process.

The MagicMount Pro Charge combines the latest (and safest) Qi Wireless Charging technology with the #1 U.S. mount brand. It is Qi-Certified for compatibility with current and future Qi-enabled devices, as well as cases, receivers and battery covers. It provides up to 10W of charging power, and supports Apple, Samsung and Google Fast Charge. Additionally, Scosche's Qi-enabled chargers have advanced safety features such as foreign object detection.

## USB-AUX RETENTION HARNESSES

Replacing an OEM stereo doesn't mean losing the convenience of the vehicle's original USB and Auxiliary ports. Scosche USB-AUX retention adaptors allow for connection of the factory installed ports to the newly installed aftermarket stereo. See application guide for full vehicle details.

## CAMERA RETENTION HARNESSSES

Replacing an OEM stereo doesn't mean losing the convenience of the vehicle's original reverse camera system. Scosche Camera Retention Harnesses allow for connection of the factory reverse camera to the newly installed aftermarket radio's reverse camera input. These vehicle specific harnesses cover many popular applications, save time and simplify installation. See application guide for full vehicle details

### INSTALLATION KITS

Locate your vehicle in the application guide. Cross reference your particular vehicle to the car stereo you have purchased. You will find the model number of an installation kit for each style of stereo mount.

### SPEAKERS

Locate your vehicle in the application guide pages and cross reference the front and rear speaker columns. You will find the factory equipped speaker size for each location at the top of the page.

This will help you choose the **CORRECT SIZE** and **LOCATION** for installing or replacing the speakers in your vehicle. Some vehicles have suitable speaker mounting locations where there are no factory equipped speakers. Those listings will be noted with the word "MOD, (Modify)". These speaker installations require cutting and adding wire to install them in the vehicle.

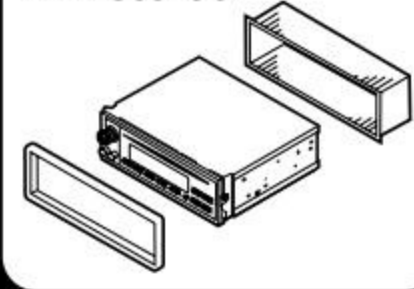

### TYPES OF STEREOS

**DIN (Front-Load) Stereo:**  
(This is the most common type of mount)  
DIN (Front-Load) stereos mount from the front through a single rectangular hole in the dash or installation kit, using a metal mounting sleeve supplied with the stereo.

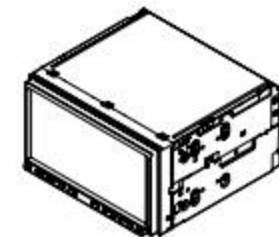

**DOUBLE DIN Stereo:**  
Double-DIN stereos attach to the factory stereo's side mounting brackets, and are rear loaded into the dash or installation kit.

**ISO DIN (Side-Mount) Stereo:**  
ISO-DIN Side-Mount stereos attach to the factory stereo's side mounting brackets, and are rear loaded into the dash or installation kit.

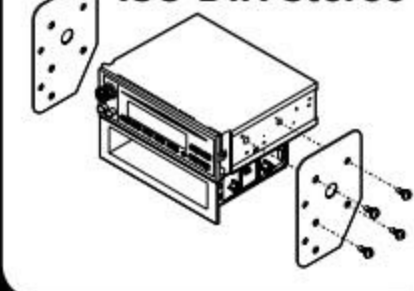

**DIN Stereo**

**DOUBLE DIN Stereo**

**ISO DIN Stereo**

- Watch movies, shows and more from the backseat.
- Mount device in portrait, landscape or any angle in between.
- Cradle-free, open design allows for complete access to all connections and controls.

## MAGICMOUNT™ XL DASH/WINDOW

Magnetic Dash & Window Mount for Tablets and Other Devices

MAGTHD2

- Safely and quickly secure a tablet or smartphone to your dash or window.
- Extra Large head contains powerful Neodymium magnets that are 100% mobile device safe.
- Flex-neck design means freedom to position device at any number of viewing angles.
- StickGRIP™ material provides a strong hold to any dash or window.
- Permits safe and easy one-handed device use and access to all controls and ports.
- Mount your tablet or other device in portrait, landscape or any angle in between.
- 5' neck length

**MAGICMOUNT™ SURFACE2**  
Double-Sided Magnetic Flush Mount for Mobile Devices (2 pack)

MS21

- Double-sided, bendable magnetic mount
- Safely and quickly secure mobile devices and more to most metallic surfaces.
- Powerful Neodymium magnets are 100% mobile device safe.
- Mount device in portrait, landscape or any angle in between.
- Allows for safe and easy one-handed device use and access to all controls and ports.
- Great for tool boxes, fridges, metal racks and more.
- Compact size (2 in x 1.6 in) with a powerful hold.

**MAGICMOUNT™ SURFACE**  
Magnetic Flush Mount for Mobile Devices

MAGFM

- Single-sided magnetic mount.
- Safely and quickly secure mobile devices to almost any surface around the home and office.
- Powerful Neodymium magnets are 100% mobile device safe.
- Mount device in portrait, landscape or any angle in between.
- Allows for safe and easy one-handed device use and access to all controls and ports.

**MAGICMOUNT™ XL SURFACE**  
Magnetic Flush Mount for Tablets and Other Devices

MAGTFM2

- Magnetic mount with larger head designed for tablets and larger devices.
- Safely and quickly secure mobile devices to almost any surface around the home and office.
- Powerful Neodymium magnets are 100% mobile device safe.
- Mount device in portrait, landscape or any angle in between.
- Permits safe and easy one-handed device use and access to all controls and ports.

## MAGICMOUNT™ *MINI MAT*

Magnetic Mount with StickGRIP™ Mat for Mobile Devices

MAGMS2

- Safely and quickly secure a mobile device to your dash.
- StickGRIP™ material securely holds mount to the surface.
- Powerful Neodymium magnets are 100% mobile device safe.
- Mount device in portrait, landscape or any angle in between.
- Permits safe and easy one-handed device use and access to all controls and ports.

## MAGICMOUNT™ *POWER HUB*

Magnetic Cup Mount and Power Hub for Mobile Devices

MAGPCUP

- Safely and quickly secure a mobile device via vehicle's cupholder.
- Expandable base to fit large and small cupholders.
- Flex-neck design means freedom to position device at any number of viewing angles.
- Dual 10 Watt/2.1A USB ports can rapidly charge two devices at once.
- Dual 12V DC sockets for powering 12V devices.
- Powerful Neodymium magnets are 100% mobile device safe.
- Mount device in portrait, landscape or any angle in between.
- Permits safe and easy one-handed device use and access to all controls and ports.

## MAGICMOUNT™ XL CLAMP

Magnetic Clamp Mount for Tablets and Other Devices

MAGTHC2

- Magnetic mount with extra large head designed for tablets and larger devices.
- Quick, easy and secure magnetic mounting.
- Large, more powerful, magnetic head safely secures devices up to 2 lbs.
- Clamp easily attaches to desks, tables, bed frames and more.
- Open design permits full access to all device controls and ports.
- Allows for safe and easy one-handed device use.
- Mount your tablet in portrait, landscape or any angle in between.

## MAGICMOUNT™ DASH/WINDOW

Magnetic Window/Dash/Home Surfaces Mount for Mobile Devices

MAGHDGPS

- Safely and quickly secure a mobile device to car and home surfaces.
- StickGrip™ material provides a strong hold on countertops, desks and other home surfaces, plus dash, window, or textured flat surfaces.
- Powerful Neodymium magnets are 100% mobile device safe.
- Flex-neck design gives you freedom to position your device in virtually any viewing angle.
- Permits safe and easy one-handed device use and access to all controls and ports.

## MAGICMOUNT™ POWER

Magnetic Power Socket Mount with USB Charging Port(s) for Mobile devices

MAG12V121 - SINGLE 12W (2.4A) USB PORT

MAG12V242 - DUAL 12 W (2.4A) USB PORTS

- Safely and quickly secure a mobile device via your vehicle's power outlet.
- Flex-neck design and 4-Axis adjustable head with lock-nut means freedom to position device at any number of viewing angles.
- USB port(s) to quickly charge mobile devices.
- Powerful Neodymium magnets are 100% mobile device safe.
- Permits safe and easy one-handed device use and access to all controls and ports.

# UNIVERSALMOUNTS

For Phones, GPS, Cameras, and More

### **CAMKLAMP™** Bike Mount for GoPro® Cameras

BMGP

- Securely mounts your GoPro® to your bike handlebars, seat post, frame, and more.
- Adjustable pivot system allows you to fine tune your GoPro viewing angles.
- Quick release design removes the need for tools, allowing easy installation.
- Also includes ¼" screw mounting port.

### **HANDLEIT™ PRO 2-IN-1** Rugged Weather-Resistant 2-in-1 Bike Mount for GoPro® and Mobile Devices

BM2N1  
BMXL

- 2-in-1 design allows you to mount your device and GoPro at the same time.
- 360-Degree swivel head allows for vertical and horizontal viewing.
- Adjustable pivot system allows you to fine tune your GoPro viewing angles .
- Built-in screen protector for full touchscreen operation.
- Works with iPhone 7/7 Plus / 6 / 6 Plus, Samsung S8 / S7 and more.

### **HANDLEBARMOUNT** Bike Mount for Mobile Devices with Elastic Bands

HDM3SM

- Clamping arms open to 3.5" wide to fit larger devices.
- Non-skid padding for firm grip.
- Adjustable clamp safely secures your device .
- Includes optional safety bands for aggressive riding.

