

HARD PAINTED TONNEAU COVER

A Cover That Fits as Good as it Looks

UnderCover Look. Sleek, styled, custom, no matter what you call it, it's undeniably appealing. Designed to be as low profile as possible and still have some contour lines, the UnderCover LUX fits the look of the new trucks better than any other cover on the market. Built out of ABS Composite the LUX meets the high quality demands of today's truck owners. Precision fit, ultra smooth finish, extremely durable, and very lightweight are a few of the key aspects of the LUX, aspects that you will not find with the competition.

Low Profile. The UnderCover LUX has been designed to be a low profile cover and provide a styled look. Styled ribs, soft corners, contour edges, and a subtle spoiler give the UnderCover LUX a custom look.

ABS Composite. All UnderCover bed covers are made from a special blend of ABS Composite. This material will ensure you the highest level of durability and quality of any tonneau on the market.

Enhancing Look. The look of the UnderCover LUX has been designed to enhance the appearance of your truck and to fit like it came straight from the factory. Smooth finish, great looks, make the right choice.

MAKE THE RIGHT CHOICE

On When You Need It, Off When You Don't

Light Weight and Easy to Remove. Want to take your cover off? Weighing in at only 58lbs on most trucks, the UnderCover is the lightest hard-shell tonneau cover in the industry, making it very easy to handle. The UnderCover removes easily in just minutes, without the need for any tools, using the quick release hardware. Reinstall the cover perfectly without any adjustments needed, quickly and easily.

Strong and Durable. The UnderCover ABS Composite material and the X-Effect structure on the underside gives it incredible strength and durability. Enough to easily hold the entire customer service team at UnderCover Inc.

Out of the Way. Every UnderCover comes with wall mount hardware to allow you to store it safely and securely in your garage. Up off the floor and out of the way.

Flexibility. You bought your truck to haul things from time to time, the UnderCover can be removed and stored out of your way when you need your truck to be a truck.

MAKE THE RIGHT CHOICE

A Cover That Fits Your Truck and Your Lifestyle

Weather Tight. With the UnderCover's full perimeter seal and perfect fit, your gear will be protected from all elements - rain, sleet or snow.

Concealed Hinge. The new completely concealed hinge provides a tighter fit to your truck bed and allows for a quick no-tool removal.

Lockable. Secure, versatile and weather-proof twist-lock allows you to open your cover with or without a key. The UnderCover will protect and secure your valuables.

Lighted. The UnderCover L.E.D. light shines bright, makes finding your cargo at night much easier. No wiring required for this 3 L.E.D. light - it has its own battery source.

Precision Fit and Quality Manufacturing

First Class Technology. All UnderCover tonneaus are proudly manufactured in the U.S.A. We use the most technically advanced software, machines and equipment in the industry. We provide you with a cover that fits each truck precisely - no old fashioned guess work here. The team at UnderCover spent countless hours designing a cover that not only fits the truck perfectly but also matches the look of the newer model trucks, has a sleek low profile, and remains hassle free.

Precise Engineering. Our in-house engineers laser scan each truck bed to collect precise data. That information is downloaded to our 3-D CAD software, from which our models are created.

State of the Art Tooling. The smooth, consistent, high quality finish that is present on the UnderCover is a result of our state of the art 5-Axis CNC machining centers.

Quality Production. Each UnderCover is molded over precision machined tools to produce the most consistent, highest quality covers available.

Factory Painted. A brand new, state of the art paint facility was built with the sole purpose of providing the highest quality and best matching paint finish available.

MAKE THE RIGHT CHOICE

The Most Versatile Hard Truck Bed Cover on the Market

Since our first sale in 2001, UnderCover Truck Bed Covers have become the number one selling hard-shell covers in the U.S. Our light-weight, high-quality material, ease of removal, security, weather protection, and the ability to easily store the cover out of the way, give UnderCover an unmistakable advantage over all other tonneau covers.

Now, UnderCover takes it a step further with its new LUX Truck Bed Cover. With over 8000 dealers nationwide, it is fast and easy to get the best hard-shell cover in the U.S. painted to match your truck. The UnderCover LUX can be ordered, delivered and installed in a fraction of the time compared to our competitors. Days rather than weeks. Our technically advanced manufacturing process combined with a custom matched paint process, ensure you will get the highest degree of quality, without sacrificing strength and fit.

The ALL NEW UnderCover LUX will make heads turn with its design, and gasps of "ahh" at all the features of UnderCover. There is no other choice that gives you more, Make the right choice.
