

SPICER®

Spicer Life® Series and 10 Series™ U-Joints

Tested. Proven. Trusted. Driven.

The Proof is in the Testing.

You can trust Spicer Life® Series and Spicer 10™ Series U-joints to deliver the same, or better, performance as your original equipment parts because they are original equipment parts. Spicer® products consistently outperform the competition, offering the durability and dependability you demand. See the reverse side of this sheet to discover how our Spicer Life® Series and Spicer 10™ Series U-joints stacked up against the competition in fatigue testing.

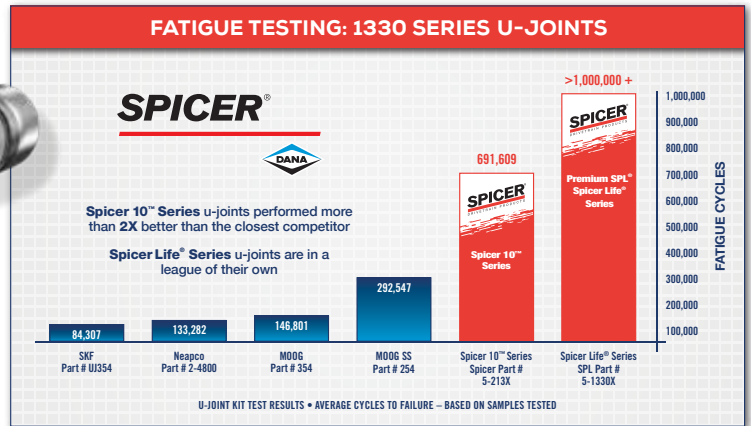

Spicer Life® and 10 Series™ Universal Joints

We Invented the First U-Joint in 1904, and We Still Make the Best.

Ever since Clarence Spicer invented the first universal joint in 1904, the Spicer name has been synonymous with quality and performance. Today, Spicer® u-joints incorporate the latest advancements in design, materials, and manufacturing processes to deliver a consistent, high-quality product that is engineered to meet the specific demands of the application. But don't just take our word for it – see actual test results in the charts below.