### **MAGICMOUNT™ CAM KLAMP** Magnetic 2-in-1 Bike Mount with Elastic Band for GoPro and Mobile Device

MBM3SM

## HANDLEIT™

### Bike/Stroller Mount for Mobile Devices

HFBM01

- Securely mount your device while you ride or stroll.
- Clamping arms open up to 4" wide for iPhone, iPod, Android Devices, GPS devices and more.
- Rotating and pivoting head design allows for multiple viewing angles.
- Includes two elastic bands for secure hold during off-road use.
- Adjustable clamp fits almost any handlebar diameter.
- Push button release allows for easy mounting/unmounting of your device.

## AMK1

### Universal Camera Mount Kit with GoPro® Adapter

AMK1

- Conveniently attach your GoPro, iON, or Sony camera to any window, dash, flat surface and more using the system bases.
- Works with GoPro, iON camera, camcorder, DSLR camera, or handheld device with a 1/4" screw mounting port.
- 1/4" Multi-base system (3M adhesive, magnetic, and suction cup bases included) easily attach to an array of surfaces.
- 3M Adhesive base attaches to any flat smooth surface.
- Magnetic base attaches to most metal surfaces to permit unique camera shooting angles.
- StickGrip™ material on suction cup base provides a strong hold on countertops, desks, tables and other flat surfaces.
- Great for outdoor use in a variety of environments.
- Includes GoPro adapter.

## AMK2

### Universal 1/4" Action Mount Kit with GoPro® Adapter

AMK2

- Conveniently attach your GoPro, Sony or other device to a window, dash, flat surface and more.
- Works with GoPro, iON cameras, camcorders, DSLR cameras and handheld devices with a 1/4" screw mounting port.
- 4-Axis rotation and lock-nut to secure camera position.
- Integrated 3M base kit easily attaches to smooth surfaces in hot and cold conditions.
- Ideal for paddle boarding.

## POWERMOUNT

Universal Smartphone Flex-Neck Power Socket Mount with Dual USB Charging Ports

IH12V – DUAL PORT 12 WATT

H12VFXM – SINGLE PORT 7.5 WATT

- Safely and quickly mount a mobile device via vehicle's power outlet.
- Permits both mounting and charging of mobile devices.
- Flex-neck design and 360-degree swiveling head provide freedom to position device at virtually unlimited viewing angles.
- USB port(s) to quickly charge mobile devices.
- Permits safe and easy one-handed device use and access to all controls and ports.

## VENTMOUNT

Universal Vent Mount for Mobile Devices

HVM2

- Safely and quickly mount a mobile device onto a vehicle's vent.
- Permits safe and easy one-handed device use and access to all controls and ports.
- Cradle arms extend up to 3.5" to accommodate a variety of smartphones and other devices.

## CARMOUNT

### Universal Car Mount for Mobile Devices

WDSM2

- Adjustable to fit devices up to 3.5" wide.
- StickGrip suction cup creates a secure hold on windows and textured dashboards so you can mount your device wherever you want it.
- 360-Degree adjustable design for viewing at different angles.
- Vent clip adapter ensures firm mount hold for securing your device.

## WINDOW/DASHMOUNT

### Suction Cup Mount for Mobile Devices

HDM

HDVM - DASH/VENT KIT

- Safely and quickly mount a mobile device to the dash or window.
- Permits safe and easy one-handed device use and access to all controls and ports.
- Cradle arms extend up to 3.5" to accommodate a variety of smartphones and other devices.
- 360-Degree swiveling head provides freedom to position device at virtually unlimited viewing angles.
- StickGrip suction cup creates a secure hold on windows and regular and textured dashboards. If the StickGrip ever loses its grip, simply rinse the suction cup off with lukewarm water, shake and let air dry.

## STUCKUP

### 4-in-1 Universal Mounting Kit for Mobile Devices

IHW10

IUHW9 - WINDOW & VENT FOR GPS

- Clamping arms open up to 4" wide and adjust to fit most mobile devices.
- Open design allows for complete access to any mobile device.
- Versatile mounting options — vent, windshield, dash, cup holder and console.
- 360-Degree swivel allows for multiple device positioning and viewing angles.
- Push-button release allows for easy removal of your device.

## HEADRESTMOUNT

Rear Seat Headrest Mount for Tablets

### HRMT

- Safely and quickly secure a tablet to the back of a vehicle's headrest.
- Easily detaches and attaches to the back of a vehicle's headrest.
- Clamping arms open up to 10" wide to fit larger tablets.
- Watch movies, shows and more from the backseat.
- Swivels 360-degrees to position tablet in portrait, landscape or any angle in between.
- Allows for complete access to all connections and controls.

# BOOMBOTTLE® MM

## Waterproof Wireless Speaker with Built-in MagicMount™

BTMSC4-BB2 - (RED STRIPE)  
BTMSC3-BB2 - (GRAY)  
BTMSC5-BB2 - (BLACK CAMO)  
BTMSC1-BB2 - (BLACK)  
BTMSC6-BB2 - (BLACK HATCH)

- 12W 45mm High-quality speakers and passive subwoofer produce rich, clear sound.
- IP67 Rated dust and waterproof/dustproof construction.
- Magnetically mount your device to the BoomBottle MM while also magnetically mounting the BoomBottle to most metal surfaces.
- Powerful 4,000mAh rechargeable Lithium-ion battery provides up to 12 hours of play time .
- Control, play/pause and skip tracks from the BoomBottle MM.
- Dual pairing for stereo sound.
- 4 LED battery level indicator.
- Built-in bottle opener.
- Includes Type-C Charge and Sync cable.
- Bluetooth V4.2.

**POWERSPORTS MOUNTS**

# **MOUNT UP. MOVE OUT.™**

Scosche Powersports Mounts provide the most advanced, rugged and incredibly versatile, system available. Offering the widest range of functions, styles and sizes, there's a mount for everyone, every vehicle, every need, and every budget.

**SCOSCHE**<sup>®</sup>

ACCESSORIES FOR LIFE<sup>™</sup>

They say that “necessity is the mother of invention”. This past year, more than ever before, we’ve all found it necessary to rely on technology and our devices to keep us safe, connected, learning, working, healthy and entertained.

Inspired by user innovation from our customers, ambassadors and employees, we’ve created new products and adjusted existing products to make them even more innovative, user-friendly and useful. You may have thought of Scosche as an in-vehicle accessory specialist, only to now discover the value of our mounts, chargers, cables, adapters, and organizers for in-home and in-office, as well as for your home office and home classroom.

For those, like our ambassadors, who choose to social distance by heading to the desert, trail, mountains or beach, our selection of smart dash cams, powersports accessories, heart rate monitors, bike mounts, etc. make that a safer, richer and happier experience.

Wherever you are in life, and wherever you hope to be a year from now, Scosche is there with you with Accessories for Life!

**SCOSCHE Industries is the #1 Mount Brand\* and a leading innovator of award-winning consumer technology, powersports and car audio products and accessories.**

# CARL JO

BASSMASTER ELITE ANGLER

# CLUMSEN

# CARL JOCUMSEN

## BASSMASTER ELITE ANGLER

Carl Jocumsen is the first ever Australian angler to win the Bassmaster Elite Series. Qualifying in both 2014 and 2018, Carl won his first Elite Series event in 2019 at Lake Tenkiller, Oklahoma.

A Scosche Ambassador since 2017, Carl epitomizes our philosophy of following your dreams, and living a life you love. He thoroughly road- and water-tests our products.

### **How old were you when you started fishing?**

I have been fishing ever since I can remember, or since about 5 years old. I competed in my first Bass tournament at 15 and haven't stopped since then.

### **Do you remember the first fish you caught and where you caught it?**

My first fish? It is etched in my mind forever and is the reason I am so passionate about this sport. I was 5 years old, fishing off the beach at Fraser Island in Australia. When I got that first bite I ran up the beach with my rod and fish and showed every campsite up and down where we were camped, I was so proud and I've been "hooked" ever since.

### **Was it difficult to make the decision to move to the U.S.?**

Moving from my homeland in Australia was one of the toughest decisions of my life. Leaving my family and friends who I had spent every day with for 26 years of my life was tough on me. But with big dreams come big sacrifices, and everyone has been behind me supporting me every step of the way.

### **What skills and personality traits do you think are most important to becoming a successful angler?**

Patience is one of the best traits you can have as an angler and honestly, with just everything in life. If you want something great it's going to take a lot of time, a lot of work and a massive amount of patience.

### **What was it like to be the first Australian to win the Elite Series?**

Winning my first event last year came with a feeling I can't describe. After a lifetime of work and sacrifice it all came together in one week. It helped me to understand why I went through so many failures to get there, it all made sense. The smartest thing I've done in my life is to not quit.

### **How important is your support team, your wife Kayla, and Roo the Bass Dog, to your success?**

It simply would not be possible without my support crew behind me. Having my amazing wife Kayla and our dog Roo with us through every step has been the biggest blessing in my life. Kayla has made sacrifices to support my dream and it has become her dream too. I don't know what I would do without her by my side. And she can back a boat down the ramp better than anyone I know. I'm a lucky man.

### **How do yours and Scosche's brands complement each other?**

It has been incredible to work with a company that has the same drive and passion for life and career as I do. Life can be hard along the way and Scosche creates products that help make people's lives a little easier and I'm all about that. Put those elements together and it has made a great partnership over many years and we look forward to many more to come.

### **And in conclusion**

This has been a lifelong dream of mine to compete at the highest level of Bass fishing in the USA. To have the support of an amazing company and people at Scosche has made it all possible and I'm truly grateful for that every day.

*"The smartest thing I've done in my life is to not quit."*

# CARL'S FAVORITE SCOSCHE GEAR

## What is your favorite Scosche product(s) for work? On the road? And play?

It's gotten to a point where Scosche has created so many amazing products that I use every single day of my life. it's hard to pick any favorite but I'll give it a go.

**Work:** It has to be the PowerUp 700, this jump starter has saved me on the water and road dozens of times when a flat (dead) battery has almost compromised a tournament. It saved the day every single time.

**Road:** This one is easy, the MagicMount phone mounting system. I don't know what we would do without it. It just makes life easy when traveling across the country.

