

## Features

MagicMount™ is a new magnetic mounting system for conveniently mounting smartphones and more. Just hover your device near the magnetic surface and it instantly locks securely in place. Its sleek cradle-free design uses high-powered magnets to secure your device where you use them most. This phone holder for car home or office allows you to place your device at any angle for convenient viewing. On the road at the office at home **everyWHERE**.

Place your device at any angle for convenient viewing **everyWHERE**.

### Security

Secure the MagicMount™ on your windshield or anywhere on your dash with the included mounting disk.

### MAGICPLATE™ Placement Options

**MAGICPLATE™**, non-magnetic, adhesive-backed, metal plates, are an integral component of the MagicMount™ Magnetic Mount System for mobile devices. Just apply the Scosche replacement plates as shown to the right and you are ready to use any one of the many MagicMount products available in this growing family of magnetic mounts. MagicPlates come in a variety of sizes and shapes depending upon which MagicMount you buy and replacement kits are also available.

There are several ways to apply the Scosche replacement plates to your device.

- Directly to the back of the case
- Directly to the mobile device
- Between the device and case - either with or without using the adhesive

### INSTRUCTIONS FOR APPLYING THE MAGICPLATE THAT CAME WITH YOUR **MAGICMOUNT™**

#### Wireless Charging Devices

It is important to mount the MagicPlate in the proper location to avoid interfering with wireless charging functionality. We have created a MagicPlate Template Guide to assist wireless phone users who plan to use their device with our MagicMount Charge products or other Scosche wireless chargers.

*\* The MagicMount is not recommend with use of a wallet case.*

Protect your device when directly applying MagicPlate to your device

MagicMounts come with a protective plastic film sticker in the box. This film should ALWAYS be used when you are applying the MagicPlate directly to your mobile device using the adhesive based MagicPlate. Doing this will aid in the ease of removal of the MagicPlate should you wish to do that in the future. We have created a short video to show you how to properly apply the plastic film followed by the MagicPlate.