**Play:** Has to be the BoomBottle MM. We take ours everywhere we go from the shop at home, the camper, the beach and on the water. It enhances every moment we get to chill and hang out.

# MICHELE

PROFESSIONAL RACECAR DRIVER

# ABBATE

# MICHELE ABBATE

## PROFESSIONAL RACE CAR DRIVER - GRR RACING

Michele is a professional race car driver and a valuable Scosche ambassador since 2016. Her incredible driving skills are matched only by her passion for her profession.

### **How old were you when you first knew you wanted to race?**

I was about 9 years old. My older brother Michael was the racer and got his first go-kart when he was 8. I was 6 at the time so I got to experience the sport as a spectator for many years.

### **Tell us about your current race car?**

Black Betty is a purpose built tube-chassis road racing car built by Howe Racing and she's powered by an LS3 Chevrolet Katech engine with a fiberglass Gen 5 Camaro body to top it off. Most people relate it to a stock car or NASCAR, but it is the spec car for the Trans Am (Trans American) series in the TA2 category. TA2 is the largest and most competitive class in the entire series. The Trans Am class limits power to 500hp and is the most cost-friendly in professional racing. The engine's are sealed and certain components are capped at a specific cost, which sets up somewhat of a spec class. It results in some of the closest racing, and truly showcases the talent of the drivers.

### **How do you prepare for a race?**

My daily routine is a continuous preparation for my next race. It includes staying healthy, strong, and focused. My team and I work hard to eat right, exercise and build muscle. Mentally I prepare by reviewing data from when I was at that particular track and where I can improve my lap times. Even a hundredth of a second can make a mega difference in the result. Emotionally, I am calmest during the minutes before a race and have been known to fall asleep on the grid.

### **What's running through your head right before the flag falls?**

I am laser focused on the flagger, waiting to see the lift in his arm, so I can get the best start possible. It's crucial to be in the right gear to give you the best RPM range off the start and it typically differs at every track. Starts are stressful from any position on the grid and sometimes making it through that first corner is the biggest challenge!

### **Who's your greatest influence and/or mentor?**

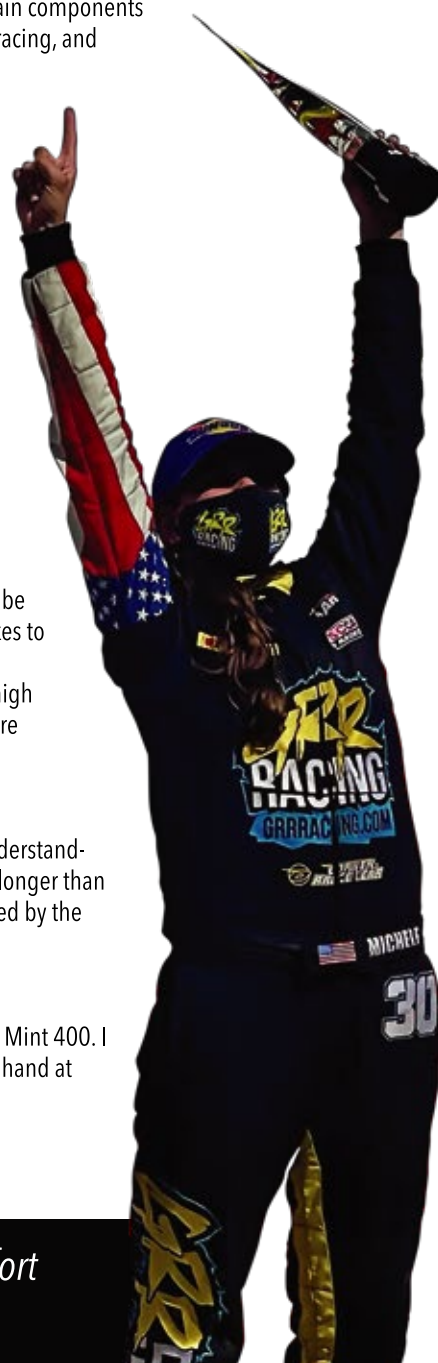

My husband Anthony is my Crew Chief and he has been there since the beginning of my journey. He always helps me make decisions, pushes me to do my best, and guides me when needed. I wouldn't be who I am or where I am without him and I'm very thankful. He gave up his passion of racing sport bikes to help me pursue my dream and I never want to let him down. Our entire lives revolve around our race program and I am so fortunate to have Anthony by my side through it all. We met our senior year of high school and he has seen ALL of my struggles and has shared our successes. Our team is small but we are strong, smart, dedicated, and unstoppable.

### **What's the best piece of advice you've ever received**

"Believe in Yourself." To do anything well you have to have confidence, but you also need respect, understanding, and an openness to learn. The next thing is, "You get out of it what you put into it". It might take longer than you expected, or there may be a few streaks of bad luck, but in the end your success will be determined by the amount of effort you put in. Dreams don't work unless you do!

### **How did you first learn about Scosche?**

I saw the products installed on my friend Jerry Zaiden's off road truck when we helped him out at the Mint 400. I had seen the BoomBottle advertised online and really wanted to hear it play. I got to check it out first-hand at SEMA 2015 and knew it was something I had to have.

*"In the end your success will be determined by the amount of effort you put in. Dreams don't work unless you do!"*

# MICHELE'S FAVORITE SCOSCHE GEAR

## Favorite Scosche Product and why?

My favorite has got to be the BoomBottle, because I love having music with me everywhere, even in the shower! It's portable, waterproof and provides good sound. My most used product is definitely my MagicMount - I can't live without it!

# JORDAN

PHOTOGRAPHER, PHOTOGRAPHER

# HALLAND

R, AND DIRECTOR

# JORDAN HALLAND

## PHOTOGRAPHER, CINEMATOGRAPHER, AND DIRECTOR

Jordan Halland has shared his creative gift and unique world-view for our benefit since 2015. If you follow Scosche on our Instagram page or spend time on our website, you've likely admired his photographic and cinematography skills, capturing our products in their natural habitat.

### **At what age did you discover you're a storyteller, and when did you decide film was your medium?**

I always loved movies and thought in terms of storytelling. I grew up skateboarding and snowboarding and Spike Jonze was an early influence on me and my desire to make a career behind the camera. For a long time I thought I would be an author but the immediacy and possibilities of film really drew me in. I think everyone who picks up a camera or a guitar, or a paintbrush wants to share a part of themselves. We want to be seen and to know we aren't alone. I made a documentary about a man who was stuck in an avalanche and afterwards a man came up to me and said "You are a father, aren't you?" I made the film because I was wrestling with my role as a dad, who sometimes puts himself in dangerous situations for a living. That was the highest compliment I have ever received for my work.

### **Your work has an international feel and influence. Where are you from and where do you call home?**

I grew up in Kalispell, Montana and my parents opened the world up to us. Most summers in my teens were spent traveling to foreign countries for mission trips with our church. When I was 13 we went to Jamaica and I asked my Dad if I could go to Bob Marley's house which is now a museum. He said yes and I hopped in a cab by myself and spent the day touring the property. I have never viewed the outside world as a dangerous place or something to fear. I now live in Coeur d'Alene, Idaho with my wife and three kids and we try to explore outside the U.S. whenever possible.

### **How do you get people to open up and share their story and image?**

Familiarity. It takes quality time with the subject. They need to trust you and also they need to know that you care about them. There are projects where I have been talking with the subject for years before we ever turn on the camera. If I don't care about them, I can't tell their story.

### **How do yours and Scosche's brands complement each other?**

Scosche is passionate about what I am passionate about. They share real people's stories and how they use their products. My work with Scosche has been with real athletes who really use the products. Scosche is about travel and adventure and that fits so well within my life and work.

### **How has the Pandemic affected your work?**

I was home the most I have ever been in the past 10 years. I built an editing office on my property and spent time with my family. There was a point where I was beginning to panic and my wife said "You need to come to terms with the fact that this is your reality now". It changed my perspective immediately and now I think this has been my favorite year.

### **You embrace adventure and don't shy away from taking risks.**

#### **What advice do you offer to would-be adventurers?**

You don't need a budget, sponsors, or the nicest camera equipment, you just need tenacity. I didn't own a camera until about six years ago. Before that I would borrow or rent gear. There will always be a better time to do something and the hardest part is starting.

*"You don't need a budget, sponsors, or the nicest camera equipment, you just need tenacity."*

# JORDAN'S FAVORITE SCOSCHE GEAR

## What is your favorite Scosche product(s) for work, and play?

My favorite for work and play is for sure the BoomBottleMM. Whenever I pull one out on a shoot everyone gathers around and wants to know all about it. Then I stick it to the side of my tripod or car and people freak out. I always have one with me when I travel. The MagicMount system is a game changer. Every car and desk in my house has one and I take one with me whenever I travel.

# NICA

ROCKSTAR PERFORMANCE

# SHRY

NCE

# NIC ASHBY

## OWNER/OPERATOR, ROCKSTAR PERFORMANCE GARAGE

If you've ever admired the Scosche show vehicles, you've witnessed the unique skill and artistry of Scosche Ambassador since 2016, Nic Ashby. Nic and his Rockstar Performance Garage crew have a true passion for vehicles and it shows in every one of their builds.

### **When did your interest in vehicles begin?**

I grew up on a horse ranch in southern Utah, so I was driving trucks around the farm at an early age. As soon as I turned 16 I got my license because that represented independence and freedom.

### **When, and how, did you start doing vehicle builds?**

I was in the Army National Guard from 2003 to 2012 and was deployed to Iraq for 14 months, assigned to a combat engineering unit as a demolition guy. I used my prior construction experience to reinforce and add extra armor to the military vehicles in Iraq by chopping up quarter-inch steel and mounting it to the vehicles as extra protection.

### **How do you keep yourself, and your Rockstar Performance team, motivated?**

I got into this whole thing because I love working on cars and I love doing what I do. All of the guys who work for me are very much the same way and they love what they do. I think the happy balance is trying to figure out a way to keep everybody productive but not destroy their passion. If you push people too hard they can start to not love it and you can lose that creative drive, that inspiration.

### **What makes yours and Scosche's brands work so well together?**

We both pride ourselves on our commitment to the end user by supporting the customer's passion. We help people live their dream, whether that's off-roading in mild jeeps or SUVs, to crazy-built buggies. Scosche's parts are universal and are used on regular road vehicles or by someone rock climbing vertical walls and racing across the desert. For example, we take people to the Great American Crawl, where they get to experience the type of trails they would never normally have the chance (or sometimes, courage) to. Designing the powersports line is probably one of the most exciting things I did with Scosche. These products help the average powersports hobbyist take their interest to the next level.

### **Of all the vehicles you've owned, which is your all-time favorite?**

The Rockstar GRDLOC Jeep CJ7 is probably the pinnacle vehicle that I've ever owned. It's literally a quarter million dollar vehicle that we hand-built. Next to that, is a 2009 Camaro that Chevrolet gave to me for a build. It broke my heart the day I sold it, but it was also life-changing for me. I used the proceeds from the Camaro to launch LDRSHIP Designs and Rockstar Garage. I had so many people who wanted to buy that car that I interviewed potential buyers. I sold it to a guy who didn't offer the most money, but I knew that it was gonna be his baby, and he had saved for years, and paid for it in cash. He shipped it to his home in Greenland, where I believe he's still racing it.

### **What surprising thing would you like people to know about you?**

People think my family was in the auto industry, or I had connections there. In reality, I grew up in rural Utah, had no connections, absolutely none, to the auto industry. I didn't graduate high school and was a teenage anarchist! I had to go to college to study for my GED in order to join the military. It's pretty crazy to think how I came from those humble beginnings to now working on a brand new Cyberpunk video game which is set to be the biggest franchise to hit the gaming industry in the next decade. It just goes to show what you can do if you follow your passion.

*"I got into this whole thing because I love working on cars and I love doing what I do."*

# NIC'S FAVORITE SCOSCHE GEAR

## Do you have a favorite Scosche product?

The two items I take on every trip are the BoomBottleMM and the BoomBuoy Bluetooth speakers. They are definitely favorites of mine because they're versatile, rugged and they put out a great sound.

# LEON RO

INSPIRING CYCLIST

A photograph of a desert landscape at dusk or dawn. A dirt road winds through the scene, leading towards a small building in the distance. The sky is a pale blue, and the ground is a mix of dark brown and light tan. The overall mood is quiet and remote.

**DODGERS**

# LEO RODGERS

## INSPIRATIONAL CYCLIST

We are pleased to welcome, and introduce, cyclist Leo Rodgers as our newest Scosche Ambassador. As an accomplished and enthusiastic athlete, Leo uses his cycling skills, along with his life experiences, to inspire and motivate others.

Scosche is excited to have Leo road-testing our Health and Fitness series of products, including our award-winning Rhythm armband heart rate monitors and handlebar phone mounts.

### **How old were you when you first learned to ride a bike, and who taught you?**

I was about four or five years old when my dad taught me how to ride. It's amazing to look back and see how it's become such a critical part of my life now.

### **Do you prefer to ride alone or in large, or small, groups?**

I would say large groups for sure. The social side of cycling is important to me. Having riders in your group to push each other is important to staying on your game.

### **Do you have a preferred group to ride with?**

Back home in Tampa/St. Petersburg, it's the The Wolfpack Wednesday ride. Here in the Los Angeles area, I recently started riding with The Western Ridazz. Both are really chill and fun rides, with down to earth people.

### **How many bikes do you own, and which is your favorite?**

Right now I have 11 bikes. My fixed gear bikes are my favorite for sure. Riding fixed gear gives me a direct link to the drivetrain with my leg – like a manual car so to speak.

### **Where is your favorite place (in the world) to ride, and why?**

Well I haven't been around the world yet, but out of all the places I've been California has been the best. It has elevation, mountain views, and beach vibes. It's been great for endurance training.

### **Who, or what, has been the biggest influence in your life?**

Definitely my kids. They push me to do more and to be the best father I can be.

### **What made you decide to become a motivational speaker?**

Over the last few years I started to realize how inspiring my story can be to others. If I can influence and motivate someone and help make a life-changing impact to someone, that's what it's all about.

### **Has the pandemic made it harder, or easier, for you to share your message?**

Easier actually. The pandemic caused the cycling industry to explode, with a record number of people out on bikes. It's given me a bigger audience. I've been able to use virtual meetings, podcasts and social media to get my message out.

### **How do yours and Scosche's brands complement each other?**

I really connect with Scosche's care for giving back to the community which is something I really get down with. A big plus is their being located in the SoCal area, so it seems like a perfect match.

*"If I can influence and motivate someone and help make a life-changing impact to someone, that's what it's all about."*

# LEO'S FAVORITE SCOSCHE GEAR

## What is your favorite Scosche product(s), for work, and play?

Scosche's Health and Fitness products are where it's at for me. The Rhythm heart rate monitor keeps me dialed-in fitness-wise. The BoomBottleMM lets me take the party on all my rides I use that thing for everything. It holds my phone and opens my beer!

ACCESSORIES FOR LIFE<sup>™</sup>

**CONNECTED CAR 2019**

**Technology is changing our daily lives** and perhaps nowhere is this more evident than in our vehicles. The role of technology in driving safety is taking a much higher priority these days, and rightly so. Most car manufacturers are building advanced safety features into their vehicles incorporating cameras and radar sensors to help drivers stay more informed and aware. We are pleased to present Scosche **SAFETECH™**, a growing line of easy to install vehicle safety products (see pages 19–20).

Advance knowledge is the key to increasing safety and preventing accidents on our roads, so we are proud to be a part of a new **Vehicle-to-Vehicle** safety system that will help alert drivers of potential hazards. Details of our partnership with an international driver safety app can be found on pages 15–18.

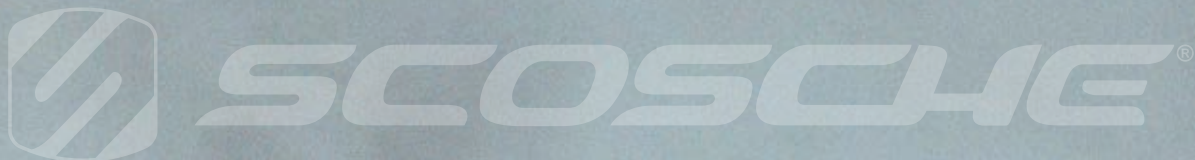

We love to hear from installers and dealers who use our products and listen to their feedback. User innovation is an integral part of our process of designing and refining our line of Automobile and PowerSports products.

*"I've been using Scosche products for over 20 years and as a Mobile Electronics Top 12 installer, I can tell you that the key to success is to never stop evolving. That's why I choose Scosche products, they're constantly evolving to stay ahead of the game."*

*Jamie Palafox, Agoura AutoSound, Agoura, CA*

We've added to our **#1 best-selling**, and multi-award-winning **MagicMount™** line to give you even more options, including Qi wireless charging. In addition to the window, dash and vent mounted options for wirelessly charging your Qi-enabled devices, we now offer Direct Fit Qi-Wireless Charging surfaces. The Direct Fit comes in a growing line of vehicle-specific options, as well as the Universal Fit.

We're proud to introduce our new line of clamps to join our popular **BaseClamp™** and **TerraClamp™** series of PowerSports mounts. Designed to meet the needs of anyone who enjoys life in the great outdoors, our new clamps offer rugged, adaptable, and affordable options in a range of sizes and styles.

We appreciate being your trusted source for Car Audio/12V and automotive and powersports accessories. Our quality, tried and tested products are designed and engineered at our headquarters in **Southern California**, where our customer support team is also located. When you purchase from Scosche you can rest assured that our products conform to the latest industry standards and undergo rigorous quality control.

# BATTERY JUMPERS

## POWERUP 400 TORCH

- Spark-Free, 6-Point Safety Protection System: Provides maximum peace of mind. It protects you, your vehicle and the jump starter from overheating, overcurrent, overcharging, over discharging, short circuits and reverse connection issues.
- Ample Starting Power: The 5,100 mAh battery with peak current of 400A delivers enough power to quickly jump start a wide array of vehicles (engines up to 6 cylinders and 3.5 liters).
- USB Output allows you to charge and use your smartphone, tablet, camera or other electronic devices.
- Ultra-Bright, Multi-Mode 1,000 Lumen LED Flashlight lights your way in the dark or signal for help.
- Super Dependable and Fast Recharging: Can hold a charge for up to 6 months at a time, so you'll have the stand-by power you need for months to come!
- Compact/Portable Design eliminates the need for clumsy charging cables, bulky jump starters or a second vehicle to jump start yours.

### PBJ400

**SPECIFICATIONS:** Input 5V : 2A, Output 5V : 2A, Jumpstart Current: 12V / 200-400A Battery Standby time: Up to 6 months

## POWERUP 300

- Spark-Free, 6-Point Safety Protection System: Provides Maximum Peace of Mind. It protects you, your vehicle and the jump starter from overheating, overcurrent, overcharging, over discharging, short circuits and reverse connection issues.
- Ample Starting Power: The 5,400 mAh battery with peak current of 300A delivers enough power to quickly jump start a wide array of vehicles (4 to 6 cylinder engines up to 3.5 liters).
- 5V USB Output allows you to charge and use your smartphone, tablet, camera or other electronic devices.
- Multi-Mode, Super-Bright LED Light: Light/Strobe/SOS modes to light your way in the dark and to signal for help.
- Slim and Lightweight: The jump starter/portable power pack easily fits in your glove box, center console, trunk, gear bag, backpack or survival kit.
- Super Dependable and Fast Recharging: Can hold a charge for up to 6 months at a time, so you'll have the stand-by power you need for months to come!
- Compact/Portable Design eliminates the need for clumsy charging cables, bulky jump starters and a second vehicle to jumpstart yours.

### PBJ300

**SPECIFICATIONS:** Input 5V : 2A, Output 5V : 2A, Jump Start Current: 12V / 150 - 300 A, Battery Standby time: Up to 6 months

## POWERUP 700

- Spark-Free, 6-Point Safety Protection System provides maximum peace of mind. Protects you, your vehicle and the jump starter from overheating, overcurrent, overcharging, over discharging, short circuits and reverse connection issues.
- Ample Starting Power: The 15,000 mAh battery with peak current of 700A delivers enough power to quickly jump start a wide array of vehicles (up to 10 cylinder engines).
- Dual USB Ports allow you to charge and use your smartphone, tablet, camera or other electronic devices.
- Multi-Mode, Super-Bright LED Light: Light/Strobe/SOS modes to light your way in the dark and to signal for help.
- Slim and Lightweight: The jump starter/portable power pack easily fits in your glove box, center console, trunk, gear bag, backpack or survival kit.
- Super Dependable and Fast Recharging: Can hold a charge for up to 6 months at a time, so you'll have the stand-by power you need for months to come!
- Compact/Portable Design eliminates the need for clumsy charging cables, bulky jump starters and a 2nd vehicle to jumpstart yours.

### PBJ700

**SPECIFICATIONS:** Input 14V / 1A, Output 5V / 2A ; 5V / 1A, Jump Start Current : 12V / 350 - 700 A, Battery Standby Time: Up to 12 months

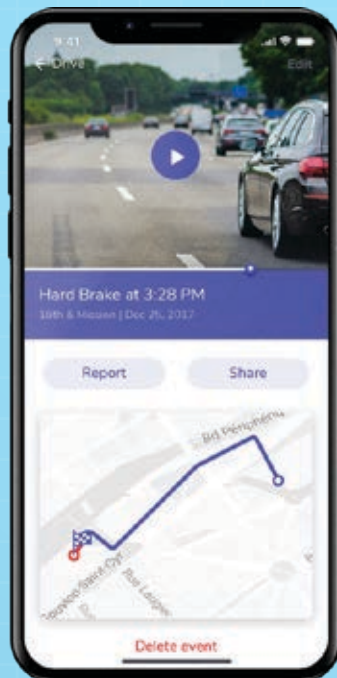

# SCOSCHE HD DASH CAM POWERED BY NEXAR

Scosche's Connected Car collection of **SAFETECH™** products are designed to provide the safety features and peace of mind that we believe everyone should be able to access. Our selection of products that reduce driver distraction, display information, and help keep drivers' hands on the wheel, continues to grow and improve based on feedback from you, our customer.

Because of our commitment to driver safety, we are especially excited to announce a new partnership between Scosche and Nexar. Nexar is a safe driving app that is on a mission to rid the world of car crashes by creating the world's first and largest safe driving network. Use the new Scosche HD Dash Cam to join the Nexar network and get instant evidence on your phone, with free backup to the Nexar Cloud, so you can access your recordings from any device. If a car incident occurs, you can instantly report it directly to your insurance company.

Works with the  
**FREE Nexar App**

**SAFETECH™**  
SMARTER, SAFER DRIVING.™

# CONNECTED CAR

FOR SMARTER,  
SAFER DRIVING.™

# THE FUTURE OF DRIVING

## According to The National Highway Traffic Safety Administration (NHTSA):

*"V2V (Vehicle-to-Vehicle) could eliminate or mitigate the severity of up to 80 percent of non-impaired crashes, including crashes at intersections or while changing lanes."*

Nexar has created the first Vehicle-to-Vehicle (V2V) crowdsourced driving safety system. We are excited to announce a new partnership between Scosche and Nexar. Scosche has designed an approved **HD Dash Cam Powered By Nexar**.

Nexar is a safe driving app, that you download free to your iPhone or Android device, that connects your phone to a dash camera. By collecting and combining the recorded data from its multiple users into the Nexar Cloud, an accurate record of traffic conditions at any given time is created.

## Key Features and Benefits of the Nexar/Scosche System:

Works with the free Nexar App (iOS and Android)

Fastest, most reliable WiFi connection technology

Can generate a one-click report in the event of an accident

Auto-starts recording when you begin driving and stops when you do

140-degree wide-angle lens, 1080p Full HD, Sony Image Sensor

24/7 Nexar App Live Customer Support

Includes free driving data storage in the Nexar Cloud

Supports micro-SD cards up to 64GB

POWERED BY  

**NEXC1**  
Full-HD Dash Camera  
Powered by Nexar  
NEXC1 -STICKGRIP™ SUCTION BASE MODEL

## Nexar App Key Features:

Easily connects to your NEXC1 Full HD camera to record your drives. Works in the foreground or background while driving

Automatically records when driving and instantly captures significant events and saves them to your phone

Free Nexar Cloud storage for significant events and trip data

Choose to instantly report a crash directly to your insurance company (including video, speed, and force of impact)

## Car Stereo Installation Guide

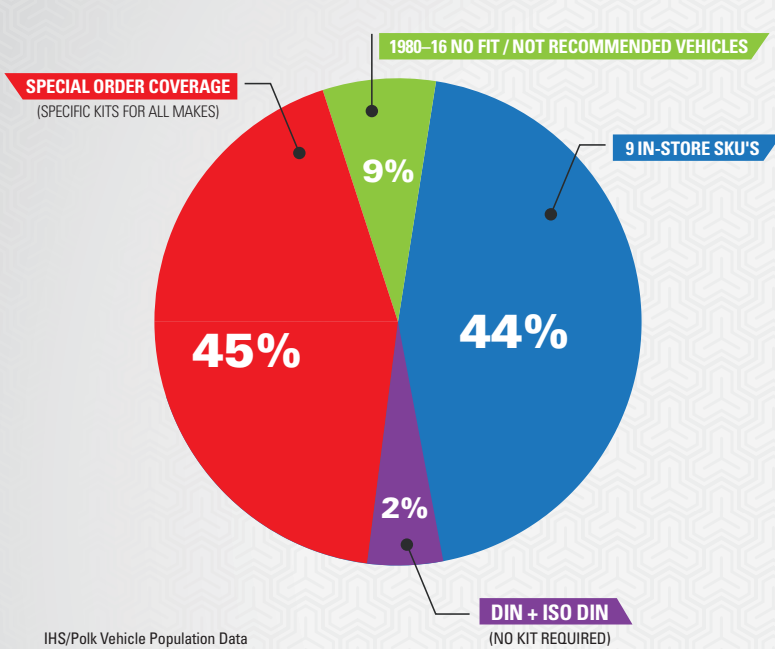

Customers can learn, locate and buy with ease using the *Scosche Car Stereo Application Guide*. It's the one-stop reference source customers need to find the Scosche installation accessories that are right for their vehicle. The *Guide* serves as a highly-effective tool in making faster and more accurate purchase decisions, thus helping to reduce returns and to improve the shopping experience in general. Available in both in-store and online editions and color-coded by manufacturer, the *Guide* quickly matches specific vehicles to all applicable installation accessories, including speaker sizes and their vehicle locations. Black and red colored part numbering highlight on-shelf versus special order parts.

# Vehicle Market Coverage

## Retail Installation Kits

## Car Stereo Connectors & Interfaces

IHS/Polk Vehicle Population Data

## The Scosche Retail Installation Program

The Scosche Retail Kit Installation and Car Stereo Connector and Interface Programs are designed to provide the widest possible vehicle coverage via two complementary components – in-store kit products and the special order program. Combined, these two components provide product coverage for **OVER 90% OF REGISTERED VEHICLES** in the U.S. That translates to **OVER 252 MILLION REGISTERED VEHICLES**. Coverage of that magnitude provides almost limitless opportunities for product sales and enhanced profit.

## Tech Support And Customer Service

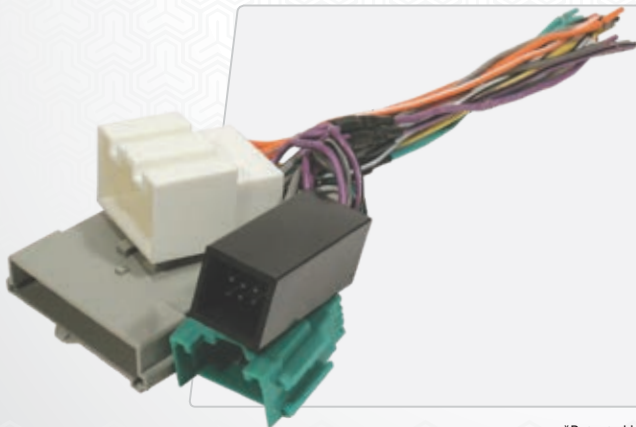

Customers enjoy the peace of mind of knowing that they receive free lifetime technical and customer support from our U.S.-based staff who are highly knowledgeable about car audio installations and, of course, our products. These company representatives are available via toll-free phone, email or live chat to assist customers who may need product support or have installation questions.

## Car Stereo Connectors

Scosche's patented car stereo connectors take the guesswork out of connecting your new stereo to the vehicle's factory wiring. By leaving the factory wiring intact you can easily re-install the factory stereo at a later date if desired.

## Stereo Replacement Interfaces with Steering Wheel Controls

Car stereo replacement interfaces allow you to install an aftermarket stereo while retaining important safety and diagnostic features. Scosche interfaces also include the necessary switched accessory power source for the new stereo. Most Scosche car stereo replacement interfaces now retain Factory OEM Steering wheel controls (a 41-Million vehicle market).

# Amplifier Wiring Kits

Whether you're installing a single 2-channel amplifier or a powerful multi-amp system, Scosche's amplifier wiring kits have you covered. The oxygen-free copper (OFC) power wire ensures that your amps get the power that they need to perform at their best.

## - True American Wire Gauge (AWG)

All Scosche amp kits adhere to the American Wire Gauge Standard for full power delivery, dependable performance and safety.

## - Oxygen Free Copper (OFC)

All Scosche amp kits are constructed with Oxygen Free Copper for full current capacity, long-term durability and safety.

## - In-Line Fuse Holders

Scosche fused amp kits utilize MAXI and ATC fuse holders, molded or pre-installed in-line with weatherproof covers for convenient installation and superior protection.

## - Double Strength Ground Terminal

Unique terminal design that dramatically simplifies installation, improves performance and reduces amplifier returns.

## - Twisted Pair Audio Cables

Scosche amp kits include twisted pair RCA cables that reject noise, providing better sound performance and reduced amplifier returns.

## - Complete Instructions

Easy to follow complete step-by-step instructions makes installation a simple and enjoyable task even for first time DIY-ers.

## New For 2019, Scosche Introduces Terra2Clamps™ Built For The Outdoor Enthusiast

At Scosche we know that you have things to do, places to go, and passions to pursue. We know, because we do too! Our passion just happens to be designing products that let you safely and securely take whatever you need (and want) along with you, wherever you venture.

This year, we're proud to introduce our new Terra2Clamps line to join our popular BaseClamp™ and TerraClamp™ mounts. Designed to meet the needs of anyone who loves and lives in the great outdoors, such as: RVers, fishermen, hunters, and ATV riders, Terra2Clamps offer rugged, adaptable, and affordable options. Available in a range of sizes and styles for everything from securing a valuable camera or phone to a mountain bike, to adding a mirror, grab handle or extinguisher holder to an ATV, and more, the uses for Terra2Clamps are virtually endless. Some models even feature our award-winning MagicMount™ magnetic mounts.

POWERSPORTS

ACCESSORIES FOR LIFE<sup>™</sup>

NEW PRODUCT GUIDE 2021

They say that “necessity is the mother of invention”. This year, more than ever before, we’ve all found it necessary to rely on technology and our devices to keep us safe, connected, learning, working, healthy and entertained.

Inspired by user innovation from our customers, ambassadors and employees, we’ve created new products and adjusted existing products to make them even more innovative, user-friendly and useful. You may have thought of Scosche as an in-vehicle accessory specialist, only to now discover the value of our mounts, chargers, cables, adapters, and organizers for in-home and in-office, as well as for your home office and home classroom.

For those who choose to social distance by heading to the desert, trail, mountains or beach, our selection of smart dash cams, powersports accessories, heart rate monitors, bike mounts, etc. make that a safer, richer and happier experience.

Wherever you are in life, and wherever you hope to be a year from now, Scosche is there with you with Accessories for Life!

SCOSCHE Industries is the #1 Mount Brand\* and a leading innovator of award-winning consumer technology, powersports and car audio products and accessories.

SCOSOME

# MAGICFOGGER™

## Portable Antibacterial Sanitizer

MagicFogger is a Portable Antibacterial Sanitizer, perfect for use inside vehicles, homes, offices, schools, restaurants, airplanes and more. It releases a fine mist of FDA-approved HOCl Electrolyzed Water, known as MagicFog, that immediately attaches to, attacks, and kills, germs and viruses. 100X stronger than bleach, but 100% organic, MagicFog is completely safe for humans, animals and the environment. It is safe for occupied areas, kills 99.94% of microbes and is highly effective against viruses. MagicFogger is powered by a 2600 mAh rechargeable battery.

# MAGICGRIP™

## Wireless Charging Auto-Grip Mounts for Smartphones

This wireless charging car mount senses when the charging coil in a Qi-enabled phone is perfectly aligned with the charger, and that alignment automatically activates motorized arms to gently close and hold your device securely. It charges up to 15W, and supports Apple, Samsung and Google Fast Charge. An ambient light sensing LED ring indicates charging. The MagicGrip comes in seven base options: FreeFlow Vent, Dash, Window/Dash, Double-Pivot Dash, Extendo and new Telescoping Cup Holder Mount.

\*MagicGrip was selected for Esquire 2020 Gadget Awards, winning "Best for Cars".

USB OUTPUT

600A PEAK CURRENT, 29.6WH RECHARGEABLE BATTERY

ULTRA-BRIGHT MULTI-MODE FLASHLIGHT

# POWERUP™ 600 TORCH

## 600A Car Jumper / Flashlight / Powerbank

The PowerUp 600 Car Jumper/Flashlight/Power Bank is the compact and portable answer to vehicle emergency situations. It's advanced technology, six-point safety system and ample 29.6Wh battery will jump start gas engines up to 5.0L/8 Cylinders and diesel engines up to 2.0L, simply, safely and quickly. The ultra bright LED multi-mode flashlight will light your way or signal SOS, and the USB port charges your smartphone, action camera and more.

HIGH EFFICIENCY AIR-PURIFYING FILTRATION

AIR QUALITY, TEMPERATURE AND HUMIDITY DIGITAL DISPLAY

HANDS-FREE MOTION ACTIVATED

# FRESCHE AIR™

## Portable HEPA Air Purifier/Deodorizer

Our portable HEPA Air Purifier is designed to fit in the cup holder of your vehicle to make your drive more comfortable and healthier. Motion-activated with two fan speeds, you can plug it in and forget it as it purifies and deodorizes the air. This must-have accessory filters 99.95% of air-borne viruses, bacteria, pollen, smoke and other pollutants. Although designed for in-vehicle use, its ability to purify up to four square meters of space makes it great for cubicles or small offices too. The heavy duty aluminum body is modern and elegant enough for a luxury sedan but also rugged enough for a truck. It comes with one replaceable HEPA air filter, a dual 12W USB port car charger and a charging cable.

24 HOUR BATTERY LIFE

MULTI-FUNCTION BUTTON

PATENTED OPTICAL SENSOR TECHNOLOGY

COMFORTABLE ADJUSTABLE ARMBAND

PATENT PENDING

## **RHYTHM+2.0**

### **Waterproof Armband Heart Rate Monitor**

Rhythm+2.0's patented precision sensor uses green and yellow LEDs to accurately measure blood flow with all skin tones, while it's accelerometer assists with hyper-accurate measurements. As accurate as a chest strap monitor, Rhythm+2.0 is worn comfortably on the upper forearm, biceps or triceps. Rated IP68 (dustproof and waterproof), it's submersible to three meters and the rechargeable battery lasts up to 24 hours. Rhythm+2.0 has a 100ft. wireless range, transmits to ANT+ and Bluetooth® devices and works with 200+ fitness apps.

SLIM BARREL DESIGN

LED POWER INDICATOR

DUAL 20W USB-C POWER DELIVERY

# POWERSVOLT™

## Car and Home Chargers with Power Delivery

Compact and powerful, PowerVolt USB-C Car and Home Chargers deliver all the ultra-fast charging benefits of Power Delivery. Charging devices up to 4X faster than a standard 5W charger, they support Fast Charge for Apple, Samsung and Google devices. USB and UL certified, PowerVolt Chargers contain smart circuitry that communicates with portable devices to achieve their safest and fastest charge rate. Available in multiple vehicle and home/office options to charge phones, tablets, laptops, portable speakers and more. Home Chargers have folding prongs perfect for travel and storage.

POWERSPORTS 2018

# SCOSCHE®

**Dear Powersports Dealer,**

***Scosche® is excited to introduce our completely new line of Powersports products and accessories for 2018.***

Since developing the first car stereo installation kits in 1980 Scosche continues our 38-year tradition of providing comprehensive installation and accessory solutions for aftermarket dealers. By strategically developing a sleek and flexible line of products we've proven again that we are a dominate force in the industry.

We have drawn upon a combine 100 years of experience from our designers and engineers to develop for you, the most innovative and exciting products on the market today. This experience along with a passion for the Powersports industry makes Scosche the clear choice for customers to deliver maximum quality and innovation, after all we design – Accessories For Life!

Scosche has developed a line of products that even in the roughest, toughest, bumpiest terrain, you can count on to ensure your phone, GoPro®, wireless speakers, fire extinguishers and other essential items stay securely in place. With powerful mounts designed specifically for ATV/UTV/SxS vehicles, motorcycle handlebars, PWCs, boats and more, you can head out on your next adventure with total confidence that your prized electronics and safety gear remain mounted, visible, accessible and secure.

**Sincerely,  
The Alves Family**

## **BASECLAMP**

**BASECLAMP** – is the most advanced clamping system the industry. BaseClamp premium mounts are designed with the goal of achieving the most flexible and low profile mounting solutions that even the most critical powersports enthusiasts will appreciate.

## **TERRACLAMP**

**TERRACLAMP** – has been designed as a versatile mounting solution for many scenarios. TerraClamp builds upon the success of previous designs and features multiple mounting options that allows for a wide range of configurations.

## **SCOSCHE INSTALLATION SOLUTIONS**

**SCOSCHE** – offers a wide range of products that allow for aftermarket stereo installation in unconventional vehicles, our weatherproof wiring and accessories are designed for great performance at a great value, are extremely reliable and a great solution for your everyday install.

## 400 AMP PowerBank Jump Starter and LED Flashlight

- High capacity 5,100mAh Lithium-ion with a peak jumpstart peak current of 400 Amps
- SAFETY PROTECTION against short circuit, reverse connection, reverse charge, overheating and overcurrent
- Remarkable, Spark-Free 6-Point safety protection system Provides maximum peace of mind
- Jump starts a wide array of vehicles (4 to 6 cylinder engines up to 3.5 liters)
- 5V / 2.1A USB port for charging your smartphones, tablets, GPS, and other electronic devices
- Ultra-bright LED flashlight rated at 1,000 lumens
- Dependable design: holds a charge for up to 6 months at a time
- 1000+ charge / discharge cycle

### PBJF400

SPECIFICATIONS: Input 5V : 2A, Output 5V : 2A  
Jumpstart Current: 12V / 200-400A Battery Standby time: Up to 6 months

## 300 AMP PowerBank Jump Starter

- Multifunctional USB port for charging your smartphones, tablets, GPS, and other electronic devices
- CIRCUIT SAFETY PROTECTION: No over-heating, over-current, overcharging and short circuit risk.
- High Capacity 5,400 mAh Lithium-ion battery with a Peak current of 300 Amps.
- Ultra-bright LED flash light with; Strobe and SOS lighting options.
- Portable and Durable Design
- 1000+ Battery Life Cycle

### PBJ300-1

SPECIFICATIONS: Input 5V : 2A, Output 5V : 2A,  
Jump Start Current: 12V / 150 - 300 A, Battery Standby time: Up to 6 months

## 700 AMP PowerBank Jump Starter

- Dual Multifunctional USB port for charging your Smartphones, Tablets, GPS, and other Electronic devices
- CIRCUIT SAFETY PROTECTION: No over-heating, over-current, overcharging and short circuit risk.
- High Capacity 15,000 mAh Lithium-ion battery with a Peak current of 700 Amps.
- Ultra-bright LED flash light with; Strobe and SOS lighting options.
- Portable and Durable Design
- 1000+ Battery Life Cycle

### PBJ700-1

SPECIFICATIONS: Input 14V / 1A, Output 5V / 2A; 5V / 1A,  
Jump Start Current : 12V / 350 - 700 A, Battery Standby Time: Up to 12 months

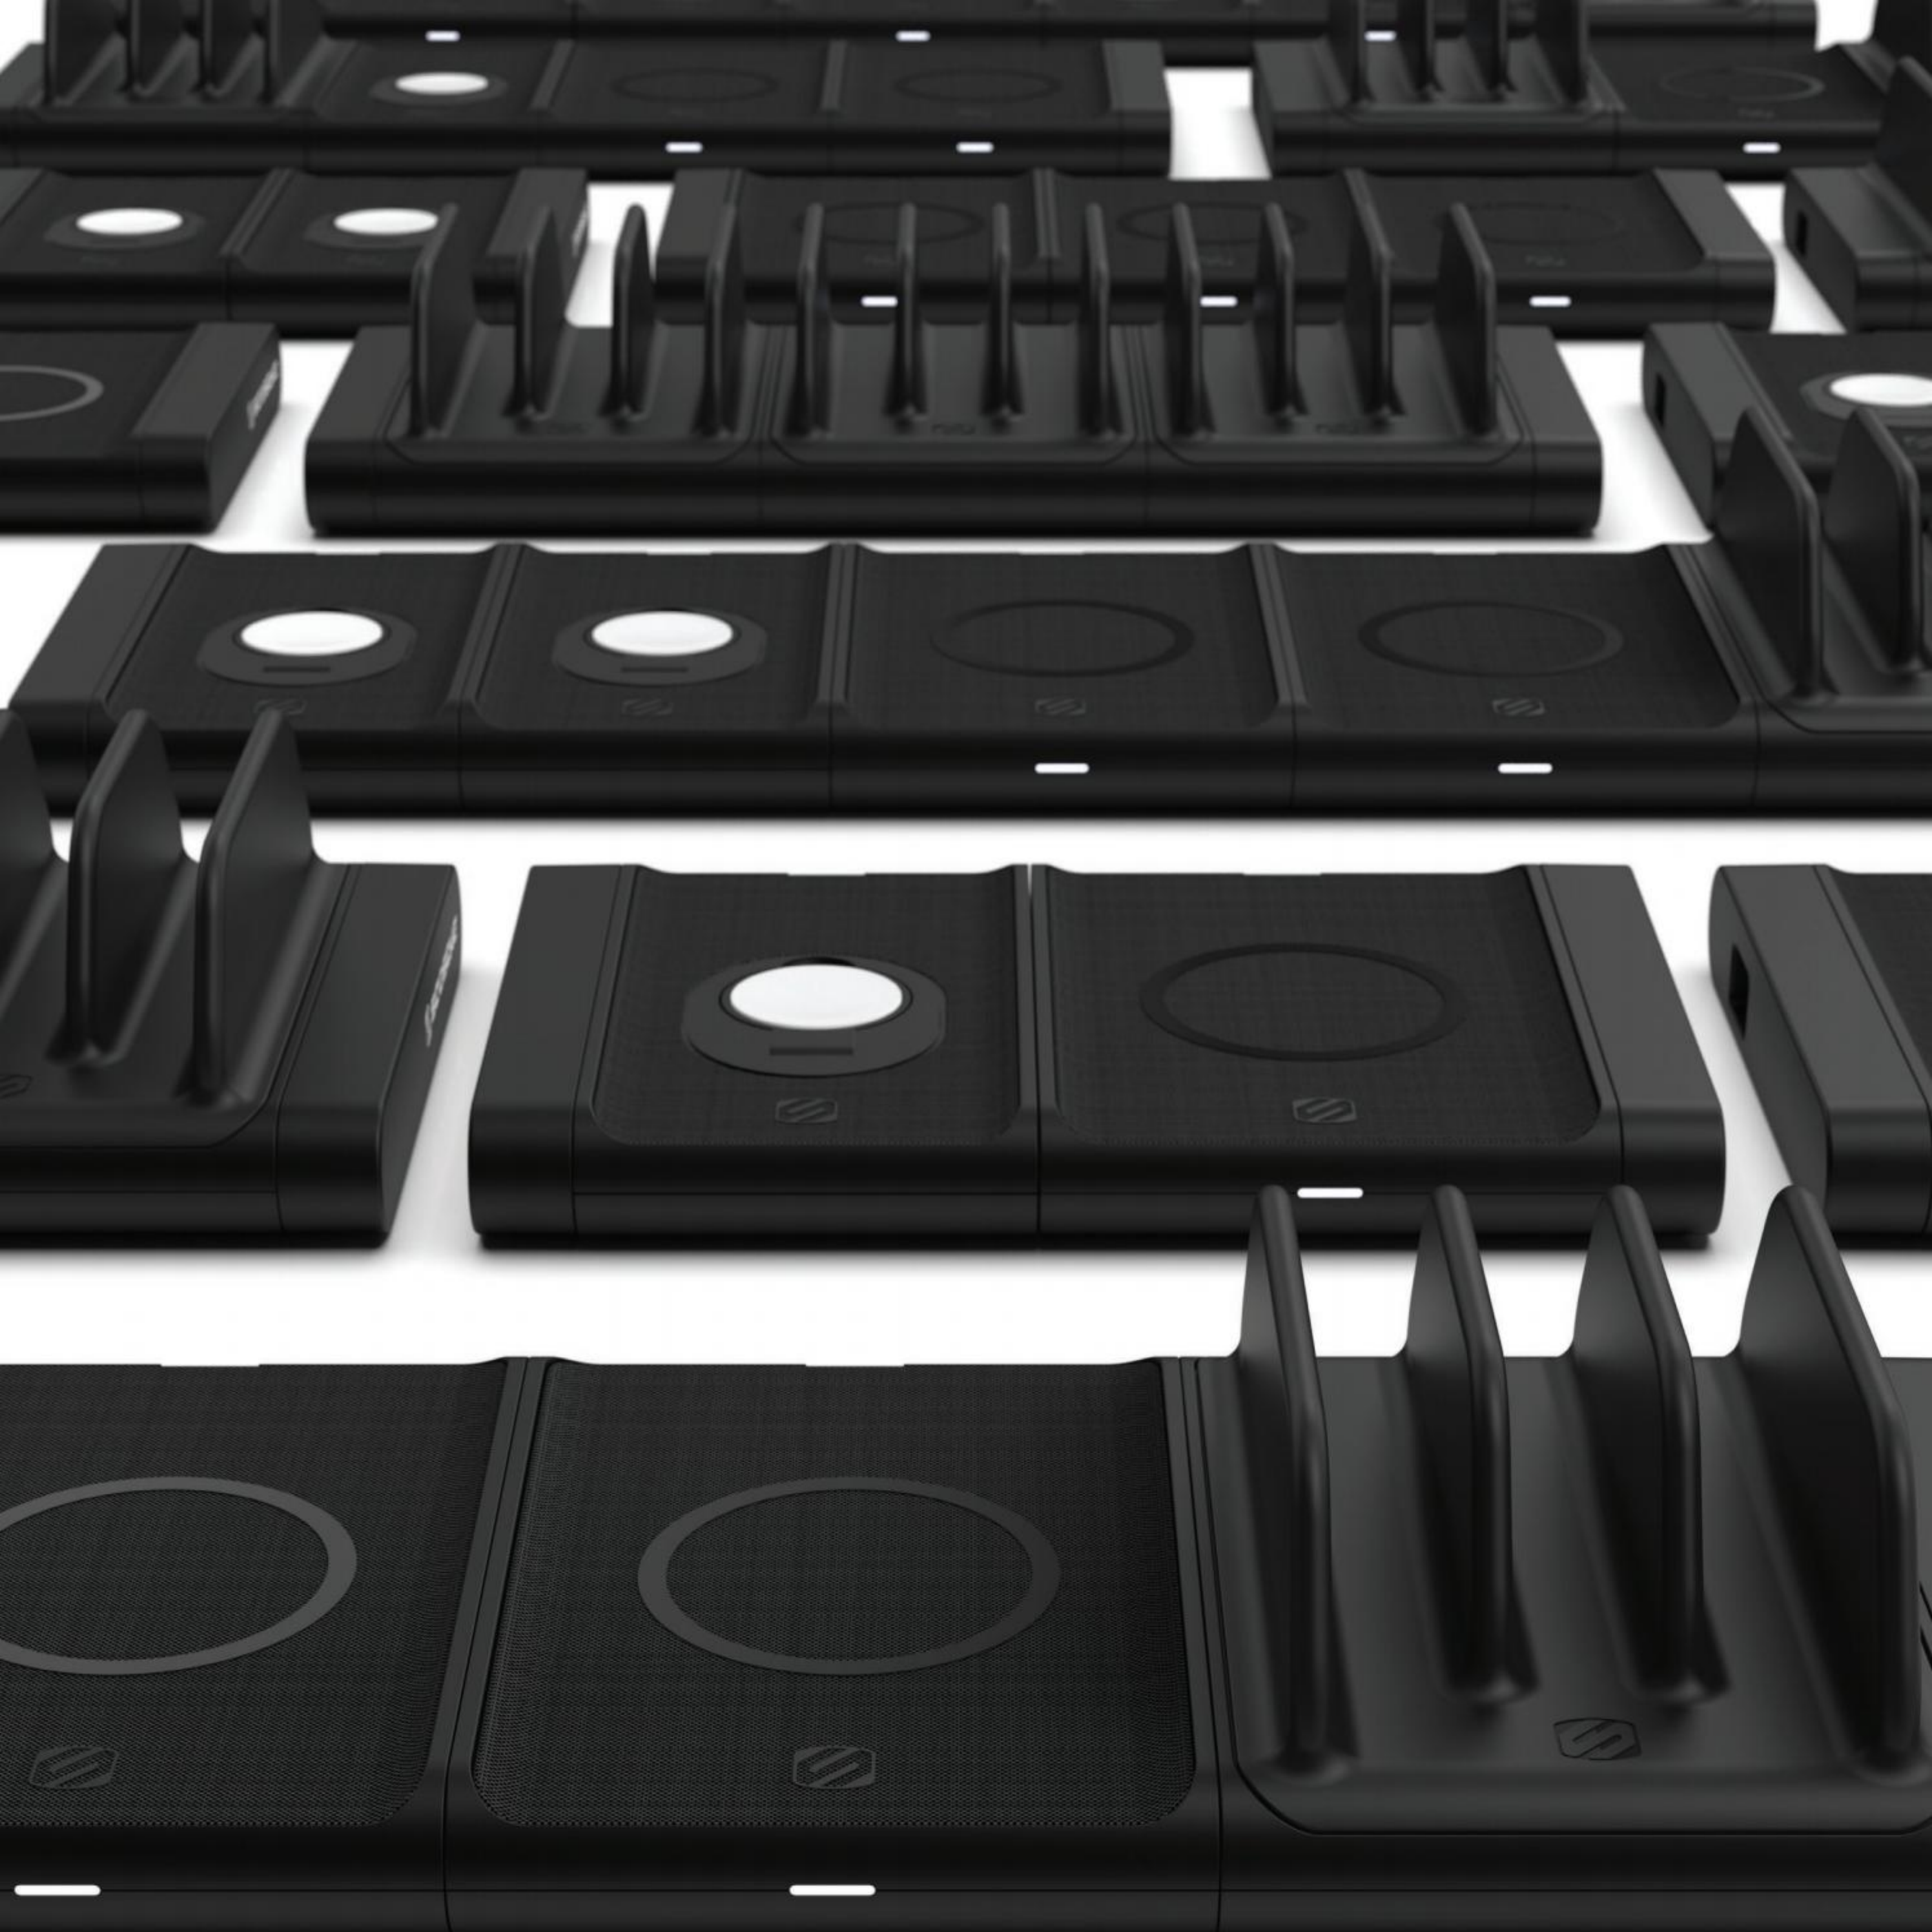

NEW PRODUCT GUIDE 2020

## **Scosche™ Industries Celebrates 40 Years of Innovation!**

This year Scosche Industries celebrates our 40th Anniversary! This anniversary reflects 40 years of exceptional people working together to design, develop and deliver cutting-edge consumer and automotive technology accessories. Family owned and operated since our formation in 1980 by Roger and Scotia Alves in their Ventura County garage. Scosche headquarters is still located in Ventura County, California, but we've grown over those 40 years and achieved many significant milestones and successes, all while maintaining an outstanding reputation.

## Wireless Auto-Sensing Mount for Smartphones

This wireless charging car mount senses when the charging coil in a Qi-enabled phone is perfectly aligned with the charger, and that alignment automatically activates motorized arms to gently close and hold your device securely. It charges up to 10W, supporting Apple, Samsung and Google Fast Charge, and has an ambient light sensing LED ring that indicates charging. The MagicGrip comes in six mounting base options: FreeFlow Vent, Dash, Window/Dash, Double-Pivot Dash, Swing-Arm Dash, and new Extendo.

# InVERT

## Portable Power Inverters

InVERT Portable Power Inverters convert your vehicle's DC power to AC, so you can easily power and charge all your portable devices. Simply plug the Inverter into your vehicle's 12V outlet and then plug your devices into the AC outlet(s) or USB port(s) to power and charge them.

- Converts vehicle's Direct electrical Current to Alternating Current.
- AC outlet powers laptops, tablets, portable gaming systems, cameras and more.
- 12W USB port quickly charges smartphones, wireless speakers and more.
- Power Protection Mode eliminates over- or under-charging, overheating, etc.
- 12V Adapter and power cord included with InVERT 150 and 200.

# POWERUP

## PowerBank Jump Starters

Never get stranded with a dead battery again. PowerUP PowerBank Jump Starters can quickly, easily and safely jump start a wide range of engines with a powerful, portable, high-capacity Lithium-Ion battery. Its USB outlets fast charge your mobile devices and the ultra-bright LED flashlight lights your way.

- The Spark-Free 6-Point Safety Protection System protects both your vehicle and the jump starter from: overheating, overcurrent, overcharging, over discharging, short circuits and reverse connection.
- Works with gas or diesel engines including: cars, trucks, boats, ATV/UTVs and more.
- Ample power to start engines from 4 to 8 cylinders (based on PowerUP model).
- It has a four battery cell design that holds a charge for up to six months. It is sold pre-charged and recharges quickly.

# MAGICGRIP™

## Wireless Charging Auto-Grip Mount

- The award-winning MagicGrip phone mount is the next evolution of wireless charging.
- It senses when a Qi-enabled phone is aligned over its charging coil and automatically closes its "arms" to securely grip and charge your phone.
- Qi-certified, MagicGrip charges Qi-enabled phones at their fastest, safest rates and supports Apple®, Samsung® and Google® Fast-Charge.
- With your phone held in place by MagicGrip's arms, a thermal management channel between the charging head and your phone promotes cooler, more efficient charging.
- Vent mount's FreeFlow design allows airflow from the vehicle's vent to pass through. The articulating swing-arm lets you move your phone away from the vent.
- Magnetic charging head rotates 360-degrees, letting you view your phone at any angle.

## **EXTENDO**

### Telescoping Phone Mounts

- Every vehicle and every driver is different so Extendo extends and adjusts to suit each person and each environment.
- Mount it to your car window or dash and extend and angle it until you find the perfect viewing angle for you, or your passenger.
- At home\*, attach Extendo to a countertop and adjust it to view a recipe, or FaceTime® with a friend.
- Mount it on your desk, away from your keyboard, and then extend it to use your phone.
- Extendo is there when you need it, and unobtrusive when you don't.

\*For home use we recommend the Scosche ReVolt™ QC –Quick Charge Home Charger (sold separately).

## MAGICFOGGER™

### Portable Antibacterial Sanitizer

Magic Fogger is a portable disinfecting device, perfect for use inside vehicles, homes, offices, schools, restaurants, airplanes and more.

- Releases a fine mist of FDA-approved HOCl Electrolyzed Water, known as MagicFog, that immediately attaches to, attacks, and kills germs and viruses.
- 100X more effective than bleach. 100% Organic, MagicFog is completely safe for humans, animals and the environment.
- MagicFog is safe for occupied areas, kills 99.94% of microbes, and is highly effective against viruses.
- MagicFogger is powered by a 3200 MaH rechargeable battery.

# FRESCHÉ AIR™

## Portable HEPA Air Purifier/Deodorizer

Our portable HEPA Air Purifier is designed to fit in the cup holder of your vehicle to make your drive more comfortable and healthier.

- Motion-activated with two fan speeds, you can plug it in and forget it as it purifies and deodorizes the air.
- Filters 99.95% of air-borne viruses, bacteria, pollen, smoke and other pollutants.
- Designed for in-vehicle use but also has the ability to purify up to four square meters of space making it great for cubicles or small offices.
- Heavy duty aluminum body is modern and elegant enough for a luxury sedan but also rugged enough for a truck.
- Comes with one replaceable HEPA air filter, a dual 12W USB port car charger and a charging cable.

# M8RIX™

## TOUCHSCREEN INTERFACE POWER MANAGEMENT SYSTEM

### ROCKERS AND RELAYS ARE THINGS OF THE PAST!

Introducing M8RIX (*pronounced Mey-triks*) by Scosche, a customizable power management system that distributes up to 120 amps of current to up to eight different accessories. The touchscreen interface and solid-state power module let you control any 12V accessory on your vehicle, SxS, boat, or tractor.

*M8RIX is equipped with an on-board diagnostic system that provides a visual indication of faults in your auxiliary power system. Quickly identifying problems saves you time in the garage and on the trail!*

# MAGICMOUNT™ MSC

Car Mount Kit for Apple MagSafe Charger with 20W PD Car Adapter

Designed to work with Apple MagSafe chargers for the iPhone 12 series, these mounts securely hold and power the MagSafe.

- Each mount comes with a 20W USB-C Power Delivery Car Adapter to power the MagSafe Charger.
- These mounts are available in several options including: Window/Dash, Cup Holder, and a 4-in-1 kit that features: Swing-Arm Dash or Vent, Lock-Nut Vent and Dash.
- Not limited to in-vehicle use, the Window/Dash model is perfect for home or office use when used with a home charger like the Scosche PowerVolt Mini.
